Sir

I have the honor to acknowledge the receipt of your letter of the 19th instant No. 23811 Ref: 249143/245558 enclosing copy of a letter addressed to you by the Local Agent at Edmonton having reference to the sum of $20. which the Agent says was paid into my hands together with an application by Mr Turnbull Allan for inspection of the S. ½ of Sec. 32-53-23 w. 4th M.

In the Agent accuses me of that I dont know. The Application was taken by Mr A. E. Johnston on the 27th June last, the application was handed to me by the Agent on the 30th of the same month together with a certain number of letters which had accumulated during my stay on the South Side.
On the 27th June I was on the South Side in the office there from half past nine in the morning until after four in the afternoon. Being so I could not have had anything to do with that application and the money. This being so I feel justified in refusing to pay this and the department will have to look elsewhere for it.

Dear Sir.

I am surprised that the matter to which your letter refers has not been ultimately settled. I have had some communication with the Dept. at Ottawa respecting this pcl. of land. Such correspondence was necessary as the area was practically out of the Police Reserve & had first to be relinquished from that department & the Government before any further action could be taken. After this had been done. a Patent Fee was accepted & thought all necessary data given for the issue of a certificate of Location, since my letter to the Department of July 27th 1894. in reply to certain data asked for which I imagined was correctly given & satisfactory. I have heard nothing further until your letter of the 25th of May last past. I will however give you the following description as near as possible, from the position of the land. but as it See. 23. or 24. letter from Ottawa. Say 23 & you refer to it as 24. I attach description & adjoining page, & hope it will prove Satisfactory. The Church has actually

a area of 1.63 acres released from Mr Scobies pre-emption who has been using it for a place for Christian Burial for years past.

Yours truly

Pre Sch, 15 20 28 w 4th hm p.

Applied for & was recommended for
patent for his homestead last
Summer & received notice from
Secretary Ottawa in January last
regarding payment for his pre emption
viz "that if in accordance & complying
with the law would be allowed three
years to pay for same without interest
if not interest would be charged."
Mr O'Neil reasons that interest
will be incurred on two years & states
for reasons that, although not living
on his homestead, he is obliged to
remain his family to Calgary on
account of schooling for his
children & his eldest girl, now 13
years old has, owing to his residence
on his homestead & complying with
the duties, been for three years
without schooling.
Has 40 acres of cattle on his
pre emption; also his buildings & home-
hold goods kept on his homestead
all of which he intends to leave
there & go there as often as possible
to look after his stock & make
any improvements necessary. As
finds it impossible to reside there
continuously for the time required
by law & says it would be of no
benefit to him or to his homestead

6

to go there a month, for a purpose
the Residence. He thinks that
no man who has children should
Received sufficient Schooling or when
a School is convenient to his home
should be entitled to any such
Residence to make his homestead
his permanent home & make that
to count within the three years
So those who render the regulation
would not require to pay interest
on their pre-emptions during the
existence of leave allowed by the
Government & make the payment.

Sir,

I beg to acknowledge the receipt of your letter of the 20th ultimo, and in reply to say that upon the information on file it would not look as if you are correctly instructed in connection with your homestead, the north east ¼ of Section 28, Township 11, Range 27, west of the 4th meridian. According to your own statement you have not put in the required six months on your first homestead to entirely the conditions of your entry, but it is represented that you usually went down to your homestead of the evening train and came back to Calgary on the following day or so, after this three or four times during the month, the remainder of the time being spent in Calgary.

I am now to inform you that the grant of Dominion Lands is being suspended to instruct the Dominion Inspector to make a careful enquiry into your case, and when his report comes to hand it will be decided whether cancellation should be recommended on the proceedings which have been taken by you.

The Sub-Agent at Red Deer reports that eight of these settlers have made entry but omits to state what portion, if any, of the deposit receipt has been applied on account of entry fees. He has been asked for this information.

Sir,

I am in receipt of your letter of the 6th inst. No.244152 Ref.244105, and in reply would explain that by your letter of the 2nd August last, No.233251 A. Ref.185714 I was advised that for each of the 11 Scandinavian settlers alluded to therein, a certificate of the Canadian Homestead Settlement Company would be handed me. This was done by their Agent when making entry. Accompanying your letter above referred to was a memorandum (which I now enclose, and which you will please return to me) giving the names of the 11 settlers. By comparing this memorandum with my Returns of the 15th and 31st August, the 8th September, the 8th November and 15th December, all in '92, you will see, provided the Agents at Edmonton and Calgary have faithful transcripts of the Returns forwarded to them, that the fact of $8 for each entry having been deposited with the Receiver General and of a Canada Homestead Settlement Company/ certificate having been handed in to me in each case by the Agent making entry, was duly noted by me in the column of remarks and endorsed on back of Return.

INTERIOR DEPARTMENT,

Sir:-

I am leaving Boston to-night for Montreal to meet some delegates who are going to the North West and will start from Montreal on Saturday. They are from Massachusetts, Rhode Island and Vermont, and I expect some from New York State. I do not think it is necessary for me to go with them to the northwest, as I have all I can do here just now.

There is Mr. Leighton who was the first delegate that went from Massachusetts and took land in Alberta, he has done a great deal of work in locating and taking up homesteads for a good many emigrants, and has had to pay for it. I wish you would instruct the Land Commissioner in Winnipeg to let this Mr. Leighton of Strathcona, Alberta act as land agent for these delegates. As sure as there will be a good many settlers taken, and I think they will be taken in Red Deer District.

This man, I think, is perfectly competent and deserves a great deal of credit for what he has done in promoting emigration. He is a hard worker and a good man. If you like you can speak to Mr. Akerlindh about him, as I think he met him when he was out there with the last delegates. These people will be in Winnipeg on Tuesday Oct. 20.

I have the honor to acknowledge the receipt of your letter dated the 27th ult. No. 325.331 & 306.553 enclosing a statement from Jno Cooke of the Readers a/c with this Office, which is incorrect.

Ref 5714

I beg to enclose Statement of Account as it stands in our Books. I have never received from Red Deer but Agency Certificates as such, but as Cash forming part of the remittance, and which I credited as Cash. On the 2nd Oct. Whatever deficiency there may be it did not occur in this Office our Accounts balance

party, you show in the Remarks Column of the Returns that the fees were paid to the Comm^r Office. This is not strictly correct as with each entry a $1.00 certificate was deposited and is duly forwarded to, and cashed by you, at the Imperial Bank. There were letters of these certificates in all but no mention of them is made in your returns.

The statement which accompanied your letter of 6th instant shows that you have taken credit for the amount of these certificates in connection with the entry fees which were actually paid at the Agency instead of crediting them to the entries of the several members of the Swanson party who deposited them.

I have the honor to acknowledge receipt of your letter of the 15th inst in relation to "discrepancy on the last of June 92 "with Red Deer returns."

Permit me to say whatever discrepancy there may be, it did not occur in my office.

All Certificates from Red Deer were remitted me as Cash, and received them as such. They formed a portion of the Entry fee of $10. viz $9 Cash & Certificate for $1. thus making $10. in no instance were they but independant. So whatever discrepancy there may be, the Red Deer office will have to explain.

To the Commissioner re: Volunteer Scrip of 1885.

Sir:

I hereby call your attention to my claims for services rendered in connection with the suppression of the North-west rebellion of 1885.

The government granted me scrip — which I put on a quarter section of land beside the homestead I entered for there.

I lived there three years but failed to succeed in raising crops. Three successive crop

have given up claim to military scrip there only for the promise which has not been kept.

On writing again they said they did not see why I should have had any difficulty about getting the transfer.

On sending down entry papers they neither attended to the matter nor returned the entry papers.

Speaking to Mr. Coleman Homestead Inspector for this district he said he could not see that I was entitled to my claim.

Kindly look into the

failed completely, so on application to the government they gave me leave to locate both homestead and military land warrant to another district.

But on arrival here and sending word to cancel the claims there at Battleford and to reinstate me here they cancelled the claims there but only sent land warrant for homestead, and said that if I had drawn and put my scrip on land there that it could not be transferred. If that was so why did they not say so before I left there — I would not

Department of the Interior,

LAND PATENTS BRANCH.

G.R.

Ref. 307191.

Ottawa, *191*

23rd January, 4.

MEMORANDUM:-

I beg to return your Ref. No. 11966, and to report that William James Cinnamon, who served in the Battleford Home Guard in 1885, located his Land Warrant on the S.½ of Section 4, Township 47, Range 20, West of the 3rd Meridian, which he was subsequently allowed to abandon, with permission to make another entry under the Land Warrant, upon payment of the proper fees. He was advised to this effect on the 1st June, 1896, and again on the 15th September, 1900.

Mr. Cinnamon not having availed himself of the privilege granted to him, now desires to do so, and I see no objection to his request being complied with. I think, however, that as was done in a similar case recently, a time limit of say 90 days, should be set within which the privilege must be exercised.

The practice of the Department in such cases is for the applicant to notify the Department of the land he desires to acquire, and the Agent of the district in which the land is situated is advised to grant the entry. No fees are charged in connection with such entries.

Respectfully submitted,

Controller.

W. W. Cory, Esq., C.M.G.,

Deputy Minister of the Interior.

JKC.

January 29th, 1914.

Memorandum:

307191.

Mr. H. . Cote:

Kindly note that Mr. William James Cinnamon, who served in the Battleford Home Guard in 1885, may be permitted to relocate his land warrant which he formerly located on the South ½ of section 4, township 47, range 20 West of the 3rd Meridian, but abandoned, under the usual conditions; that is, he will be given ninety days within which to exercise this privilege according to the practice of the Department in similar cases.

Deputy Minister.

Kindly note that Mr. Cinnamon may be given an extension of time within which to locate his abandoned land warrant entry for a further period of 60 days as Mr. Cinnamon has experienced great difficulty in finding a suitable location during the winter season.

Mr. Hume.

S.W.¼ 6-65-13-W. 4th M.
S.E.¼ 1-65-14-W. 4th M.
Scrip Location of Wm. James Cinnamon.
Entry granted July 1914.

Apparently there is other correspondence on this case in the Deputy Minister' office. Instructions from that office issued on the 9th August last were that the usual Departmental action might be taken in this case, but that before final action was taken a report should be submitted.

The entrant in his defence of the 22nd ultimo claimed nothing whatever in the way of residence, cultivation or other improvements other than timber on the ground for the erection of a house and that he let a contract for 25 acres of breaking last summer, some of which may be broken. In answer to question No. 17 he set out:

> "I considered that during the war I
> "was of more value to my country by
> "producing farm produce on my farm here
> "than by proving up there. Also my wife
> "had two serious operations for cancer
> "and I was not able to leave her to go out
> "onto the land. I, myself, have been under
> "Dr.'s care nearly all summer for after
> "effects of Flu. I agree to have a house
> "build on the land and to have at least one
> "quarter fenced. by July 1, 1921.
> "I am enclosing copy of letter received
> "from Ottawa."

Mr. John and Morris Vietto, who apparently both filed applications to cancel, wrote under date the 6th instant in part as follows:

> "In the ordinary circumstances, we
> "would consider the request of a period of
> "grace on the part of the entrant as
> "perfectly right; but we have reasons to
> "believe that he does not really intend to
> "live up to the conditions established by
> "the law. We have visited the land in
> "question last summer, and positively

-know-

"know that the entrant has not done any
"improvements upon his land and is not
"residing on it. From the information we
"were able to gather, we are satisfied that
"the entrant has no intention whatever to
"perform his duties as homesteader. In
"our opinion, his request for a period of
"grace has only been made with the purpose
"of rendering our application for cancel-
"lation null and void; after which we
"strongly suspect that he will try to
"turn over the land to some other party,
"either by requesting him to perform in
"his stead the required cultivation duties
"or by letting him to go through the
"cancellation proceedings.

"We are supported in this opinion
"by the information received and especially
"by the past record of the entrant, who
"has not performed any of his duties."

I assume that a final extension of time until the 1st April next is to be granted.

C. Vlangali

COMMISSIONER

MEMORANDUM.

Mr. Rowe:

S.W. ¼ 6-55-13-W.4th M.
S.E. ¼ 1-55-14-W.4th M.
South Africa Land Grant.
William J. Cinnamon.
Date of entry July 1914.

The entrant is a man of sixty-five years of age and both he and his wife are in poor health and Mr. Cinnamon now asks to be relieved of residence duties in connection with his entry. The entrant has been granted extensions of time on different occasions and nothing would appear to have been done in the way of residence duties and improvements until last autumn.

In accordance with the Deputy Minister's instructions in memorandum of the 9th August, 1921, cancellation proceedings were taken against the entry but cancelation is not to be finally carried out without a report submitted to the Deputy Minister's office.

Cancelation proceedings were taken on the 20th September, 1921. The defence filed did not show any action to have been done and a decision was given on memorandum of the 24th December, 1921, to allow the entrant a final thirty days to satisfy the Department as to both residence and cultivation, also a house.

The entrant owns 160 acres and is carrying on farming operations in connection therewith. The land is situated at Whitewood about 150 miles from his homestead.

Apparently faced with the issue of the cancellation of his entry Mr. Cinnamon proceeded to the land in the month of July, 1921, erected a log house, value $ .00, one stable frame, value $125.00, and broke 3 acres and cropped it.

The Inverness Inspector in his report of the 21st March last states there are no improvements on the South East quarter of Section 1 and that the land is brushy, stony and of little use for cultivation purposes but would make good pasture land.

-Two-

The improvements are on the South West quarter of Section 6 in connection with which the Homestead Inspector makes the following remarks:-

"This land is heavy, fairly stony.
"There is approximately [illegible] acres that
"can be cultivated at an approximate cost
"of $[illegible] per acre."

Mr. Cinnamon wrote the Department on the 17th October last, stating he had been in residence on the land for a few days in the month of July and in support of his statement to be relieved of residence duties submitted the following medical certificate:-

"This is to certify that Mr. William
"Cinnamon and his wife, Mrs. [illegible] Cinnamon,
"have been under my care medically for a
"number of years past.

"They both are in such a precarious
"condition of health as to make it impossible
"for them to go any great distance from
"medical help. Mrs. Cinnamon especially
"having undergone two very serious operations."

In his report of the 21st ult. Mr. Homestead Inspector Irwin makes the following remarks regarding the [illegible] condition:-

"The settler [illegible] is a man of sixty-five
"years of age, and I [illegible] lives
"at Whitford, Alta. [illegible] here for
"that [illegible] from [illegible] approximately 15 acres.
"He also owns [illegible] acres of [illegible]
"this farm. [illegible] wife, who is in poor
"health and together are the only [illegible]
"farm. [illegible] here for [illegible]
"years, he finds it impossible after the sir-
"[illegible] to reach any railway [illegible]
"this early land. This land is situated [illegible]
"[illegible] miles from the farm at Whitford,
"I would suggest that [illegible] under
"circumstances [illegible] be
"[illegible] for [illegible] to be used for
"[illegible] the S.W. [illegible]-14. [illegible] 1. [illegible]-14
"is not [illegible] [illegible]. I would
"suggest that [illegible] quarter
"in lieu of [illegible]. If [illegible]
"are allowed to [illegible] there
"land, this [illegible] be very [illegible]
"used in this [illegible] be unfortunate."

Mr. Cinnamon [illegible] in a letter of the 17th October last that he had suffered from heart trouble and [illegible] from his remarks is not capable of manual labour and, therefore, he is probably just supervising farming operations in connection with the land at Whitford and the question to be decided is whether he should be called upon to perform his residence duties as re-

-required-

required by the regulations or if an appeal might be made to Council for relief of the same.

It is observed this entry was transferred from the South West quarter of Section 4, Township 47, Range 2, West of the 3rd Meridian, in connection with which the entrant performed [illegible] duties. (See statement dated the [illegible]th April, 1895, marked). The entrant has sufficient breaking but only cultivation in one year, therefore, he will require to perform further cultivation in two years to comply with the terms of his entry in this regard.

Entrant took up first under his Bounty Warrant (he being the original volunteer, and not a substitute) the S½. 4. 47. 20. W. 3. but has to give up this land owing to failure of crops, and absence of water. Lived on the land for ~~two~~ two years from 12th July 1892.

Sir,

S.E.¼ 1-65-14-W.4th M.
Bounty Land Grant.

Referring to your letter of the 17th October last, enclosing a medical certificate in support of your application to be relieved of residence duties under Sub-section 2 of Section 20 of the Dominion Lands Act, I beg to inform you of the receipt of a Homestead Inspector's report setting forth that you have erected a log house and one mile of fence on the South West quarter of Section 6, Township 65, Range 13, West of the 4th Meridian, and broke thirty acres and placed fifteen under crop during last season.

It is observed you are the original grantee and located your South African Scrip on the South half of Section 4, Township 47, Range 20, West of the 3rd Meridian, and subsequently your entry was transferred to its present location.

In connection with the original entry it is noted you secured the same on the 2nd July, 1892, and performed two years' continuous residence from the 12th. of the same month and after submission of your case and careful consideration of all the circumstances in connection therewith it has been decided to credit you with two terms of residence performed on the original location in connection with your present entry, provided you will furnish satisfactory evidence that you have performed a further period of six months' residence and completed the required cultivation duties in connection with your entry. Cancellation proceedings are outstanding and I am to request you to inform the Department within the next thirty days what settlement duties you have performed during the current season and what your intentions are with regard to completing the required duties to entitle you to patent for the land.

Your obedient servant,

Assistant Secretary.

Dear Sir

In reply to your letter of June 22 [illegible] re S.E. ¼ 1 [illegible] W 4th M. Bounty [illegible] Grant, I beg to say that I only received this letter on July 7 1922 as I [illegible] absent to Ingraw Alta and have been for eight days, and otherwise delayed so that it was impossible to get from the car to the [illegible] earlier than [illegible]

In connection with the entry [illegible] S.E. ¼ 1-65-14 W 4th M. during the current year, I have made arrangements to have thirty acres put in crop this year.

Regarding the [illegible] residence, I have not been able to give the matter much attention. My Dr says it is not safe for me to be away from medical attendance. I have heart trouble and high blood pressure and can do nothing [illegible]

The post distance between my [illegible] S.20 T.56 R.15 W 4th M. and my South African Scrip location at S.1 T.65. R.14. W 4th M. makes it very hard for me to reach the land, as I have a farm, cattle and horses to attend to

here and can alone to care for me having only my wife who is an invalid, and one daughter to help me. must almost entirely do hired help

If it is absolutely necessary I will try to make arrangements to reside on the land. I cannot afford to lose the improvement already put on the land, but would like a few years extension if at all possible

Please let me know as soon as possible as to what arrangement can be made.

Sir,

Re S.W.¼ 6-65-13, W.4th M.
S.E.¼ 1-65-14, W.4th M.
Military Bounty Homestead.

I am to acknowledge your letter of the 10th instant, informing the Department of the difficulty which you will experience in meeting the requirement of six months' residence in connection with your Military homestead above mentioned.

I may say in this connection that in allowing you credit for residence duties performed on the S.½ of Section 4, Township 47, Range 20, West 3rd Meridian, formerly held by you under entry as a Military Bounty homestead, a concession has been granted, and under these circumstances, you cannot be relieved of the performance of the duties required, namely, six months' residence.

However, in order to enable you to complete arrangements to leave your farm on Section 20, Township 56, Range 15, West 4th Meridian, the cancellation proceedings pending against your Military homestead will be held in abeyance until the 1st of November next, on or before which date it will be necessary for you to satisfy the Agent of Dominion Lands at Edmonton that you are in actual residence thereon in a habitable dwelling house. Residence may be performed on whichever one of the quarter-sections is suitable, presumably the S.W.¼ of Section 6, on which you now have a log house erected valued by a Homestead Inspector at $300.00.

Kindly note that in previous correspondence this half-section has been referred to as your South African Land Grant. This misnomer, although not important, is regretted. You hold entry for this land under and by virtue of Military Bounty Land Warrant No.1287 issued in your favour under the provisions of the Act 48-49 Vic. Cap.73 as amended by the Act 54-55 Vic. Cap.13, for services rendered with the Battleford Home Guard during the Rebellion of 1885.

Dear Sir:

The Service would appreciate learning whether or not one THOMAS ALEXANDER LAVOIE, alleged born in Massachusetts, ever resided in Canada. It is our understanding that he worked in St. Boniface as a government clerk prior to 1910 and later went to Edmonton where he worked in a hotel and later to St. Paul, Alberta where he operated his own hotel until his death in 1930. He was married to one SADIE CAPTION who was allegedly born in Michigan, U.S.A.

With reference to your letter of January 17th, regarding the above noted person, I regret to inform you that this Department is unable to assist you to any extent.

The only reference to the subject in our records is when he made application for homestead entry on July 10th, 1903, only to abandon this entry on September 8th, 1910. He did not to our knowledge file a new entry.

Yours very truly,

I am directed to acknowledge the receipt of your letter of the 10th ~~ultimo~~ with respect to the issue of the patents for the half-acre in the North-East quarter of Section 28, Township 21, Range 29, West of the 4th Meridian, purchased by the Trustees of the Melrose School District as a School Site, and to inform you, that the reason that the patent in this case has not issued is, that the file of papers relating to it has unfortunately been mislaid, and though diligent search has on several times been made, it cannot at present be found.

by the Trustees of the parcel in question, and it is impossible to issue patent without it. I am therefore to request, that if you have a copy of such description, you will be good enough to forward it here, and on receipt of it, patent will immediately issue.

If, however, a copy has not been retained the Department will bear any expense that may be incurred in having a new description made by a surveyor.

In conclusion, I am to express His Minister's regret that this delay should have occurred owing to the loss of the papers.

Memorandum to Mr. [illegible], 28th March, 1902.

There is a case of a missing file, No. 337,376, which delays the issue of patent for a school site to the Trustees of the Grose Scool District. Mr. Pereira has submitted the annexed draft of a letter to E. A. Ingram, the Secretary of the Board of Trustees, but I am holding it back to see if file 337376 cannot be found. It is very humiliating to have to admit to strangers, the fact that a file of papers has been mislaid, and I therefore beg to recommend that you order a thorough search to be made for the papers. I never knew that it is possible for a file of papers to be irremovably lost.

[illegible]

Surveyor.

Let search must be continued & if not found a report be made. Cases of this kind are becoming of frequent occurrence, & we do calculate & to discredit the Department, that some remedy must be found.

DECLARATION OF JAMES TOUGH

BECK, KENNY & MAVELL.

CANADA,
PROVINCE OF ALBERTA,
TO WIT:

I, James Tough of the District of Alberta near Edmonton in the Province of Alberta, Farmer, do solemnly declare:

1. That I am well acquainted with that portion of the South West quarter of Section 16, Township 53, Range 25, West of the Fourth Meridian, containing 45 and 10/100 acres, more or less, shown on the Township plan as covered by the waters of Lake Kinokamau.

2. That up to the present time the waters of the said lake have so far receded that there are covered now by the waters thereof only about 10 acres of the said 45 and 10/100 acres.

3. That a petition largely signed by the owners of property in that locality is being presented to the government of the Province of Alberta asking for the construction of a drain in the said locality, which will have the effect of entirely draining the waters of the said lake, and I am led to believe by statements of provincial government officials and do believe that the said petition will be granted and that very shortly the whole of the said 45 and 10/100 acres will be drained.

And I make this solemn declaration, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

DECLARED before me at Edmonton in the Province of Alberta this 23rd day of March 1906.

Dear Sir,

Re part of Sw of 10-57-25, W 4.

On March 14, 1910, Messrs. Robert Smith and _____ Tuff made application to purchase forty-five acres in the above named quarter section, which has been covered by the waters of Loon Lake.

These parties state that there was a provision made by your Department by which they were not to be liable for any land taxes in respect to lands in the nature of Loon Lake.

We have searched the files at the Dominion Lands Office here, and have been unable to verify this.

We would ask you to kindly advise us what provisions, if any, were made in respect to payment of ordinary taxes on the above mentioned land.

Dear Sir :- re Fractional pml - 16 - 43 - 25 W4th, purchased by Robert Smith and James Tough, your #311091.

We have your favor of the 22nd instant. Apparently we did not make ourselves quite clear in our former letter.

A considerable portion of the land in the vicinity and West of this quarter section is lower and at certain seasons of the year is covered by water. The majority of the owners of this land have petitioned the Provincial Government to construct a drain, and the Government has caused its engineers to survey and submit a report of the proposed ditch which will necessarily drain Long Lake, which covers a portion of the above described quarter section. It seems that Mr. Robert Smith one of the purchasers of the portion of the above described quarter section which had at one time been covered by the with waters of Long Lake, is opposing the proposed drain on the ground that it would cause Long Lake to be drained. We understand that at the time this fractional quarter section was purchased from the Dominion Government by Mr. Smith and Mr. Tough it was sold to them by the Government on the condition that they would offer no objection to any drain which would have the effect of draining Long Lake, or in other words, by the purchasing of this land adjoining this lake or the lands ~~around~~ which the waters of Long Lake ~~in case~~ exceed the purchasers forfeit any right to oppose the draining of it.

We should be pleased if you would advise us in the premises.

Gentlemen:-

I am directed to acknowledge receipt of your letter of the 31st ult., in regard to a portion of the southeast quarter of section 16, township 53, range 15, west 4th meridian, which was at one time covered by water, purchased by R. Smith and James Tough in connection with which you ask whether it was sold by the Dominion Government on the condition that the purchasers would offer no objection to any drain which would drain same. In reply I beg to say that there were no special provisions in the letters patent issued relative to this matter, but before it was decided to sell the portion of the quarter section covered by water the purchasers submitted a statutory declaration to the effect that the water in the lake had so far receeded that only ten acres of the 47.10 acres originally covered by water were now submerged, and that a petition largely signed by the owners of property in that locality was being presented to the Government of the Province of Alberta asking for the construction of a drain in the

said locality which would have the effect of entirely draining the water in the lake, that if completed the petition would be granted and that the whole of the 45.10 acres would be drained. The name of the lake is given as Kinokamau but probably is the same which you designated as Long Lake.

Sir,

Referring to my telegram to you of to-day's date, which reads as follows: South-west quarter ten, twenty-three, twenty-nine, west fourth, patented to Charles A. Sparrow as part of military homestead, and to your letter of the 15th December last, file 7744, I am directed to say that your letter of the 5th September last and the subsequent correspondence respecting the said quarter-section were written in ignorance of the fact that a patent for the land had been issued to Mr. Sparrow, who originally entered for the quarter-section in question as a pre-emption, but whose homestead and pre-emption entries were afterwards converted into a military homestead (No.) of said section, a patent for which was issued in his favour on the 23rd September, 1907. You evidently omitted at the time to make the necessary change in your books, as, according to the correspondence initiated by you in the matter, the said S. W. ¼ would appear to be still standing as Mr. Sparrow's pre-emption. In this connection, please refer to your office letter of the 7th September, 1903, Def. 2141, enclosing Mr. Sparrow's military bounty land warrant, together with applications for the refund of the entry fees, and to the Departmental letter of the 1st October of the same year, 1.7446, enclosing refund cheques to the applicants whose homestead and pre-emption entries had been converted into military homesteads. Please make the necessary correction in your records, and notify Mr. Sparrow of the position of the case.

CROWN TIMBER OFFICE,

Calgary. 12th Feb., 1900. *189*

Sir;

With reference to your communication of the 3rd instant, File 311354, regarding the Military Homestead of Mr. Chas. E. Sparrow, covering the West half of 10 - 23 - 29, west of the 4th, I have the honour to inform you that originally an entry was made by Mr. Sparrow for a Homestead and Pre-emption, the N.W.1/4, Homestead, the S.W.1/4, Pre-emption, and I cannot see anything on file to show that it was ever changed to a Military Homestead. According to a communication dated 11th Dec., 1890, Commissioner's Ref, 56348, to Mr. Sparrow, the land is referred to as the West half and also in the Commissioner's letter dated 7th Sept., 1892, same Reference, to the Agent of Dominion Lands, Calgary, Mr. Sparrow's application for patent for the West half is referred to, but in the copy of the Certificate of Recommendation filed here the land referred to is - application for Military Homestead patent for the N.W. 1/4 of 10.

It will therefore be easily understood how the mistake occurred. I have this day marked the land off as a Military Homestead of Mr. Sparrow in the Township Register but will await further instructions from Head Office before notifying the Gentleman that an error was made.

In reply to your letter of the 9th instant applying on behalf of "the Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada" for a patent for one acre at the South East corner of Section 4 Township 54 Range 22 West of the 4th Meridian, I have the honour to inform you that the Reverend David Arnot of Clover Bar was advised on the 5th ultimo that if the one acre was desired as a free grant for Mission purposes it would be necessary in accordance with the practice of the Department with respect to such grants to file here a statutory declaration that the land is desired for Church purposes solely, and is to be for a Church, church School or Manse, or for Site or cemetery purposes,

and that the application must be endorsed by the governing body of the Church

If the Board prefer to do so they can of course purchase the acre at the rate per acre charged for the rest of the quarter-section namely £2.00 /-

Memorandum:-

By letter of the 4th January, 1893, on File 31771, the Comptroller of the North-West Mounted Police recommended that sections 5 and 6 in township 17, range 27, west 3rd meridian, or such portions thereof as did not form part of the Onion Lake Indian Reserve, be reserved for Police purposes until an examination of the locality had been made in order to define the limits of the area actually required.

The land above referred to was accordingly temporarily reserved.

The Comptroller of the R.N.W.Mounted Police under date the 1st ultimo, advises the Department that the Police buildings are on the N.E. of section 4, township 17, range 1, west 4th meridian, and intimates that if that quarter section is reserved for police purposes no other land will be required for that purpose at Onion Lake.

The quarter section last referred to is available according to the records of the Department and there appears to be no objection to its being set aside for police purposes, but such reservation will have to be authorised by Order in Council.

The reservation of the lands previously applied for should be removed if present application is approved.

Respectfully submitted.

Sir:-

Re N.W. 1/4 2-55-1-[illegible],4th M.

I beg to acknowledge the receipt of your letter of the 14th of November last in which you state that Commissioner Perry recommended that this quarter section be released as it was no longer required for police purposes, and that you wish to have the same reserved for you as a homestead instead of the south west quarter of section 8 in the same township.

In this connection I beg to say that this Department has not been advised by the Comptroller of the Royal North West Mounted Police that the land is no longer required by the Department and in any event, if it is revested in the Department of the Interior it could only be disposed of in the usual manner under the terms of the Dominion Lands Act after having been posted for a period of ten days.

I may add that your homestead entry for the South west quarter of section 8 in this township has been cancelled.

Sir,

On the 1st October last I made you a report, in regard to the Royal North West Mounted Police reserve, under the provisions of Sec. 55 1-2 4th Section, Dominion Lands Act, of which I am a member, & the Royal North West Mounted Police, I had written to the Commissioner of the Force, in question, & have been recommended for discharge, & to take up a Homestead. I have since been informed that the land has been selected by me, & I am a member of the above mentioned force for the past 23½ years and I will have completed my pension, and am entitled to receive my discharge from the Force on receiving my Homestead patent & to abandon my claim. I will be able to give sufficient time for the Commissioner, and as I am not in possession of the land, I would like to have my discharge before I leave the Police reserve. In the past 3½ years prior to selecting my Homestead, my duties have been of a confidential character & I have not had the opportunity of residing on the land, but have abandoned my former Homestead which was located on the S.W. ¼ Sec. 18 Twp. 55 Rge. 10 West 4th Mer. & to take up another Homestead. I trust your Dept. will take this into consideration.

The following statement has further light on the case. He was killed in the 1885 rebellion while serving in the N.W.M.P. the Police force. Deceased was one of the first members of the Force, and was one of the first to enlist in the Force. He was one of the first to be discharged from the Force. For the past 23½ years I have been a member of the Force. For past 3 years, Hoping you will grant this.

Memorandum.

Mr. Hume.

N.E. ¼ of 2-55-1-W. 4th M.

The Timber and Grazing Branch reports the receipt of a letter of protest from Mr. Wm. H. Burke. The Agent of Dominion Lands at Edmonton refused to grant Mr. Burke a permit to cut hay on the above described quarter section, because the land was reserved for use by the Northwest Mounted Police. It would appear that Mr. Burke who was at one time connected with the Northwest Mounted Police, had information that the reservation had been cancelled and therefore he considered that he should have secured permission to cut hay on the land. Mr. Burke's letter of protest is dated the 15th of July, 1918.

The reservation of the above land for the purposes of the Royal Northwest Mounted Police was withdrawn by an Order in Council, dated the 12th of January, 1918. Advice was received from Mr. Dunne on the 12th of February 1918, that the Order in Council authorizing the withdrawal of the said land had been published for the fourth time in the Canada Gazette of the 9th idem.

A Homestead Inspector was detailed to investigate the claims of an alleged squatter on the land, W. H. Burke, Ex. Sergeant of the Northwest Mounted Police. The Inspector's report was submitted on the 17th ultimo and it was decided that Mr. Burke had no claim whatever to the land. The Agent was notified on the 22nd idem to post the land in accordance with the regulations and to advise Mr. Burke of the date upon which it would become available to the first applicant therefor. The land is not situated within fifteen miles of a railway and therefore is not required for Soldier Settlement purposes.

One point that was not brought out previous memoranda is that certain buildings had been erected on the land by the Northwest Mounted Police. The Secretary of the Union

-Lake-

Lake School District, has been negotiated for the purchase of the said buildings and as the Inspector makes no reference to buildings of any kind in his report of the 29th of ..ay last, it may be assumed that the buildings have been removed.

In view of the instructions to the agent to post the land I presume the Patents Branch should be asked to alter their records which show the land still reserved.

I presume that the Timber and Grazing Branch should, in reply to their memorandum of the 17th instant, be advised of the action taken to make the land available for settlement.

A "settler" as defined by the Soldier Settlement Act, eligible to make entry who holds an adjoining quarter-section under homestead or soldier entry, or who obtained homestead patent for such quarter-section and is still the owner thereof, or who was a squatter before survey on such quarter-section, may apply for entry on the morning of the 2nd Sept. 1918

Any person who is not a "settler" as defined by the Soldier Settlement Act, 1917, desiring to enter for a homestead must visit the land personally before making an application for entry, as he will be required to swear when making application, and should, at the same time, carefully examine and estimate the improvements, if any.

The application for entry must be made either at this office or at the office of the Sub-Agent of Dominion Lands at Frog Lake, Alta. nearest the land in question.

The entry fee of $10 on each quarter-section must be paid in cash or by money order at the time application for entry is made, and is returned only in the event of the application being refused, or in the event of the applicant dying before receiving patent, or in the event of the applicant being unable to complete his entry by reason of his being called for active service.

PAYMENT FOR IMPROVEMENTS.

Before a person can obtain entry for a homestead he must pay to the Agent or Sub-Agent *the full amount of his valuation* of such improvements as may be on the land, and his entry shall be liable to cancellation.

In the event of uncertainty as to the correctness of the Agent's valuation, or if the value of the improvements is placed at over $2,500.00, the Agent shall cause such improvements to be examined and valued by a Homestead Inspector. If it appears that too much has been paid, the excess amount may be refunded. If insufficient has been paid the amount must be made up, otherwise the entry may be cancelled.

INTERIOR.

I beg to inform you that the above land was posted open for Soldiers as a grant on the 2nd of September, to returned soldiers on the 3rd. and to the general public on the 4th September last. As the 3rd fell on a Holiday the land became available to the general public on the 4th of September. On the 1st of October I received the following message from our Winnipeg office, viz:

"North east two thirty five one fourth five NW. by W. H. Wylie arrived [illegible] application twenty eighth August also soldier [illegible] application twenty eighth [illegible] instant. Local agent."

To this message I replied:

"[illegible] entry North West two thirty-five [illegible] Local agent Dauphin mention of two fifth receipt only cash for general public. [illegible] fourth for obtaining will pay to file only."

On the 4th inst., Mrs. J. S. Wylie, Dauphin, Manitoba, wired from Vermilion wrote in care office as follows:

"I [illegible] to apply that in event John Selkirk has [illegible] for certificate to be sent to Edmonton."

and enclosed [illegible] Selkirk's application for entry for said land. In the same mail I received the following telegram from Mr. John Selkirk, dated at Vermilion:

"I wish to file on N E 1-[illegible]-25 - 1-4 returned veteran overseas service [illegible] Selkirk Vermilion 4th discharged aug 14th 1918. 1.8 butt wire.

John Selkirk."

To this letter-gram I made the following reply.

The Secretary,
Department of the Interior,
Ottawa.

4091736
4091738

"Your night letter fourth instant received today Unsigned application for North East Two Fifty-five One West Fourth made before Sub-Agent fourth instant also received today. Advice of another application from Frog Lake also received today. Case will be submitted to Head Office. Returning your application to Sub-Agent for signature."

On the 5th inst., I received the following wire from the Sub-Agent at Frog Lake:

"North east two fifty five one fourth filed W. S. Burke time nine AM confirm.

J. McGowan."

To this telegram I replied as follows:

"Cannot confirm Burke application North East two; fifty-five; one; fourth but send application and All papers by first mail. Other applicant."

On the 5th inst., I wrote to Mrs. Mace, Entry Sub-Agent at Vermilion, as follows:

"I beg to return herewith, Application for Entry made before you by Mr. John Selkirk, for the N.E.-¼-2-55-17.4th Mer., You will notice that his application has not been signed, nor has the affidavit.

As there was no money enclosed with this application am I to understand that this application was made for a Soldier Grant? For that purpose I am enclosing you a form which you should use. I am also enclosing a sample copy showing how these applications should be taken.

I may state that Mr. Selkirk was wired today in connection with this. When application is completed kindly have it returned by first mail.

I am returning the first application made by Mr. Selkirk, which have him sign and return along with the one on proper form."

On the 7th inst., I received the original application made by Selkirk, duly signed, along with a fresh application for entry from this man as a Soldier Grant. These applications are enclosed for your consideration. On the 13th inst., I also received Mr. Burke's application for entry from the Sub-Agent at Frog Lake, which is also enclosed. Up to the present time I have not received evidence from Mr. Selkirk as to his eligibility, although I do not doubt that he is eligible to take this land as a grant.

In view of these conflicting applications, I would

be obliged if you would advise me to whom entry should be granted. In the case of Mr. Selkirk the application was irregular, or was not in order when received, but that was merely the fault of the Sub-Agent in not seeing that the application was properly executed before it left her office. There is also the question as to eligibility of Mr. Selkirk to be established.

COMMISSIONER

Edmonton, 4th October, 1918.

Memorandum.

Mr. Fuhr.

N.E.¼ 2-56-1-W. 4th M.

The Agent of Dominion Lands, Edmonton has submitted to the Department two applications for entry received and requests to be instructed which application to accept.

The land was posted on the 22nd of August as becoming available for entry by certain applicants on the dates set hereunder:-

1. A "settler" as defined by the Soldier Settlement Act, eligible to make entry who holds an adjoining quarter-section under homestead or soldier entry, or who obtained ~~to~~ patent for such quarter-section and is still the owner thereof, or who was a squatter before survey on such quarter-section, may apply for entry on the morning of the 2nd September, 1918.

2. Returned soldiers who have served overseas and who produce,
(a) evidence of honourable discharge,
(b) if not discharged, evidence of being incapacitated and of honourable military record, may apply for entry at the office of the Agent (not Sub-Agent) on the morning of the 3rd Sept., 1918.

3. General public, including civilians, men on active service and returned soldiers, may apply on the morning of the 4th Sept. 1918 at the office of the Agent or Sub-Agent for the district.

The 2nd being a holiday these dates were advanced by one day in order to properly establish priorities, therefore, those entitled to make entry under paragraph 1, had the whole of the 3rd to apply; under paragraph 2, the whole of the 4th; and those mentioned under paragraph 3, could not apply until the 5th.

On the 3rd the Sub-Agent at Prog. Lake wired the Agent at Edmonton of having accepted an application for entry from W. H. [illegible], but not being a

soldier

There is no record in Dept of the necessary information having been received by Sub-Agent

soldier could not apply until the 5th, the Agent replied to the Sub-Agent's message to this effect.

On the 11th the Acting Sub-Agent at Vermilion wrote to the Agent enclosing an application from John Selkirk for entry stating that the applicant had wired to Ottawa for certificate to be sent to Edmonton, the application being received by the Agent on the 14th, 9-11 a.m.; also on the 14th Mr. Selkirk wired the Agent stating he was discharged August 13th, 1919, having been a member of the 13th Battalion, this telegram was received on the 14th.

This application received from the Acting Sub-Agent at Vermilion was not complete and was returned by the Agent for proper action, pointing out at the same time that, while the application was made on the ordinary form of homestead entry, it apparently was the desire of the applicant to take the land as a Soldier Grant, no fee having accompanied the application.

On the 5th J. J. Burke again appeared before the Sub-Agent at Frog Lake making application for homestead entry which application was wired to the Agent. The Agent replied that he could not confirm Burke's application as there was another applicant out requesting that the papers be forwarded by first mail.

I presume from the reading by the Agent of this wire he has in possession of Selkirk's application

Selkirk appeared before the Sub-Agent at Vermilion on the 6th and completed application for entry in the proper manner for a Soldier Grant.

The Sub-Agent at Vermilion acted in accordance with the posting notice of the 15th of August and the fault that the application was not taken properly rests with the official of the office at Edmonton in not observing that one of the dates establishing priority fell on a holiday and not allowing for same.

In view of the fact that Burke was told he could not apply until the 5th, the only remedy I see would be to instruct the Agent to re-post the land setting aside the applications which have now been submitted. It would hardly be fair to grant either of the applicants an entry and as the land is not Soldier Settlement land Burke has as much right to consideration as Selkirk.

The

The Agent, if the foregoing action is taken, should be instructed to communicate with both Burke and Selkirk say five days in advance of the posting taking place advising them that the land will be posted on a certain date and that they will be able to exercise their right to entry on the date which will be inserted in paragraph 3 of the posting notice, this date he might advise them of.

J. Stevens

This land is in the Frog Lake Sub-Agency

Burke's second application on the morning of the 5th would appear to be in order, except for the fact that the Agent had previously received an unsigned and unsworn application, through another Sub-Agent, from Selkirk.

It appears evident to me that Selkirk's completed application was not received until after Burke's, [application of the 5th] had come to hand.

The point is: Was Selkirk's uncompleted application sufficient to hold the land for him?

Replying to your communication of the 25th ultimo, file No. 163985, I beg to inform you that after carefully considering the evidence submitted, it has been decided that the application of W.H. Burke may be accepted, provided the same is in order.

From the information received from you it would appear that the application of John Selkirk when received at your Agency was not in proper form as no evidence accompanied the application to establish the eligibility of the applicant to consideration as a "settler" under the Soldier Settlement Act.

The applications submitted with your communication of the 25th ultimo are herewith returned for further action.

On the 18th ultimo, you were instructed to accept the application of Mr. W. H. Burkes, for entry for this quarter-section, provided the application was in order.

The Royal North West Mounted Police have been communicated with by F. A. Camp, Secretary Treasurer of the Onion Lake School, District No. 3503, Alberta, with reference to barracks which were erected upon this land during the occupancy of the police force.

According to Homestead Inspector Horne's report of the 29th May last, there would appear to be no improvements upon this quarter-section but you might ask him to supplement his report in this regard by stating if the improvements referred to by Mr. Camp were removed by the School District officials.

The Commissioner,
R.N.W.M.Police,
Regina, Sask.

Dear Sir:-

I wish to bring the following subject to your notice Re the R.N.W.M.Police Barracks at Onion Lake, of which the Onion Lake School Trustees have been trying to make arrangements to purchase from the Police Department for School purposes. Lately I have gone over the survey lines and find that the Barracks is on my land, but not the stable, the latter being on School Section 11 .55.1 West 4th Mer; As I am the owner now of the land previously Reserved for Police purposes, and of which you were so kind in having released on my request to you that I wanted to get it as a homestead; As this building is on my land, I have notified the Trustees that if they purchase same that I will not allow them to move the building off my land as this was their lookout when they made arrangements to purchase the buildings as they thought the buildings were on School Land; the stable is the only building on School Land and therefore I make you an offer of $250 for the Barrack buildings and it will remain where it stands as it is on my homestead and I will not allow them to be removed as I should have first chance at purchasing them from the Police Department.

Unless now that the Police are going to remain in the Provinces, and if it should happen that a Detachment be put here, I will not interfere with them in taking possession as I would be only too glad to allow them a few acres of my land and the buildings. It was the School Trustees' lookout to see that the buildings were on school land which no doubt they have stated to you that they were.

Trusting that you will oblige me with an early reply as to the price offered for the one building, which is $250. as stated herein.

I remain,

Yours truly,

Wm. H. Burke,

Our ref. No. 105/1/1917.

Forwarded for the information of the Comptroller. Will you please advise me if any reservation was made re Buildings when reserve was released.

Re issue of patent
S.W.¼.11-55-1 W. 4th M.

In view of Homestead Inspector Horne's report placed on file hereunder, it would appear that some action should be taken in connection with the payment of certain buildings erected on this quarter section by the Royal North West Mounted Police.

In a letter addressed to the Commissioner of the Royal North West Mounted Police, Regina on the 29th March, 1919, by the Secretary Treasurer of the Onion Lake School District, it is set out that "So soon as a Surveyor can be obtained from the Department at Edmonton the question of the location of the buildings will be permanently settled and as the money is now in the Bank awaiting Surveyors decision when buildings will be paid for and School running at as early a date as possible."

It would further appear from correspondence attached to file #317710 that the survey of a road to be made by the Provincial Authorities would definitely establish the location of the buildings erected by the Royal North West Mounted Police.

Re Special Grant No. 97

Your letter of January 20th, re 40 acres of land in Pincher Creek, deeded to the Church and Manse Board by the Crown in August, 1892, has reached the office.

We have no legal description of this property in our old records but we find that 40 acres of land in Pincher Creek was sold to Egar McRae in March, 1904, for $400.00, and the proceeds used for the erection of a Manse. This may be the property to which you refer.

Would suggest that you correspond with the Rev. G. Harrison Villet, minister at Pincher Creek. He may be able to secure further information for you in regard to this property.

Re Special Grant No. 971

By Letters Patent of date the 15th August, 1893, certain land was conveyed to the Board of Management of Church and Manse Building Fund of Presbyterian Church in Canada, for Manitoba and the North West,

> "TO HAVE AND TO HOLD the said lands unto the said "The Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada for Manitoba and the North West," its successors and assigns forever, in trust for the Congregation of the Presbyterian Church at Pincher Creek Mission aforesaid and to be devoted to public purposes within the meaning of Clause Thirty-one of the said Act."

This land is as follows:

Legal Subdivision 1 of Section 34, Township 6, Range 30, West of the 4th Meridian, an area of 40 acres.

As you are aware, at the request of the Department, inspections of all special grants for specific purposes are being made, with the result that in this case information has been submitted by Inspector Wilcox, under date the 13th November, 1929, to the effect that this land has been sold.

Information received from the Registrar of Land Titles at Calgary, Alberta, confirms the report. This site has been sold and transfer registered without any restrictions or provisoes protecting the interest of the Crown.

The grantees were requested to explain the circumstances surrounding the disposal of this

property

property and how the conditions imposed in the grant were overlooked.

Their reply is on file immediately under this memorandum and seems to be a reasonable and acceptable explanation.

Under date 6th October, 1922, on File 236675, the Deputy Minister authorized the acceptance of $3.00 per acre for any site granted for religious purposes where removal of the restriction is desired, on the condition that the grantees give assurance that in the event of a sale the proceeds will be devoted to religious purposes.

In this case sale has actually been made and providing the explanation offered by the grantees is acceptable, it would seem to be in order to advise them that the Department is prepared to rescind the restrictions imposed in the terms of the grant and quit claim the interest of the Crown in this land, providing the grantees submit a statement to the effect that all moneys received by the sale have been or will be used for religious purposes, and pay for this site at Three Dollars ($3.00) per acre.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

P. C. No. 564.

Whereas it is provided by clause 21 of the Dominion Lands Act, Chapter 54 of the Revised Statutes of Canada, that lands bordering on a river may be laid out and divided into lots of any certain frontage or depth.

And whereas Mr. David Beatty, Dominion Land Surveyor, who sub-divided into sections Township Forty-six, in Range Twenty-one West of the Fourth Initial Meridian, found there a number of settlers, for whom, in accordance with their desire, he laid off lots on each side of the Battle River, having frontages of twenty chains.

Therefore His Excellency, in view of the fact that these holdings were occupied before survey, is pleased to order, under the authority conferred upon him by sub-clause (*h*) of clause 90 of the said "The Dominion Lands Act," and by and with the advice of the Queen's Privy Council for Canada, that such survey be confirmed, and that the Minister of the Interior be authorized to deal with the lots by numbers according to the plan of the said township of record in the Department of the Interior.

Memorandum

With further reference to my letter of the 11th October last, and your reply of the 19th October, I beg to report that I have made further enquiries regarding the river lots in Township 46, Range 21 shown on the Peace Hills sheet map as reserved for the Canadian Pacific Railway Company, and find that these lots were included in the list of lands selected by the Company, but have been noted on the list in the Patent Branch as not available as part of the land grant.

The larger number of these lots, as I have already reported, are, I am satisfied, occupied by half breeds, and there is sure to be an outcry if their claims are ignored. It is no doubt the case that these men have been notified to come forward and make their entries, and have only themselves to blame if the lands are disposed of to others, owing to their not having complied with terms of such notice, but judging from the experience at other points, where similar circumstances have existed, I think it would be possible to take some steps to prevent these lots being sold by the Canadian Pacific Railway land agents, as they most certainly will be after this sheet map reaches the public, there being a keen demand for railway lands all through that district.

Reverend and Dear Sir,

On the 31st December, 1892, I addressed a letter (of which the enclosed is a copy) to His Lordship Bishop Grandin. As I learn that His Lordship is in France I would ask you to give the subject of my letter your personal attention, and do what may be in your power to get the Half-breeds in question to come forward and make their entries, as there is great risk that in ignorance of their claims the Canadian Pacific Railway Company may dispose of the lands on which they are settled and have made improvements. I might in this relation say that the principle involved in this case applies to a great many of the Half-breed population of the North West, who do not appear to understand the advisability and even the necessity of coming to the Land Office and obtaining entry. No examination of the land after survey is necessary in order to ascertain whether it is or is not occupied, and the Statute gives the squatter who may have gone on the land in advance of survey three months after the Township has been thrown open for settlement within which to secure his claim to the land. The presumption is that surveyed lands are only taken up after due authority has been obtained from the Government, and the Government and the Railway Companies are therefore justified in assuming that surveyed land is vacant and unclaimed unless an entry affecting it appears in our books. Of course you are aware that wherever we have any reason to believe that land has been taken up subsequent to survey by an actual settler (even although that occupation is illegal), we do not dispose of the land to another person without enquiry and where the Surveyor's plans show occupation prior to survey a similar course is pursued, even if the entry is not made within three months. This practice, however, is not universal, and cannot be relied upon as a protection for the claimant.

He informed me that he had just received a letter from the Department of the Interior saying that all half-breeds for the last time to enter for their lands. I immediately apprised them of this notice. They are very desirous to get their entries but they cannot pay for the expenses which is so much. So, Mr. the Minister, I hope that you will be good enough to assist them. These people were born in this country, consequently it seems to me that they have a right to certain favours. Mr. Deville,

Please tell me how it comes that the area of these lots is so irregular. Who made the survey, and did the Surveyor leave any comments which would indicate what the areas were and why they were so irregular?

The Government has no power to give these settlers more than 160 acres. If they do not care to pay for the excess over that area, we will give them 160 acres and grant the balance to the Canadian Pacific Railway Company.

The River Lots in Township 48, Range 21, West of the 4th Meridian were laid out by David Beatty in 1883 in the manner prescribed by the Manual of Survey. The areas are irregular because the lots have all the same width but not the same depth. Mr. Beatty indicated on his plan what the areas were, but his file does not contain any comments as to why they were so irregular. The field notes have been taken away by Mr. Dennis and cannot be consulted.

It is, of course, impossible for us to grant them more than 160 acres as a homestead, but you might, if on the ground, see if some arrangement is not some way in which you could settle the matter without requiring a new survey to be made in order to locate the 160 acres for which they may obtain entry.

Dr. D. A. S.

August 10th 1892.

Hon T.M. Daly,
Minister of the Interior,

Honorable Sir,

I wish to inform you that there were a number of half breeds residing some twenty miles from here upon Battle River who desired very much to interview you with regard to some grievances they have against the Government but I find there will not be sufficient time to send them word to come. I will have in their absence to briefly call your attention to their complaints.

A number of them in the absence of wooden posts which were destroyed many years ago by fire find that they have entered for the wrong quarter sections and upon wishing to have them changed to the proper quarter sections the Commissioner at Winnipeg replied they could only do so upon payment of an additional ten dollars for a new entry. Now inasmuch as these people can neither read nor write it would seem to be an injustice that the Government will not allow the entry to be changed without extra charge.

Many of these people through neglect or not fully appreciating the importance of it failed to enter for their lands

lands until recently and the Commissioner in Winnipeg will not allow their previous residence in some cases as long as ten years to count but will only date their residence from time of entry. Is this fair to the original settlers and pioneers of the country?

They urgently desire that Mr Pearce should go down to Battle River and straighten their claims out as in many cases river lots are nominally held by people long since deceased or absent and in some cases the wrong river lots have been entered by parties in their ignorance. The Government have in every other half breed settlement in the North West settled their claims and why should this settlement the most important of them all be neglected so long?

Leaving the whole matter to your kind consid-eration, I am,

Yours very respectfully,

I notified Mrs William McDonald, trader of Battle River and also the Rev. Père Bellevaire of my intention previously and Mrs McDonald accompanied me to the settlement and there I met Père Bellevaire. Both gentlemen aided me as far as possible. Nearly all the settlers were present excepting some two or three, and I think I have correctly ascertained the name of every claimant to the various lots; but a few months may make considerable changes, as many of these people are in the habit of exchanging their lots or selling their improvements. chains of the lots, those south, the southerly 80 chains. This will protect them, cover all their improvements and leave a strip of land along the Battle River on the hand hands of the Crown which can be readily disposed of. At present a good deal of it is willow and hay swamps and they consider it worthless; but in very few years fr from now, this will be useful lands for hay and there is no danger of the Government not being able to dispose of it. I told them that it would sell readily in a few years at $5.oo per acre and they would then be sorry the they did not avail themselves of this opportunity of pur-chasing them cheaply. So soon as they found out that the Government would not insist upon their taking the wh whole lot, they desired first right to purchase it and they were informed that their request would be submitted. I told them, however, that I thought when they applied for their patents, and then desired to purchase, the lands would probably be sold them, but that I could give them no guarantee; but thought the Government would not try to dispose of the lands for a year or two, unless application were made, in which case I did not see how the Department could refuse, in view of their protest against purchasing themselves while they had the opportunity.

The next point was a grievance from those whose lands contained more than 160 acres. I informed the

OFFICE OF THE

Superintendent of Mines,

Calgary,

them that they were not compelledto take this particular land,that they could have gone elsewhere and entered for or taken a full quarter section and that they would have observed from the township plan that the Battle River had been made the boundary of their lots on each side of the stream and in making the survey thereof with any regard for regularity at all,it was impossible to prevent some lots being a little smaller than others. A belt two miles wide was laid out across the township in River Lots. They pointed out that at the time they settled on these lots,they thought they were getting the full 160 acres and further,that in many cases the prairie fires had burned down and charred the posts,so that they really did not know where their boundaries were and could not readily ascertain the same either. If, however,the north half of Sec.18 be still vacant,it might be well to give Lot 11,Legal Subdivision 10 and Lot 5 L.S.12 of the said section. The next lots that fall short of the 160 acres are 21 and 22; but as an odd section lies in rear of these lots,this land will ere this have passed out of the hands of the Crown to the Canadian Pacific Railway Company as part of their land grant. They also asked if the Government would refund them the difference in money at the rate of $2.00 or $3.00 per acre between the area of the lot and the 160 acres or if this was not feasible,whether they could be

could be given an equivalent in lands elsewhere; I replied that I could hold out no hopes for them in this respect; they then asked if I would submit their proposition to the Government to which I replied in the affirmative: but I cannot recommend this request to the favourable consideration of the Minister. This subject has been repeatedly reported on by me and always in an adverse manner.

Another point brought up was, as to the price of any excess in land; I informed them it would be not more than $3.00 per acre and probably not more than $2.00; I thought the Department might dispose of any excess at the rate of $2.00 per acre provided they paid for it when they applied for their patent for the balance of the lot and it was then at the disposal of the Government.

Another question was; when would they obtain their patents and would they be entitled to a second homestead entry. I said that those who had made their entries and who were entitled to their patents on the 2nd June 1900 were, of course, entitled to second entry. The They pointed out, that in some cases owing to the township plan showing s erroneously the lot to be claimed by another party; the right claimant could not obtain entry when he applied for the same. Therefore, in cases where the fault was on the part of the Depa it would be a manifest injustice if they should

OFFICE OF THE

Superintendent of Mines,

Calgary,

suffer on that account. I found out upon inquiry into these cases that the Agent had asked them furnish declaration by two disinterested parties parties regarding th the right claimants to the lots; byt it appears they failed to comply withis request. In some cases, the scarcity of the $10.oo fee and with others the difficulty in getting two persons to make the requisite declaration before the agent or a Justice of the Peace, were undoubtedly the reasons for not effecting entry.

If it were not for the fact, that the country is being so rapidly settled up around them, very few of them would as yet care to secure themselves by entering for their claims, a they are afraid if they do not acquire title, they might lose their holdings and as soon as they do obtain title, the majority of them will dispose of their lands and go to the Peace River district or elsewhere in the north. They asked us if in that case they would be entitled to another homestead and I replied that as the law now stood, they would not be. It is very likely that many of them will sell out their improvements here even before making entry and go north to the Peace River country.

In one or two cases parties have made entry for the wrong lots and they think it is hard treatment to forfeit the fee of $10.oo in having the same corrected. One or two have already paid it and they think they sho

they should have the same refunded. I promised them I would bring the matter to the Minister's attention.

On the W.½ of 5 - 46 - 20 west 4th Meridian, there are two settlers located; it will rest wholly with the Canadian Pacific Railway authorities whether or not they relinquish their claim to the said lands. Probably that company could be requested to do so.

Each individual case will be reported on separately but I have thought it well to make a general report on the whole matter.

I have the honour to be,

Ottawa, 20th November, 1896.

Sir,

I beg to acknowledge the receipt of your letter of the 17th ultimo, enclosing a communication from Mr. C.F. Stewart, of Fort Saskatchewan, with regard to the N.W. ¼ of Section 30, Township 55, Range 25, West of the 4th Meridian, for which he formerly had homestead entry as administrator of his deceased brother, F.L. Stewart. The fact that the deceased had actually resided upon the place for some months before his death was known to me at the time I wrote you in this connection, but I may say that the residence so performed was not sufficient to entitle him to patent, in view of the fact that he had only cultivated some two acres of his homestead. After Mr. Stewart died in October 1895, nothing seems to have been done in the way of completing the homestead duties by any legal representative of the deceased. In this connection I beg to remind you that when in July, 1896, the Agent forwarded an application for the cancellation of the entry, Mr. Stewart, as administrator made the proposal

that

Frank Oliver, Esq., M.P.,

Edmonton,

N.W.T.

that either he or his brother would go into residence if given an opportunity of doing so. Accordingly in August, 1895, the Land Board required the administrator to go into residence. The time for doing so was afterwards extended until November of that year, and subsequently a further extension was granted until the 15th April, 1896. Neither of these extensions of time was taken advantage of, and in view of the fact that there was another applicant for the land it would clearly have been improper to protect the entry any longer. The quarter-section has now passed into the hands of another party, so that it is impossible to consider Mr. Stewart's present request that he should be granted a patent on completing the required 40 acres cultivation. Where a homesteader who is actually residing on his land happens to be at fault in the performance of his duties, there is no disposition on the part of the Government to embarrass him by holding him to the strict letter of the law; but where, as in the present instance, repeated extensions of time are granted for the purpose of permitting the homesteader to show his bona fides by going into residence and no advantage is taken of the opportunities so offered it would be manifestly improper that the rights of the person who is applying for the land, and who is presumably ready to comply with the conditions of entry, should be prejudiced by delaying cancellation.

With

With regard to Mr. C.F. Stewart's own homestead, the N.W. ¼ of Section 19, Township 53, Range 23, West of the 4th Meridian, I find that an application has been received for an inspection of the entry with a view to its cancellation. On the 30th September Mr. Stewart was notified to show cause why cancellation should not take place. The Head Office is not informed as to what defence, if any, he has filed, but the Commissioner of Dominion Lands, has been asked to report the facts fully before taking further action.

Yours truly,

Asst'n Secy

is the Capital of the Province of Alberta and the Commercial Centre between Medicine Hat and Vancouver. It is located on the main line of the Canadian Pacific Railway at the junction of the same with the Calgary and Edmonton Railway, about the C.P.R. crossing the Bow River. It will soon be the largest town built. The confluence of the Bow and Elbow rivers, which the town is on, is a site of rustic grandeur, and within the town limits. Almost seventy miles west is the majestic Rocky Mountain range, distinctly visible most of the year. The main line of the C.&E. Ry. passes through the best of wheat and cattle country. Several Locomotives are employed by the Company. The existing line runs from Calgary to Edmonton, a distance of 186 miles, and connects with the C.P.R. main line at Calgary. The Calgary and Edmonton Railway Company's land grant is 6,400 acres per mile of road built, and the Company is entitled to a patent for the same as fast as each section of 20 miles is completed and accepted by the Government. The Company has also been granted the right to select its lands in alternate sections within a belt twenty miles wide on each side of the line of railway, and has already selected a large portion of the land to which it is entitled. The country through which the railway runs is well watered by numerous streams and lakes, and is well adapted for mixed farming. Calgary, Alberta, February 3rd, 1893.

The Honourable,

The Minister of the Interior,

Ottawa, Ont.

Sir,

I have the honour to inform you that I have been appointed Guardian of the estate of James Dixon Lunatic, now confined in the Provincial Lunatic Asylum in Manitoba.

Dixon obtained a homestead entry to the South East quarter, 10 - 38 - 28 West of the 4th Meridian on the 20th August, 1889, and a pre-emption entry for the South West quarter of the same Section.

I am informed by the Dominion Lands Agent here, that according to the Homestead Inspectors report, that Dixon went into residence on the 25th of the same month and remained until the 15th September, 1891, effecting improvements to the value of $300.00 The Homestead Inspector's report was apparently made on the 15th September, 1891. Dixon, I understand, remained on the land until March, 1892, when he became of unsound mind, and was committed as a

lunatic.

lunatic. Under these circumstances, I wish to know if you can see your way to instruct the Dominion Lands Agent here to issue a recommendation of Patent to James Dixon, and to have a Patent prepared and forwarded to the Registrar, notifying me of its issue, as under my appointment of Guardian I wish to do every thing to put the unfortunate man's affairs and property in as good a position as possible.

I became appointed Guardian under instructions from the mother and sisters of the Lunatic, who reside at Harlow in the County of Essex, England, and who are very anxious that the property be preserved, as far as possible, intact, in case of Dixon's early recovery, for which there seems to be some reason to hope.

I have the honour to be,

Sir,

Your obedient servant,

'Sd.' C.C. McCaul.

The Honorable the Minister of the Interior,

Ottawa, Ont.

DEPT OF THE INTERIOR
RECEIVED
FEB 13 1892
OTTAWA

Sir:-

I have the honor to inform you that I have been appointed Guardian of the estate of James Dixon, Lunatic, now confined in the Provincial Lunatic Asylum in Manitoba.

Dixon obtained a Homestead entry to the South East Quarter, 10-38-28 West of the 4th Meridian on the 20th August 1890 and a preemption entry for the South West Quarter of the same Section.

I am informed by the Dominion Lands Agent here, that according to the Homestead Inspectors report, that he went into residence on the 25th of the same month and remained until the 15th September 1891, effecting improvements to the value of $300.00. The Homestead Inspector's report was apparently made on the 15th September 1891. Dixon, I understand, remained on the land until March 1892, when he became of unsound mind, and was committed as a Lunatic. Under these circumstances, I wish to know if you can see your way to instruct the Dominion Lands Agent here to issue a recommendation of Patent to James Dixon, and to have a Patent prepared and forwarded to the Registrar, notifying him of its issue, as under my appointment of Guardian I wish to do every thing as to put the unfortunate man's affairs and property in as good a position as possible.

I became appointed Guardian under instructions from

322053

the mother and sisters of the Lunatic, who reside at Harlow in the County of Essex England and who are very anxious that the property be preserved, as far as possible, intact, in case of Dixon's early recovery, for which there seems to be some reason to hope.

I have the honor to be

Sir,

Your obedient servant.

Enclosed herewith you will find an application by one John Nelson to pre. the S.W¼ 28 and P. all that part of the N.W¼ P said sec lying west of the North fork of the Old Mans river all in 2/3 8 R 1 W 5th

You will please notify him to forward you the entry fees on receipt of which you will grant the usual receipt. Of course this order like others to similar, is made on the supposition that the land is opened for entry.

Nelson has rented rather more than the half mile river frontage but he has been a settler there previous to other being placed in the country, and by sec 21 being reserved from settlement, and that portion of the S.E¼ 28 lying west of said stream fairly liberal reservation for water and shelter has been secured in this locality.

You will please mark copies of these enclosures for record in your office, and then forward Office of the Com'r Dom'n Lands, the original with this to go to D.O. When entry is completed. Ask Com'r if any further evidence is required to authorize issue of certificate of recommendation for patent.

Sir,

In reply I beg to transmit herewith papers forwarded to me this day by Mr Supt Pearce in reference to the claim of Thomas Pinsent to the evidence given in support of his claim should be sufficient to entitle him to a patent for the E½ of Sec 4 Tp 28 Rge 4 W of the 1st Mer. I would point out that the Plan of Survey does not show the whole of the land claimed by Mr Pinsent, but only that portion of it which is contained in the E½ of the said Sec 4 and I would suggest that the Plan be amended by the addition thereto of a delineation of the North & West boundaries of the whole of the land claimed by Mr Pinsent. I would also point out that the Statutory Declaration of the claimant does not state whether any further evidence is to be made and produced in support of the claim, and I would suggest that the Declarant be required to furnish a supplemental Declaration stating whether any further evidence is to be produced or not. The Certificate of recommendation for Patent appears to be correct, but the Certificate of Publication is not yet forthcoming. The Witnesses named by Mr Pinsent reside at Portage la Prairie, Manitoba, and I would suggest that Mr Pinsent be required to pay the travelling expenses of these witnesses to attend at this Office for the purpose of giving evidence, as provided by Sub-clause 4 Clause 38 Consolidated Dominion Lands Act, 1883, as amended by 51 Victoria Cap 31 Sub-clause 2, before entry can be issued for the E½ Sec 4 Tp 28 Rge 4 W 1st Mer.

June 21st. 1892.

Dear Sir

I beg to state that I have been authorised by Mr. John Nelson to inquire into your statement of May 26th. 1892 No 226215 Ref 9522. — For reasons which are vaguely expressed by "Absence of sufficient "Reasons" you are preventing a pioneer of 14 years standing from obtaining either a recommendation or patent for his Homestead & Pre-emption & by so doing debarring him

from making a second Homestead and Pre-emption entry.

I will give you briefly the duties performed by Mr John Nelson prior to Dec 18th 1879 when he made his entry for Homestead & Preemption at the Lethbridge office

Refer No A 5057 and 4772 for Homestead entry

Refer No A 9956 and 4773 for Pre-emption entry ——

John Nelson settled in Dec 1879 & built a house on the homestead in question. S.W. quarter section 28 Township 8. Range 1. W of 5 Mer. In the fall of 1881 he commenced permanent residence. i.e living 6 months in each year on his homestead

From the Fall of 1881. to the Fall of 1889 Mr. Nelson has made the following improvements
1 Stable, 1 Granary, & two Corrals.
Broken and continuous crotted 20 acres of land.
Fenced said land 1/2 substantial fence, consisting of three rail & one strand of barbed wire.
Dug & Operated an irrigation ditch the work of which alone is worth $500.00
A rough estimate of the above improvements is worth $900.00
The Land Act calls for $300.00 worth of improvements. the above shows $900.00 worth. not taking into account land converted into Hay-meadow which would otherwise be

4

simply pasture land. 211902
I ask you is it fair in the face
of the above statement; to
withhold your approval to
Mr Nelsons' application

Sir,

[illegible] on behalf of the Lessee, I am directed by the Minister of the Interior to state, in order to avoid any misunderstanding that may arise hereafter, that the Lessee's claim to the land came into the market, and unless he can prove good cause why he failed to do this his claim will be counted prior to the actual date of this entry, 14th December 1880.

July 17th 1892

Dear Sir.

In reply to your letter of July 6th No 230346 Ref 95 2)2 I can only plead "Ignorance" on Mr John Nelson's part in not having complied with the letter of the Law i.e making entry within 3 months after survey of land.

Mr John Nelson lives 20 miles from nearest settlement — 90 miles from Land Office at Lethbridge

Again having resided so long on his farm he was under the erroneous impression that he had only, at any time, to apply for his patents and

(2)

obtain them on application

Mr Nelson has a large and an increasing family which keeps him busy providing for their wants

Pecuniarily he is unable to pay for his Pre-emption and wishes to place his second Homestead on his present Pre-emption — the reason for this is that Mr John Nelson has made considerable improvements on his Pre-emption by means of his irrigation ditches thereby making the same into valuable Hay-meadow

Mr John Nelson is a grain farmer by profession & depends on his grain & hay to bring him in a livelihood

Therefore if he looses his second homestead & ~~time~~ is unable to buy his pre-emption it will be a heavy loss to him

I may here state that Mr John Nelson is getting advanced in years & wishes to leave his wife & young children, in case of his death, in as good circumstances as lies in his power Should this event occur at the present time his family would be nearly destitute & would be hard to further expense in realising on the land upon which Mr John Nelson has resided so many years & worked so hard.

The very fact of Mr Nelsons

4

being so late in making his entry
bears out the statements given
Hoping that the above will be
sufficient reason to enable you
to stretch the letter of the law
in his favor & allow
his settlement duties to count
from 1881 thereby enabling him
to reap all the benefits attached to the
Grant in reference to second home-
steads

Regarding the case of ~~Nelson~~, I presume there is no doubt that he is now entitled to his patent, if he files his certificate of naturalization. The question, however, of most concern to himself that is to be decided is his right to second entry. If on advice, as per my instructions to the Agent the 24th August 1887, when such Agent received instructions to open the township for entry, namely the 26th of March 1888, he notified Nelson to come forward and make his entry, in fact, all that was necessary under the circumstances was the remission of fees, as I was authorized by the Minister to take applications similar to his, of which however, judging from your letter of the 1st of September 1887, your office appeared not to be aware; and if Nelson did not within the three months comply with the request of the Agent, then he is not entitled to a second entry. If however he was not so notified we must I suppose assume he made his entry so soon as he knew he could do so.

He states that he obtained his certificate of naturalization in 1880, if he did not obtain such prior to the 2nd of June of that year, although in other respects he might be entitled to a second entry, I take it that would be naturalized would bar him in this respect. What is your practice. It does not occur in this case, but it would have regarding his right to a second

entry

entry if he claimed said privilege by reason of being entitled to homestead patent on the 2nd of June 1887, this land not being open for entry until subsequent to that date, was he at that date entitled to patent ? Part of the entitling to patent is the survey and land being open for entry . If he squats in advance of survey, that is one of the risks he must assume. What is your opinion on this head, and what is the practice of the Department?

Sir,

I beg to acknowledge the receipt of your letter of the 6th instant R 2344 ov6 Ref 95272 asking for a report on Mr Pearce's memorandum of the 2nd instant - Referring in the first place to Mr Pearce letter of the 24th August 1887 - in which he instructed the then Agent to notify Wm John Nelson to forward the necessary fees and to issue the receipt on assuming, of course, as stated in the letter, that the land was open for entry. No notification was therefore given at that time - The Townships came into the market on the 16th January 1888 not 26th March 1888 as pronounced stated in your letter of 29/5/92 Mr Nelson was notified on the 23rd Feby of the same year, that all it was necessary for him to do in order to complete his entries was to forward the fees - On Feby the 8th of the following year he was again asked to comply with the terms of the former communication, but he took no notice of either letter. Under these circumstances I do not see how Wm. Nelson, under the Law, can be entitled to a second entry, or even recommendation for patent until 29th Decr. 1892. I think Mr Pearce's idea regarding the Naturalisation to be a potent reason why second entry could not be granted. I should like to hear the decision in the matter

Delay has occurred in reply to yours of the 17th ult owing to waiting receipt of certificate of birth of naturalization of Mr. John Nelson. and information from the Lethbridge Agent. and regret to have to inform you that it will be impossible to dispose Mr. Nelson application for patent till the 29th of Dec. next.

This This Lands claimed was opened for entry on the 16th of Jan 7 88. on the 28th Feb 88 Mr. Nelson was notified by Agent to visit necessary fees. this has been sufficient evidence to warrant entry without anything further being done in receipt of fees. No attention being paid by him to this notice on Feb 5th, 89 another notice was sent him, but it was not till the 29th of Dec 89 that he paid in the required fees. Further it was not till the 4th June 91 that Mr Nelson became a British subject, so that even if he had complied with the requirements of Agent & Consul he was not within 3 months of the passing of the Act entitled for entry. Sir,

Delay has occurred in reply to yours of the 17th ultimo owing to waiting receipt of certificate of Naturalization of Mr. John Nelson, and certain information from the Lethbridge Agent and regret to have to inform you that it will be impossible to approve Mr. Nelson's application for patent till the 20th of December next.

The lands claimed were opened for entry on the 15th of January 1898, on the 23rd February 1898 Mr. Nelson was notified by the Agent to remit necessary fees. there had been sufficient evidence taken to warrant entry without anything further being done than receipt of fees. No attention being paid by him to this notice on February 6th, 1898, another notice was sent him, but it was not till 20th of December 1898 that he paid in the required fees. Under these circumstances, his application for patent cannot be approved till three years from date of entry.

Further it was not till the 4th of March 1901 that Mr. Nelson became a British subject, so that even if he had complied with the request of the Agent and remitted the necessary fees within 3 months of the land being open for entry he would not prior to 4th March 1901 have been

Sir;-

I am in receipt of your favour of the 5th instant respecting the payment on the pre-emption of John Nelson being the N.W.¼.of 28 - 8 - 1 west of the 5th Meridian. If he will pay the interest on the amount at the rate of 6% pro annum, I do not imagine there would be serious objections raised to extending the time of payment for any reasonable period. I am send-ing a copy of this letter to the Commissioner of Dominion Lands at Winnipeg, who will no doubt communicate further with you and correct this advise if it proves to be erroneous.

As to giving Mr. Nelson a second homestead entry for his pre-emption; there is a legal obstacle in the way which cannot be overcome. The Act states that a person to be entitled to entry for a second homestead, must have earned patent to his first homestead on or before the 2nd of June 1889. Among other requisites necessary, the entrant must be a British subject by birth or naturalisation. Mr. Nelson was not such on the date mentioned.

It is very unfortunate for him, but much as we may

Sir, 25720

Referring to your letter of the 28th December last, Ref. 238763, I am directed to inform you that the Secretary of the Canadian Pacific Railway Company has advised this Department under date the 28th ultimo that the selection of land to re-place the N.E.¼ of Section 1, Township 45, Range 23, West of the 4th Meridian, claimed by Elzear Larocque as a homestead cannot be made during the winter, but states that his Company has no objection to Mr. Larocque being allowed to make entry at once, it being understood that the said Company shall have the right to select another quarter-section in lieu of that for which the entry is to be made.

Dear Sir,

re S. F. ¼ Sec 24--Tp 55 Rg 24 W 4.

Mr Henry Bell who has been corresponding several times with your Department has ~~xxxxxxxxxx~~ instructed to rectify the error he made in his statement of last fall regarding his right to above land as a second homestead. He stated there that he entered upon the land in 1888 but it was in 1887

In one of your letters which we have not on hand presently you seemed to be inclined to give consideration for the time the value of improvements &c consequently our client expects to have this quarter section as 2nd homestead.

But as the time is coming for him to pay his preemption or lose it we beg to submit that if you don't seem fit to give Bell a 2nd homestead you may give him a certain time to pay his preemption (that is the same land as his preemption) The largest part of Bell's cultivated land is on that land (over 80 acres) and it would be very hard for him to lose it.

Will you accept say $80 now and $80 every year with interest up to full payment of $320.00

That will do great help to Bell and no doubt will suffice for it.

We have the honor to be,
Sir,
Your obedient Servant,

Sir,

I am directed to acknowledge the receipt of a copy of your letter of the 15th ultimo, No. 250929, Ref. 200178, to Messrs. Bown & Prince, of Edmonton, in the matter of Mr. Henry Bell and the S. E. 1/4 of 24-55-24 West 4th. and to say that apparently the point at issue is whether Mr. Bell may take this quarter section, being his pre-emption, as a second homestead; and that advantage has been taken of the presence of Mr. Pearce, the Acting-Commissioner, to submit the case to him. Mr. Pearce reports that he does not consider Henry Bell entitled to make a second entry, for the following reasons: the survey of the township was made in December, 1882, and the land was opened for entry in July, 1884, but Bell did not make entry till the 28th December, 1889. In the first place Mr. Pearce fails to see how time before entry can be allowed to count, although it would appear that that point had been waived and patent issued him: secondly, to be entitled to ~~entry~~ scrip he should have been entitled to his patent for his first homestead on the 2nd July, 1889, but, he was not so entitled ~~to his patent~~ at that date because of one very material thing, in fact the most

most material point in objection to the patent issuing is which
that entry should be made. That might equitably be ~~made~~ waived
if he was unable to make such entry, that is to say, the
land not being surveyed and opened for entry, but in this case it had been
opened for entry in July, 1884, and [illegible] delay in
making his entry subsequent to that date, Mr.

FEB 20 1893
OTTAWA

Sir,

I have the honour to lay before you the following facts and to crave your assistance in the matter:—

In June 1883 I entered for a half section of land (N. Half of 32. 16. 17. W. 2nd) in the Regina district on the two miles prolongation of the Land Act—my father and brother entering for the adjoining sections. I along with my wife & family took up our residence on sec 28 (my father's sec.) immediately thereafter and resided there for over 3 years with the exception of 3 months (January, February & March '85) during which period I went to Brandon to be book keeper to W. N. S[illegible] returning at the end of the last named month.

In July 86 crops began to burn up badly and I made application to the Indian Department for a situation and was successful in obtaining the position of Farm Instructor on this Reserve where I have resided ever since, and have recently been promoted to the position of Indian Agent thereon.

Before

Honble
T. M. Daly, M. P., P.C.
Minister of the Interior,
Ottawa.

Copied for enclosure to Commissioner.

Before applying for a situation in '86 I inquired at the Land Office & was told that there was nothing in the Act which required me to do my 3 mos. residence until I was prepared to do so of my own accord & that seeing I had done all my other duties I was free to leave & my entry could not be disturbed. I have 40 acres broken and my father & brother being there I have had it regularly cropped every season till now.

Shortly after coming here I had notice from the Land Office that my entry would be cancelled unless I did my residence & build a house. I wrote the Hon. Mr Dewdney on the matter saying I would build a house or do anything to do so & to have my land, and, also I did not hear from Mr Dewdney what he wanted from me, he took steps to stop my place from being cancelled.

Now I hear from my brother that some person or persons are applying to have my place cancelled, and as I am anxious to retain possession of both my homestead & pre-emption I have made application for my patent and trust you will assist me to obtain the same.

As I have said all my duties have been performed except building a small house & residing thereon for 3 months (all this I lived for 3 years steadily) and this I could easily have done before coming West but was desirous to keep my pre-emption. As payment on it began immediately after application

application for homestead. I was not prepared for this money being very scarce at this time.

If you will grant me my patent for these lands I will undertake to do anything that you may see fit to require and altho I am very anxious to retain all my land I cannot see my way to get cash to put in 3 new residence; and I understand in some cases patents have been granted under somewhat similar circumstances.

I do not wish to hold the Land for speculative purposes but for farming only.

We have about 40 head of stock on these places now and good stables, root houses &c so that altho I have none on sec. 32 we have on the average a great deal more than most of our neighbours.

Trusting you will give this matter your early and favourable consideration,

I have the honour, to be,

My dear Sir,

I am in receipt of your letter of the 7th Novr (323370) and enclose you the Statement duly filled up and witnessed regarding my homestead.

In doing so I would like you to notice that altho' I have no house on the 1/4 section while I have about a large amount on houses & other buildings, stock &c. because it was, & is, more convenient to have them on section 28. There is no water on my own place while on the other section there is a running creek and every facility for cattle & horses. My barn stables &c are also built there for convenience during the winter.

All my broken land has been under cultivation every year since I left unless when being summer fallowed.

I think the fact that for over 3 yrs (with 3 mos. exception) my family and I were steadily resident on Sec 28 ought to have some weight with the department. I am not wanting the land for speculation but as a home for my family. After all these years of labour I think it would be hard lines to lose the land.

If the Minister of Interior cannot see his way

My dear Minister,

When at the Blood Indian Reserve last summer the Indian Agent, Mr. James Wilson, spoke to me about his homestead and preemption,- the North half of Section 32, Township 16, Range 17 West of the 2nd Meridian. Mr. Wilson made entry for this land in June, 1883, and resided with his family on an adjoining quartersection until July, 1886, with an exception of three months. He has forty acres of breaking but no house, and as he has since become Indian Agent at McLeod he is unable to go back, build a house and live in it for three months, as required by the provision of the Act commonly known as the Two-Mile-Radius Clause. I think the best thing we can do for him is to sell him the homestead and preemption at $1.25 per acre, giving him the usual three ~~four~~ years in which to complete the payment - that is to say, one fourth cash, and the balance in three equal annual instalments, with interest at six per cent.

Yours faithfully,

The Hon. T. Mayne Daly,

My dear Sir,

In reply to your letter (123370) of the 21st instant regarding my land at Regina I would say that if I were in a position financially to purchase the half section at the rate of $1.25 per acre I would have made that offer long ago but unfortunately we are not so favored — Father, Mother and I held to the farming in the hope that times would mend but it takes them all their time on the farm to make ends meet.

Here I cannot save any money as I have to board my children away to get them educated which in this Western Country costs a lot of cash.

I would be very sorry to lose the land after all the work & money we have spent on it but to purchase is out of the question — I will be very pleased if

From the last letter received from Mr. James Wilson, Indian Agent at Macleod it would appear that he is not in a position to buy his homestead and preemption at $1.25 per acre. Really I do not see what else can be done for him.

The only thing I can see to be done in Wilson's case is to build the house & if he can find the money to pay his just indebtedness. Perhaps some loan to enable him to do so. $1.25 per acre, his father's Indian right buy raise the money.

As the land is in the Reginal district I fancy no one is clamouring for it at present.

Dear Mr. Burgess.

I wrote officially a day or two ago asking the Dept of the Interior to give me the privilege of giving up my land near Balgonie (upon which I did a good deal of hard work) and allowing me to purchase 320 acres in this district instead.

You will remember I wrote once or twice to you on the matter with the result that the Department said they could not grant me a patent but that they would sell me the land for $1.25 per acre.

Circumstances have taken place which makes it more desirable for me to have land in this locality and would esteem it a great kindness on your part if my request be granted.

A. Mackinnon Burgess Esq.
Deputy Minister of Interior
Ottawa.

After putting so much time and
hard work on a homestead I do not
feel like giving it up entirely, and, as
you know, placed as I am at
present, it would be impossible for
me to do any homestead duties
even if I wished —

My son is growing up and
I would like to be able to be in it's
a location here for him where
I would have him under my eye.
Besides one never knows what it
might happen and I would like
to think the family had a home

I therefore trust you will
do what you can for me —

With kind remembrances, in
which Mrs Wilson joins me,

Your letters of 29 April and 21 July 96 lay open upon three points.

points to which I would call your attention. (1) That the land is (or was) in an unsurveyed township. (2) That an order in Council was necessary, and (3) That the sale of $1.25 was a less than regulation price.

(1) This objection is removed as the township was surveyed last Fall.

2. An order in Council has been passed authorizing the Minister to sell land when he considers it desirable.

3. The price for some is more for the early remaining objection and I think if the circumstances warrants the opening one of my lots and pre-emption at the price, for land in Regina street, the figure is surely enough for land here. However I would merely draw your notice to the fact that the lease holders have been given the first of their lots at the same rate, and this half section is immediately adjoining the Cochrane Company's land.

Under these circumstances I trust you will see your way to grant my request. I am, Sir,

Memorandum:-

In reply to your memorandum of 10th instant, asking if the arrangement which Mr. James Wilson, of Macleod, desires - that an exchange be made of the land owned by him at Balgonie for land near Macleod can be carried out, I beg to say that the land now owned by him is the North half of Section 32, Township 16, Range 17 West of the 2nd Meridian, and the land which he wishes to exchange this for is the South half of Section 4, Township 6, Range 26 West of the 4th Meridian, lying south of Waterton River. I see no reason why the exchange should not be made now that the latter mentioned land is surveyed, although from the township plan the southern bank of the river has not been traversed ~~there~~, and consequently the surveyor has not (called) given any area of that portion lying to the south of it. However, as Wilson is willing to take the area at 240 acres and pay for the same as such at the rate of $1.25 per acre, I do not see that there can be any objection as no doubt 240 acres will amply cover the area in question.

Sir,

I am directed to inform you that Mr. James Wilson, of Vaseal, Alberta, who has entered the W.1/2 Sec. 13. 17 T. Rge 1 W., at the rate of $1.25 per acre, has asked permission to exchange this land for the W.1/2 S. E. 23 T. 4th lying south of the Saskatchewan River, and that it appears that he has grazed. Although S. Sec. T. 4th R. has been surveyed, no townsite has been laid out in Southern bank of the Saskatchewan River, but Mr. Wilson is prepared to take the area at (x) acres, and pay for that area at the rate of $1.25 per acre. In the letter will accordingly cover the full area, and the amount which he is to get area at the rate of $1.25 per acre.

A copy of this letter will be forwarded to the Agent at Vaseal, as an intimation to him that the sale of the W.1/2 Sec. 13. 17 T. Rge 1., to Mr. Wilson may now be completed.

Dear Sir,

In accordance with my promise to write you fully in regard to the case of Mr. James Wilson, of Macleod, as to an exchange of the N.1/2 29. 11. 27 W. 2nd M., near Pakenic, which half section is owned by him, for the S.1/2 4. 8. 29 T. 4th W., lying South of the Waterton River, I beg to say that after looking into the matter I do not see any objection to granting Mr. Wilson's request, and I have therefore instructed the Agent at Lethbridge accordingly.

The township plan of 8.29 T. 4th W., does not show the area of the S.1/2 4 lying South of the Waterton River, as the Southern bank of the river has not been traversed. However, as Mr. Wilson is prepared to take the area as 240 acres and will pay for that area at the rate of $1.25 per acre, at which rate

Sir,

Referring to your letter of the 13th ultimo, I am directed to say that, as according to the plan of survey of Section 4, Township 6, Range 26, West of the 4th Meridian, dated the 8th April last which has been received here since the date of the letter above mentioned, the combined areas of those portions of the S.½ of the said Section 4 lying west and south of the Waterton River is only 200 acres, Mr. James Wilson may have included, if he so desires, in his purchase those portions of the N.½ of the said section lying south of the river, containing (3) acres. Please notify Mr. Wilson to that effect.

It is observed that in your Return reporting the sale to Mr. Wilson of the parcel first mentioned the land is incorrectly described as being in Range 20, instead of in Range 26.

Sir,-

Re part Sec. 4-6-26-W.4th M.
South of River.-Jas. Wilson-

I beg to inform you that evidence has been filed in this Department showing that the lien for $49.00 given to His Majesty in the right of the Dominion of Canada by Esdras Dufault in connection with the E.½ 4-6-26-W.4th M., north of the river, has been improperly registered in the Land Titles Office against that part of section 4, lying south of Waterton River, standing in the name of James Wilson, of Medicine Hat, and that the said lien illegally clouds the title to the last mentioned land.

You are, therefore, hereby authorized and requested to remove the lien for $49.00 from that portion of section 4, township 6, range 26, West 4th Meridian, lying to the south of the right bank of Waterton River, Certificate of Title AO-169, registered in the Land Titles Office as No. 1753-B.L.

On the 20th of March you replied to an earlier letter from us respecting this matter and a copy of your letter to us was sent to the land agent here in which an inspection of the property is made on condition of the granting of our request. It seems to us that under the circumstances of this case an inspection is not necessary, and if you will again look at our letter we think that you will agree with us and we hope that you may be able to instruct the agent that he may dispense with the inspection of the property.

Re front of lots at St. Albert Settlement.

In order to define the portion of lot "F" covered by the homestead entry of one Octave Mageau, D.L.S. Chalmers in 1893 surveyed the said lot at Mageau's expense.

A few years after, the water of Big lake receded to such an extent that a new comer by the name of Louis Comeau squatted on the dried up land, and the question arose as to who was the owner of it.

It was found that the said land being only hay land was not of the class open for homesteading under the provisions of the Dominion Lands Act, and accordingly Comeau's entry having been cancelled, the first right to buy the land at $1. per acre was given to the owner of the lot.

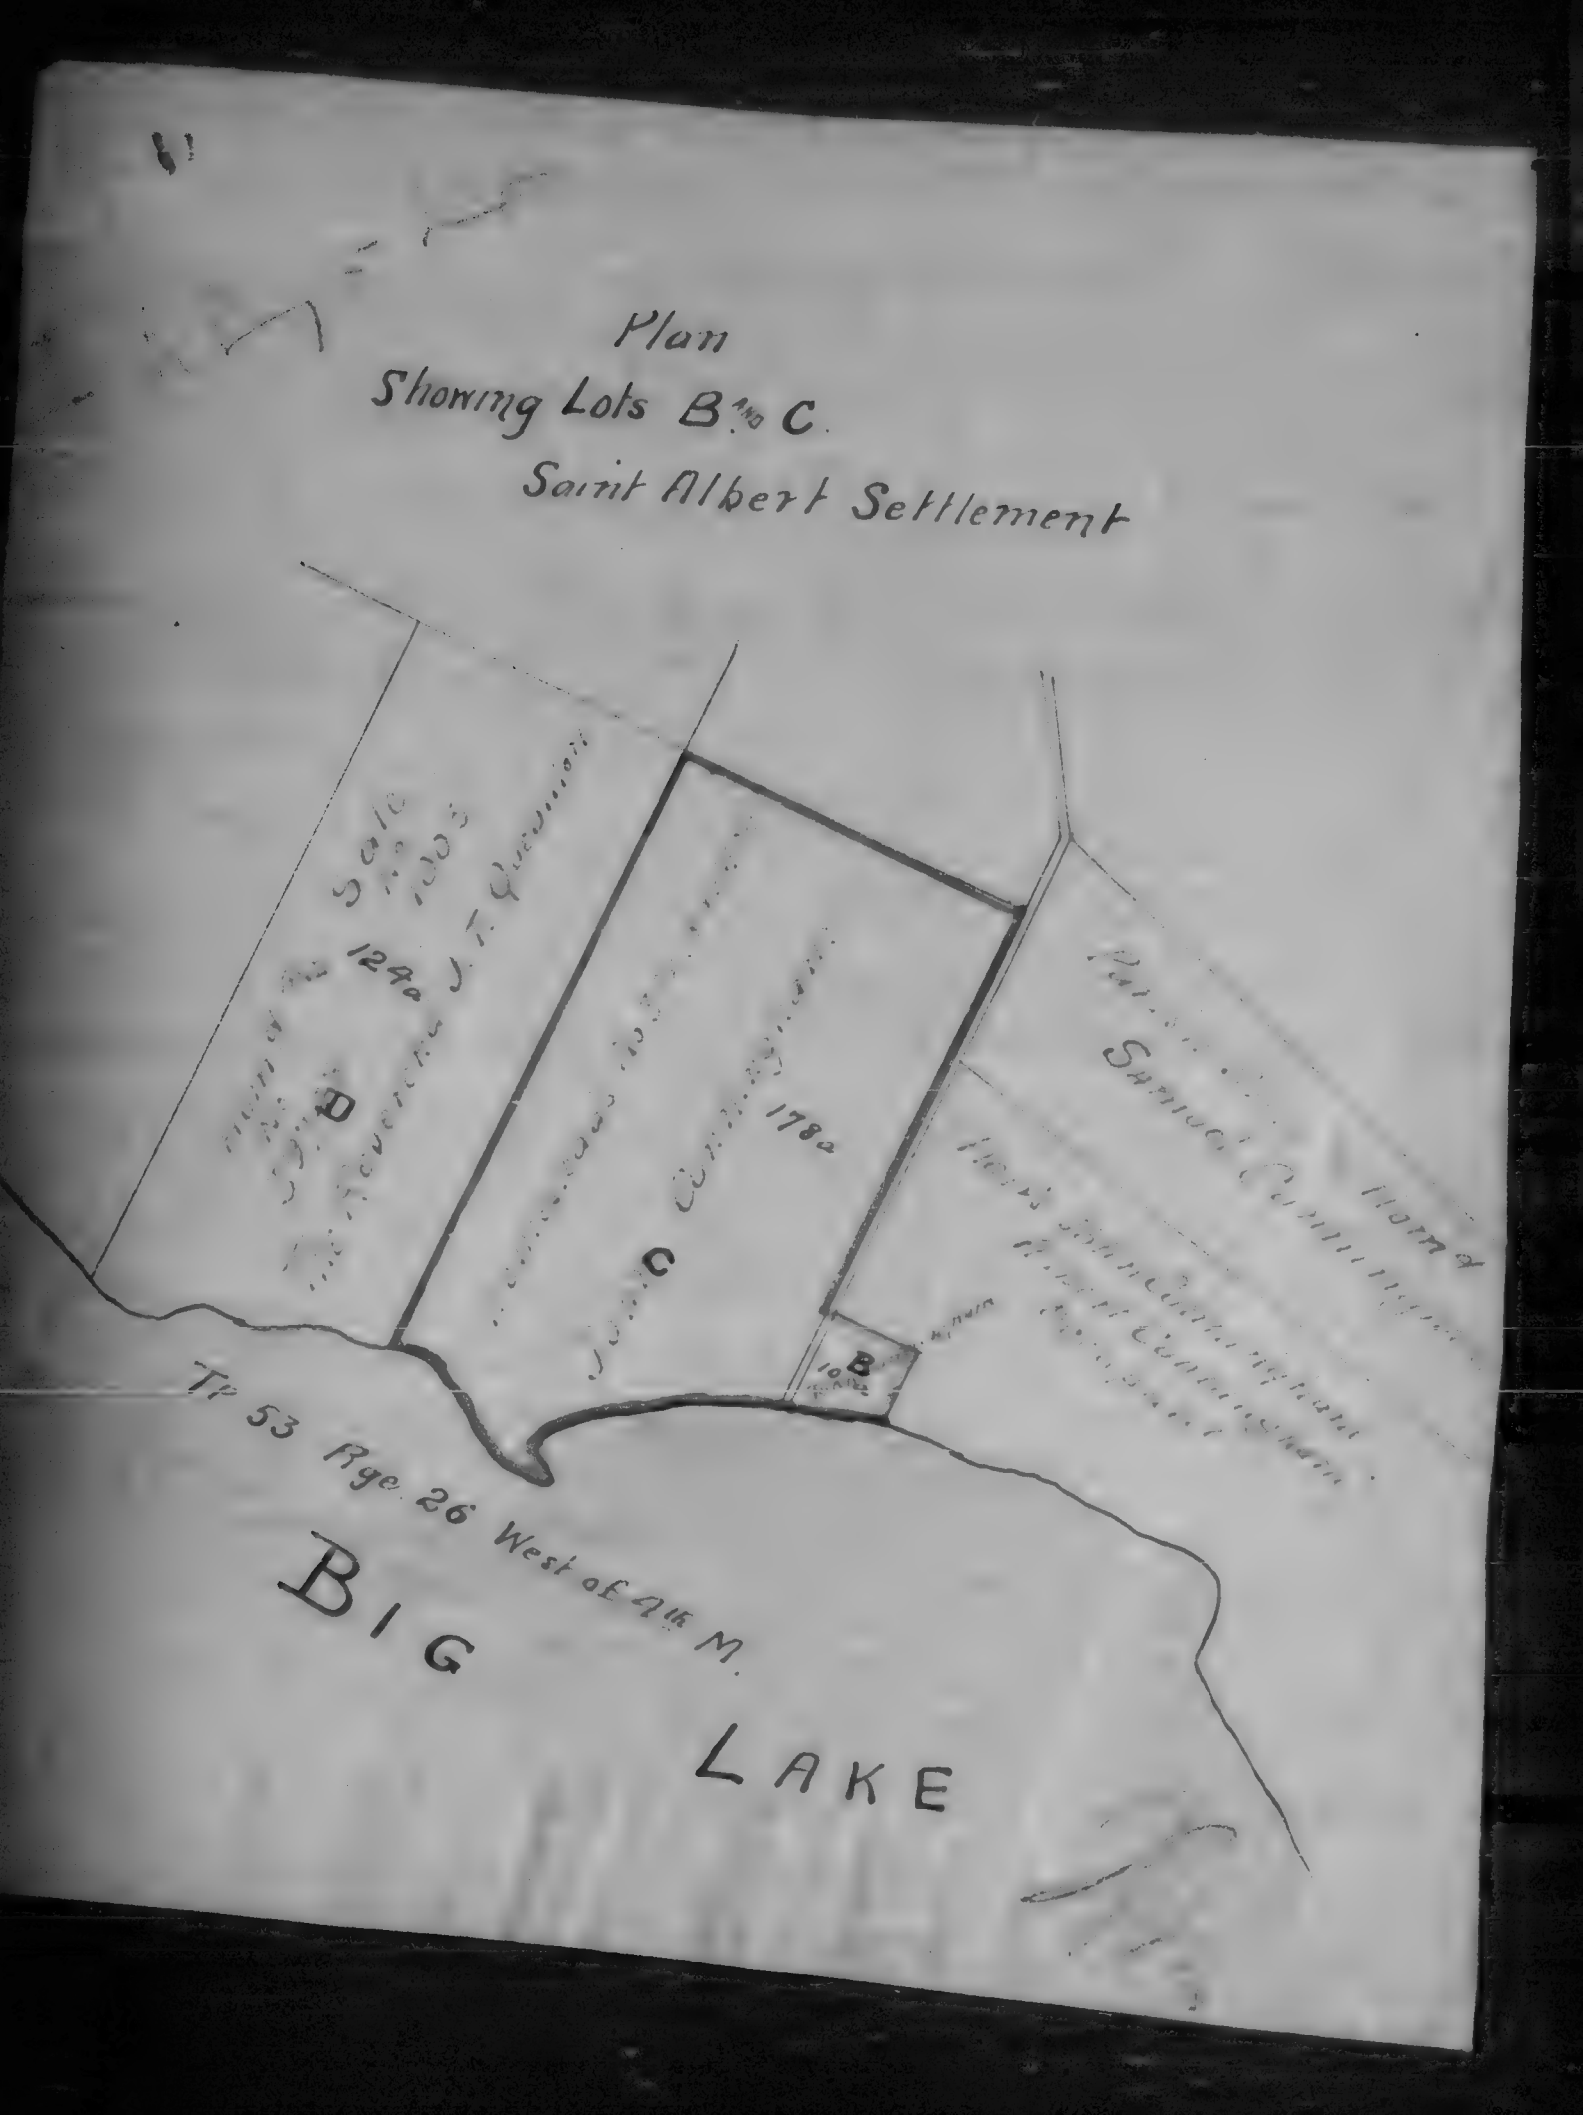

As the shore of Big lake and the exact position of Dog river were not known, it was agreed to send a surveyor. Accordingly in 1896 D.L.S.Woods executed the traverse in order to find the areas comprised between the front of lots E, F, G, H and I and the creek for the purpose of selling to each owner the land in front of his lot.

In 1906 D.L.S.Michaud was instructed to subdivide lot No 1 into four parcels. The object of that survey was to define accurately three of these parcels in order to issue patents from his plan. But the report of his death was received before he had commenced the work.

Re lots B and C, no surveys have been done since the original by D.L.S. Deans in 1882-83 and no other reports nor investigations concerning this settlement can be found.

MEMORANDUM:-

Mr.W.C.Harrison made application on behalf of Mr.Walter C.Hargraves and Henry Beggin, for the land from which the water has receded on River Lots B and C in the Settlement of St.Albert, in the Province of Prince Albert.

Mr.Harrison pointed out that the registered owner at the present time was Syver L. Dagasgard, but that the latter had executed a transfer which would be recorded within a short time in favour of the applicants.

The Lots mentioned, which are shown on the sketch annexed hereto, were patented on the 11th November,1898, to Mr.John Cunningham.

The Deputy Minister instructed that a Homestead Inspector should be called upon to furnish the Department with a report, (My memorandum of the 3rd October,1907, marked), and the Agent of Dominion Lands at Edmonton now submits Mr.Homestead Inspector McDiarmaid's report, in which the latter states that it is very difficult to tell where the traverse of Big Lake is accoording to the survey which was made some twenty-five years ago.

The

J.W.Greenway,Esq.,
Commissioner of Dominion Lands.

The Inspector states further that the Lake is very low now, and that, if the traverse of the Lake takes in all the flat, it has receded to an appreciable extent. The Inspector adds that the flat is all a good hay meadow now, but, as he could find no lines or stakes he is unable to give the area.

In view of the Inspector's representations in this regard, the Surveyor General was asked to state whether he had any information as to any survey showing the present position of the Shore Line of the Lake in front of said Lots, and Mr. Symes now states that as far as Lots B and C are concerned, no surveys have been done since the original one made by Mr. Deans, D.L.S., in 1882 and 1883.

Mr. Symes points out, however, that it was considered necessary to define the portion of one of the lots, namely Lot F, covered by the Homestead entry of one Octave Mageau and that Mr. Chalmers, D.L.S., surveyed the Lot at Mr. Mageau's expense, that a few years afterwards the water of the Lake also receded to such an extent that a new comer by the name of Louis Comeau squatted on the dried up land, and the question arose as to who was the owner of it.

Mr. Symes also observes that as the shore of Big Lake and the exact position of Dog River were not known, it was considered necessary

to

to send a Surveyor to find the areas comprised between the front of Lots E,F,G,H and I, and the Creek, for the purpose of selling to each owner the land in front of his lot.

As already pointed out no surveys have been done in regard to Lots B and C since the original one, but it might be thought necessary, in view of the action taken with respect to the other Lots mentioned by Mr. Symes, to have a survey made, in order to define the Shore Line of such lots.

I think this would be desirable.

Chief Clerk.

PETITION FOR RETRACING OBLITERATED SURVEY LINES.

.....190

To the Honourable
The Minister of the Interior,
Ottawa.

Sir,-

Whereas the monuments of the original survey of Saint Albert Settlement in the Province of Alberta have disappeared, we, the undersigned, homesteaders or owners of lands in the said settlement hereby request the Minister of the Interior to order a resurvey of the said settlement as provided by section 58 of the Dominion Lands Surveys Act.

And in consideration of the said resurvey being made, we hereby agree and bind ourselves, our heirs and assigns, as between ourselves as well as between ourselves and the Crown, to accept the lines defined by the monuments of the resurvey as the true and unalterable boundaries of the lots or other authorized subdivisions occupied by us or in which we have interests.

Department of the Interior,

TOPOGRAPHICAL SURVEYS BRANCH,

File 328669 Ottawa, 2nd April, 1908

MEMORANDUM:

The survey of the settlement of Saint Albert, referred to in your memo of March 30th on this file, is in a very unsatisfactory condition. The original survey was bad, the survey monuments are said to be obliterated or lost and the mistake was made by the surveyor to adopt the edge of a marsh for the front boundary of the lots. Now that the marsh has dried up, the adjustment of the lots is a very difficult proposition.

The only way to deal with this matter is to make a complete resurvey of the settlement. It will not do to resurvey one lot here and there: that would only increase the difficulties.

This resurvey has already been asked by the Deputy Minister of Public Works of Alberta and by other parties, but we must have a petition from the holders of lands in the settlement before steps can be taken for proceeding with the work. After the petition is received, it has to be advertised for four weeks and some further time must be given to parties who wish to file objections.

I understand that the Deputy Minister of Pulic Works is to circulate such a petition. It might be well to advise the Homestead Inspector and Land Agent: they might help in getting it signed.

Enc.

It is not necessary that the petition be signed by all the settlers, but of course, it is desirable that as many signatures as possible be obtained.

A form of petition is herewith.

Sir,

Adverting to the copy which was sent you of the Departmental letter of the 30th ultimo, your Ref.970, conveying the decision that a survey is to be made in order to define the shore line of Lots B and C in the Settlement of St. Albert I am directed to inform you that a complete re-survey is to be made of the Settlement as it would not answer the purpose to re-survey one Lot here and there.

I am further to say that this re-survey has been asked by the Deputy Minister of Public Works of Alberta and by other parties, but it will be necessary for the Department to be furnished with a petition from the holders of lands in the settlement before steps can be taken for proceeding with the work. After the petition is received, it has to be advertised for four weeks and some further time must be given to parties who wish to file objections.

. I am to add that it is thought advisable that the Homestead Inspector and yourself should assist in having this petition signed, and it should be noted in this connection that it is not necessary to have the petition signed by all of the settlers, although it is, of course, desirable that as many signatures as possible be obtained. Be good enough to give the necessary intimation to the Homestead Inspector.

The costs in connectio.. with this was the hiring of a team and conveyance for o e days, $8.00, which I will pay out of my contingent account next month unless advised to the contrary.

I trust that you will find the petition sufficiently and satisfactorily signed.

DOMINION LANDS SURVEYS ACT.

Whereas the Minister of the Interior has received a petition from the owners of lands or from persons holding lands as homesteads or under lease, license or agreement of sale, in St. Albert Settlement in the province of Alberta, consisting of portions of townships fifty-three and fifty-four ranges twenty-five and twenty-six, west of the fourth meridian, representing that part or the whole of the monuments of the original survey of the said settlement have disappeared and cannot be found, public notice is hereby given that under the authority of Section 58 of the Dominion Lands Surveys Act, the Minister has ordered a resurvey of the said settlement.

MEMORANDUM:-

With reference to my Memorandum of the 2nd March last, I beg to say that the Surveyor General, who was advised of your decision that it would be necessary, in view of the action taken with respect to the other lots in the Settlement of Prince Albert, that a survey should be made to define the shore line of Lots B and C in this settlement, intimated in his Memorandum of the 2nd April last, that the only way to deal with this matter would be to make a complete resurvey of the Settlement, as the difficulties would only be increased by making a resurvey of one lot here and there. The Surveyor General also observed that this resurvey had been asked by the Deputy Minister of Public Works of Alberta, and by other persons, but that it would be necessary for the Department to have a Petition from the holders of the lands in the settlement before steps could be taken for proceeding with the work; that after the petition had been received, it would have to be advertised for four weeks, and that some further time must be given to persons who desired to file objections. Mr. Deville also suggested that the Homestead Inspector and Land Agent be advised, in order that they might render assistance in having a petition signed.

The necessary instructions were sent the officials mentioned, in accordance with Mr. Deville's suggestion

J.W. Greenway, Esq.,
Commissioner of Dominion Lands.

gestion, and the Agent submitted with his letter of the 17th ultimo a petition (marked), which he stated had been signed as fully as it was possible at the present time. The Agent stated further that the cost in connection with the signing of the petition was the hiring of a team and conveyance for one day, $8.00, which he would pay out of his contingent expenses, unless advised to the contrary.

The attention of the Surveyor General was drawn to the petition in question, and Mr. Deville now submits a draft advertisement in connection with the proposed resurvey, and asks that such advertisement be inserted once a week for a period of four weeks in the Canada Gazette and Edmonton Bulletin.

The points now to be decided are:-

(1) Are the necessary instructions to be sent to the King's Printer for the insertion of this advertisement; and

(2) Is the cost of having the petition signed to be charged to the Agent's contingent expenditure account?

Dear Sir:-

File No. 383669.

On the 18th of January last Mr. W. C. Hargraves, of Redlands, California, who is part owner of River Lots B and C, of the St. Albert Settlement as shown on plan signed by Edouard Deville for the surveyor general on the 2nd of May, 1884, wrote you with regard to acquiring the portions of these River Lots, or perhaps more properly speaking the lands adjoining them, which at the time of the original survey were under water but have since become dry, and he received your letter of the 15th of March but you did not in such letter state that his right to acquire the land referred to would be recognized, and since that time I understand the Local Agent of Dominion Lands issued a permit to cut hay to a stranger, which Mr. Hargraves thought would not be done in view of his application. On account of this and so that there may not be any misunderstanding I now wish to make formal application on behalf of Mr. Hargraves and Mr. Henry Biggin, also of Redlands, California, who are the owners of Lots B and C to purchase or acquire the lands in question on the usual terms, and I trust you will be good enough to advise me as soon as possible that upon producing evidence of title to Lots B and C the applicants will be permitted to purchase the lots referred to. Gentlemen,

With reference to your letter of the 12th ultimo, enclosing two Registrar's certificates in connection with Mr. William Hall, of Fort Saskatchewan, which were asked for in my letter of the 30th January last, I beg to say that the application from Mr. William Hall to Francis T. Wilkins of the NW¼ of 16-58-27, W. 4th M., has, as suggested by you, been registered in the books of the Department and a patent is now in course of preparation which will exclude the part of the application as right of way to the Edmonton and Fort Saskatchewan Railway. The patent to Mr. Wilkins when issued will be forwarded to the Registrar at Edmonton with a certificate showing an indebtedness to the Crown of $10.50 held, for an advance of seed grain to Isaac Wheeler for whom Wilkins went surety. Mr. Wheeler had his homestead patented prior to the distribution of the seed grain and therefore his surety cannot be relieved. The patent, consequently, for the land in question, must be made subject to this liability.

Dear Sir, I received your letter of the 11th with enclosure such as described I am sent you Mr Jones Receipt for amount and more. The receipt is not quite correct as does it appear to be better in the Counterfoil appears to indicate.

The subject Stock is one hundred the whole of Section 22 T. 9 R. 26. W. 4 lying north of Willow Creek as a homestead together with S. E. 1/4 of Section 27 lying adjacent @ $2.50 per acre. or sell me absolutely

the whole @ $1.25 per acre if being optional for me to accept either. And I intimated to Mr. Young that I proposed to purchase the whole and otherwise acted accordingly

You may have observed from the correspondence that I mentioned that the East ½ Section 22 lying north of Willow Creek would not contain 160 acres but that in all probability a survey might be made in due time and that a corner of N.E. ¼ Section 22 lying North of Willow Creek would probably come exceeding by many acres an Equiv. claim to the difference I have agreed to. And this letter I shall be prepared to accept of and should the Splash with this portion added be proven I pay the difference -

Sir I am unable to advise you in respect of the Stony Advances I do not think he has any settled home but I expect to have an opportunity of ascertaining its whereabouts & ascertaining more correctly. And shall thereupon retain the notice you wish delivered to him for the present.

Dear Sir,

Both yours yesterday Enclosing Mr Mellstrom's sketch for Timber Limit and Coal claim and returned your letter to the 23rd inst. And I do not see how the most definite and correct description of the land could be given in my former letter. Take this description from Mr. Innes's letter of the 10th December 1894 and which I responded to, the description as the land is in subsequent letters as described viz "All of Lots 2 of sec. 22, lying north of Willow Creek and the S.E. ¼ of Section 27. T. 26. R. 4. W."

Surveys to this interest to us brings a probable equivalent for the disappointment which will be found to exist in making up the 160 acres in the S½ of 22 lying always to the north of the Creek.

I hope I may be understood in making these details. If the Creek has been surveyed the Area referred to will be seen at once, further more I will be glad to make the measurements if such would in any way satisfy the Department. as the Expense in finding a Surveyor would probably be more than the value of the subject matter.

I have sent Mr Mellstrom's sketch to Mr Innes

Mr Pearce's description of the subdivision shows that it is limited on the north by Hillon Creek — in my description I have done as per my letter of the 12th March, I noticed that the N.E. corner of the E½ of 22, is distant only about 200 yards from the Creek, so that at this point a distance of about 60 Yards of the line of the N.E.¼ of 22 is on the South of Hillon Creek again if we take the west line of this N.E.¼ of 22 we reach the South west corner about 20 yds North of the Creek — but at this point there is quite a large flat in the Creek, and the area shown in the N.E.¼ of 22 does not appear to exceed 10 acres at most whilst the area cut off by along natural angle on the S.E. side of 22 will extend from 27 to 60 chains, in breadth — I am not aware whether or not Hillon Creek has been surveyed. If it was, the position of the subjects will be seen at once. I may mention that at a very short distance West of the Creek I have spoken of the Creek makes and then quite a large cutting off some 20 to 40 acres of the N.W.¼ 22 which is all that N.W.¼ north of the Creek this is the portion which Mr Pearce

My dear Sir,

In reply to yours of the 24th re the N.E.1/4 22 lying north of Willow Creek, and S.E.1/4 27-9-26 W.4.M I would state I reached Calgary on the 30th ult. On the 31st ult I wrote the Agent regarding your claim. I received a reply from him on the 11th. On the same day I wrote the Commissioner and on the 28th received his reply, copy enclosed. Now, after reading that, don't feel alarmed. This tangle we will try to straighten out as soon as possible. I am going to ask the Commissioner which of the following courses, if either, he will approve of:

1st Haneys entry will first have to be cancelled Homestead entry then might be given for all of the E.1/2 of 22 lying north of Willow Creek and sell you the S.E. 1/4 27 at $2.50 per acre cash, 1/4 cash, balance when you have completed title

2nd Make an out and out sale to you of both parcels mentioned at $1.25 per acre.

In the first instance there would be an entry fee

fee of $20. and you would have to wait three years from date of entry before patent could issue to you. It may be the Commissioner will approve of neither course, but I think he likely will of one or the other.

Am writing to-day to Mr.Burgess re your proposition to rent a portion of the S.W.1/4 (I presume you mean the N.W.1/4) and when I receive a reply will let you know.

Am glad to hear your crops turned out so well.

Dear Sir

Yours No. 2549. & 6264. dated 4th inst. —

I am quite satisfied the Department has no wish to do anything but deal fairly by me. in regard to my purchase of land. At same time I am not entirely satisfied as matters are now being put. —

My purchase is distinctly enough "The whole of S 1/2 Sect. 22. Tp 9. Range 26 W. 4th M. lying north of Willow Creek. and S. E 1/4 Sect. 27 in said township and Range" Price 6 cts per acre. cts $1.25 an acre. Amounts the total of this. I have paid the

4337

Enclosure, of the hundred dollars, for which as you know, I do not now hold a cheque.

You now ask me for $10.00 for inspection of that part of N. E. 1/4 of 22. 9. 26. lying north of Willow Creek. And I enquire I know not what that means.

Was this also for measurement or survey of that part of E 1/2 22. 9. 26 I should understand it. But in either case I do not see, that I should in fairness be called upon to bear any part of the cost of either inspection or survey. I am willing to pay the rate that has been agreed upon for this half section as lying north of Willow Creek. as it is now, unless, but keeping in view the whole terms of the agreement, it is undoubtedly for the Department, to ascertain at its own cost, what the Extent of the subject Three Hundred acres is -

Kindly favour me with receipt for the Enclosure price of my cheque "76: Last. And I am quite willing to await the Communication of the Department for continuing the measurement upon.

In reply to your memorandum of the 2nd instant, it is not the intention to have a traverse made of Willow Creek through Township 9, Range 26, West of the 4th Meridian, such traverses being made, according to the standing instructions, only in the case of navigable rivers. Ottawa, 6th September, 1898.

In the memorandum of the 26th ultimo it is pointed out to the Surveyor General that that portion of the West quarter of Section 2, Township 9, Range 2e, West of the 4th Meridian, lying North of Willow Creek, has been disposed of, and that the Agent at Lethbridge required to know the area in order to collect the payments.

In a further memorandum of the 2nd instant the Surveyor General was asked if it was the intention to have a traverse made of Willow Creek, and in his reply of the 5th instant he states that it is not his intention to have such a traverse made, such traverses being made, according to the standing instructions, only in the case of Navigable rivers, and, the subdivision of the Township, having been completed in the manner required by the Manual of Survey, it is not proposed to do anything further without Special instructions.

Will it not be necessary, since we are selling lands in the manner described, to have a traverse made? In certain other Townships through which Willow Creek runs and where lands are sold on both sides

LETTER No. 9459

REFERENCE No. 4116

Sir;-

In reply to yours of the 30th ulto. I return herewith file of your office No. 325.548. I think the best thing to do would be to have a traverse made of Willow Creek from where the traverse made by Mr. Jephson ends to the Mouth of the said creek. When these ~~xxxxxxxx~~ claims were first adjusted, it became necessary to confine them to one side of the creek owing to the presence of certain leaseholds; on account of the scarcity of water, however, in that district, I should in any case have recommended that entry to one bank of the creek only should be granted. The parties who made entry there distinctly understood that the survey was to be performed at their own expense. Mr. Mollison acquired whatever rights Mr. Haney possessed and with that also any responsibilities in this connection which he may have incurred, so I fail to see what grievance he could have if charged his just proportion of the cost of such a survey.

Mr. Jephson who made the survey of the remainder of Willow Creek could probably do this as efficiently and economically as any surveyor now available, if agreeable to

to the Department; but this, of course, is a matter for the Surveyor General to decide. I note what the Surveyor General states has been the policy, namely, only to traverse navigable streams, there are, however, some exceptions to that rule, ~~xxxxxx~~ as creeks as small as Willow Creek have often been made the boundary of claims.

MEMORANDUM.

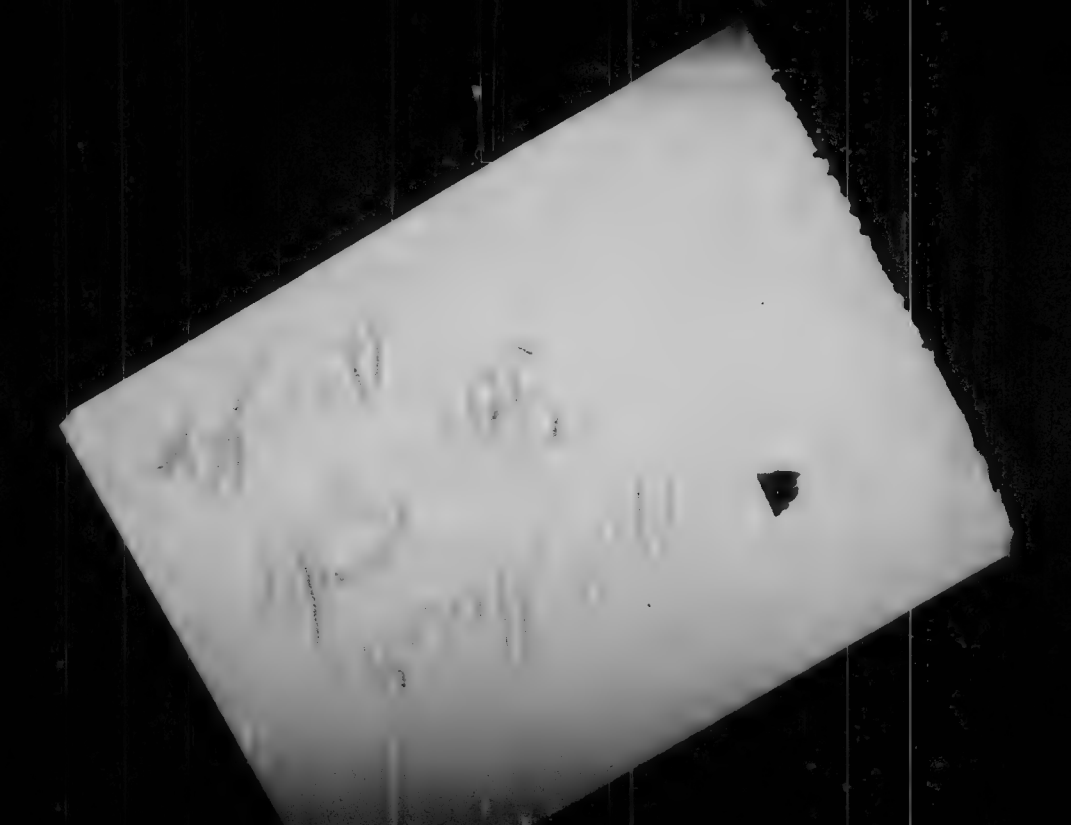

Herewith is report from Superintendent Pearce as to making a traverse of Willow Creek through township 9, range 26 west of the 4th meridian. We require this traverse in order to ascertain the area of a portion of the N.E. 1/4 22 lying north of the creek, sold to James Hollison.

The Surveyor General reported that it was not the intention to have a traverse as the instructions laid down for his guidance were to make traverses of navigable rivers only, except by special authority.

Mr. Pearce says the parties who made entry distinctly understood that they would have to pay for the traverse, and he recommends that it be made.

I am directed to acknowledge your letter of the 27th ultimo, and to say that it is not usual to give out for publication, without authority from the Department, the plans and descriptions of lands which are applied for, but which have not been surveyed.

I am directed to say that the plan of Township 8, Range 25 West of the Fourth Principal Meridian, which you have applied for, will be forwarded to you as soon as a copy of it can be made.

DEPARTMENT OF THE INTERIOR

Dear Sir

I have to acknowledge receipt of your letter of the 6th inst. — By the terms of that letter I must infer that the Department holds me responsible for the containment of the Extract contained in South East ¼ of Sect. 24. And of that portion of the East ½ of Section 22 lying north of Wilson Creek, All in Town. Ship 9. Range 26. West 4th M. All as purchased by me, at the rate of $1.25 per Acre.

If I am correct in thus inferring I feel it my duty to at once decline to such responsibility. No such conditions were communicated to me in any form, nor by any means whatsoever, but quite otherwise.

After I had paid 1st Instalment or price of said purchase the Dominion Lands Agent at Letellier — to whom I had paid 1st Instal-

instalment— in writing time with receipt for this payment— under date 24th Feb. 1893 says "A survey will doubtless be "made before you complete your "payments, when the area will be "completed. - It will probably be for you to write to "Ottawa asking that the survey be "made at once"—

Some time after this I received a communication from the Dominion Land Office at Lethbridge— under date July 4th 1893 demanding of me $10:- for inspection of the land here referred to. In this demand I at once demurred by letter dated 14th July 1893, pointing out at same time, that no conditions hampering such demand, attached to the sale of the land in question.

I was informed that this letter was forwarded to the Department at Ottawa, but no answer whatever has been communicated to me— making your letter of the 6th inst: all the more surprising—

By an approximate measurement I have made, I am satisfied the East ½ of section 22 does not contain 160 acres. If it did I could readily assist you $100: so as to clear off the debt nearly as possible, but as this, I must await the survey—

I am however willing to wait any reasonable period, but must intimate that I will pay no interest accruing after first day of January next (1896) and will naturally expect that there will be no great delay in my being able to obtain a completed fulfilment—

I have the honour to be

Memorandum:-

This fyle deals with the sale to Mr. J. Mollison of those portions of the South East quarter of Section 27, and the East half of Section 22 lying north & east of Willow Creek in township 9, range 26 West of the 4th Meridian. The land was sold to him subject to the correct area being defined by survey, but up to the present time no traverse of Willow Creek through this township has yet been made.

I observe by the fyle that certain correspondence between yourself and Mr. Pearce has taken place relative to this matter, and that the last was in a letter from you to Mr. Pearce on the 14th December, 1889 (S23464). Was it contemplated at the time that the Department should make a traverse of the Creek through this township, or was it to be done at the expense of the settlers? Mr. Mollison, in his letter of 27th ultimo, states that at the time of purchase no conditions were imposed upon him in any way as to the survey to be made by himself, but he says quite otherwise and quotes from a letter written by the Agent at Lethbridge to himself on the 24th Feb. 1883. There certainly should be something definite arrived at as to whether the Government or the individual has to make a traverse of this Creek when it is to be given as one of the boundary lines of the land purchased.

Traverse of Willow Creek

In reply to your memorandum of the 18th instant, you will find in your letter of the 22nd November, 1895, to Mr. Pearce, that you request him to inform the Department as to what security he had obtained that the cost of this traverse survey would be paid by the persons whose holdings it affects. Again, in Mr. Pearce's letter of the 6th December, 1895, to James Mollison, he explains that the traverse could be made by Department provided that all the parties interested should join in a petition to the Minister, undertaking to pay the cost of the survey.

From the foregoing, it would appear that the intention was that the Department should make this survey after the parties interested had furnished security that they would pay for it.

In his memorandum to me of the 22nd November, 1895, the Deputy Minister "called my particular attention to "the advisability of having a perfect understanding "regarding matters of this kind before the next season "is upon us". Perhaps this means that this understanding should be arrived at before commencing any of the traverses.

Here is another case where a settler has his land bounded on the south by Willow Creek. J. Molison purchased the South east quarter of Section 27, and the East half of Section 22, 1 ms, north and east of Willow Creek, Township 9, Range 20 West of the 4th Meridian.

In the memorandum to the Surveyor General, dated 10th instant, is stated the conditions upon which the sale was made. He is another who refuses to pay the expense pro rata of the survey of the traverse of this Creek through township 9. The other settlers, Garrow, &c. are in township 11. I suppose whatever conclusion you arrive at in connection with this question of survey will apply also to Molison.

Memorandum ; Mr. Goodeve.

I have already sent you a memorandum with regard to the Garrow case. In addition to what is stated in that memorandum, I think we ought to write to Mr. Pearce, pointing out, if such is the fact, that no one has paid, and that they all object to paying for this work. Say to him that I am satisfied we will never get the money and we ought to concede the point. Inform him that Mr. Davis, M.P., while taking the most active interest in everything that affects the welfare of the settlers, is inclined to be, himself, reasonable in regard to all matters where the public interest and the interests of individual settlers would appear to come into conflict, and he is of opinion that this money should not be exacted. Ask Mr. Pearce to let us hear from him as soon as possible.

Sir,

With reference to my letter to you of the 31st ultimo (Vol. 20020), written in connection with the case of P. Garrow, of Willow Creek, I now beg, to inform you, by direction of Mr. Burgess, who has had the case of the settlers of this Creek again brought to his attention, that he is strongly of the opinion that as no one has paid his pro rata share of the survey of this land, and all appear all content to paying, for the work, the Department will never get the money and that the point ought to be conceded. Mr. Davis, M.P., has lately called upon Mr. Burgess, and while taking the most active interest in everything that affects the welfare of the settlers, he is himself inclined to be reasonable in regard to all matters where the public interest and the interests of individual settlers would appear to come into conflict, and Mr. Davis is of the opinion that this money should not be exacted. Mr. Burgess would be much pleased to have your views upon this matter as soon as possible.

ading what was contained in mine of the
7th instant regarding this matter, I think, probably it would
be better that the contention of the settlers along willow

be conceded in.

Had the survey of those townships been made in 1888 accor-
cording to the principle then adopted, this creek would have
been surveyed. This, I think, is one of the strongest rea-
sons that can be urged why they should not be charged for the
survey since made.

Some time ago it was proposed to make a traverse of Willow Creek, in Township 9, Range 26 West of the 4th Meridian. As you are aware several sales of lands in this township which abut upon this Creek were made, but of course until it was known what were the areas of the quarter sections through which the Creek runs, it was impossible to give a definite acreage upon which the purchasers could pay the purchase moneys. Does the S.E. 22. 9. 26 W 4. stand available for homesteading in your books? It was apparently a sale to Mollison and a part of the E. ½ of the section patented.

Sir:-

In reply to your letter of the 6th. inst. F. 325548. I beg to say that Mr. E. F. Cummins has ammended his application for homestead entry for the S. E.¼ Sec: 22 - 9 - 26. W.4th. M. and asks to be granted entry for that portion of the Quarter Section lying South of Willow Creek, which land, according to the records of this office, is available: but Mr. Cummins states in his application that the land is fenced by Messrs Mollison & Stewart, which is the only difficulty in the way of granting the entry.

Please advise me what action to take in the matter.

DEPARTMENT OF THE INTERIOR.

Ottawa, 7th October, 1899.

MEMO.

To Mr. Henry.

Today upon taking up this File I found that action has been delayed with regard to the subject of Ref. 534020, the subject to which the File originally alone related, because of a number of other papers having been attached to it, most of them relating to the Circular letter of the 20th February, 1899, others of them relating to the keeping of a general index by the North West Registrars. I have gone carefully through the file and detached from it all papers except those which properly relate to the original subject, that is the claim of Mr. E.F. Cummins to the SE¼ of 22-9-26 as a homestead.

The papers relating to the Circular letter of the 20th February, 1899, originated on Mr. Goodeve's Memo. of the 6th June, 1898, or more correctly speaking upon the second paragraph of Mr. Harvey's letter of the 10th May, 1898, referred to in Mr. Goodeve's Memo. I have had a copy made of Mr. Harvey's letter and have detached Mr. Goodeve's Memo., the Circular letter and all the other papers herewith relating to the subject of the Circular letter, and now send them to you with this Memo. to be made into a separate file. I imagine from the pencil Memo. of your own on the Asst. Secretary's letter of the 6th ultimo to the Agent of Dominion Lands at Lethbridge on File 525548, that you had already decided to take this action.

NO 446 45

File 525548 should be sent to the Commissioner of Dominion Lands. The Circular letter of the 20th Feb. last with the papers relating to it and this Memo. should be made a separate file and be returned to me

Department of the Interior,

CIRCULAR.

Ottawa, 20th February, 1899.

SIR,—

Upon the 11th November last a circular was addressed to all Agents of Dominion Lands and to all North-West Registrars stating what abstracts and certificates would have to be filed here where any person, other than the original entrant in the books here, for any land, whether in Manitoba or the North-West Territories or in the Railway Belt in British Columbia, makes application to the Department for the issue of the patent for such land in his own name; and upon the 29th December last, a further circular was addressed to the same officers upon the same subject, in so far as it concerned land in the Railway Belt in British Columbia.

For several reasons which it is not necessary to explain here it has been decided to cancel these two circulars and to replace them with this one.

(1) Where the land is in Manitoba and title thereto has passed direct from the entrant in the books here to the person who is the applicant for patent an absolute and unconditional assignment from the entrant to the applicant, properly executed, with the execution proved by the usual affidavit and $2.00 for the registration of the assignment here must be forwarded to the Department; but before such assignment can be accepted and registered here the applicant for patent must also furnish—

(*a*) An abstract of title of the land from the local Registrar or Deputy Registrar of the district in which the land is situated, with his certificate either endorsed or printed upon the abstract or attached to it to the effect that the abstract is true and correct and that there are no plans or instruments registered in the Registry Office for the district in question, affecting the land mentioned in the abstract other than those which appear in it or which are properly entered in the general register; (*b*) a certificate from the Registrar or Deputy Registrar that, on the date of that certificate, among the instruments registered in that office in the general register or in the books for the registration of instruments affecting lands without local description, the name of the entrant (that is, of the assignor, giving the name) does not appear as devisor, grantor, assignor, plaintiff, defendant or otherwise parting or creating any interest in or charge on any land, nor as insolvent; (*c*) a certificate from the Registrar, or Deputy Registrar, that in the statement or statements of judgments, writs of execution and attachments against land, furnished by the Sheriff of the district in which the land is situated, the name of the entrant does not appear.

If title to the land concerned passed from the entrant in the books here through two or more persons before it reached the applicant for patent, as many assignments as will form a complete chain of title from the entrant to the applicant with a fee of $2.00 for the registration of each assignment here must be forwarded to the Department, and also the abstract and certificate mentioned in sub-paragraphs (*a*) and (*b*), respectively, above set forth, and a certificate similar to that mentioned in sub-paragraph (*c*), in each instance, but only as regards judgments, executions or attachments which are in force against the lands of the person named in the certificate at the date such person claimed his interest in the land mentioned in the application for patent. For example, if the land assigned is originally entered in the books here in the name of L, and title thereto passed by assignment dated the 1st July, 1893, from L to M, by assignment dated the 1st October, 1894, from M to N, and by assignment dated the 1st May, 1898, from N to O, and O is the applicant for patent, three certificates as to judgments, executions and attachments are necessary, one as regards the lands of L to the effect that in the statements of judgments, writs of execution and attachment against lands furnished by the Sheriff of the district in which the land in question is situated, up to and inclusive of the 1st July, 1893, the name of L does not appear; another to the same effect, but up to and inclusive of the 1st October, 1894, with reference to the name of M and the other up to and inclusive of the 1st May, 1898, with reference to the name of N.

(2) Where the land is in any of the registration districts of the North-West Territories, or in the Railway Belt in British Columbia, what has been before stated in this circular with regard to the assignments to be registered here and the registration fees to be paid applies, but in lieu of the abstract and certificates mentioned where the land concerned is in Manitoba, the applicant for patent may furnish a certificate or certificates, from the Registrar, or District Registrar, as the case may be, of the district in which the land in question is situated, which will afford the Department the same information as would be afforded by the abstract and certificates first referred to if they could be furnished or if it was the practice of such Registrar or District Registrar to furnish them.

(3) Where the original of any assignment cannot be furnished by the applicant for patent, the Department will accept in lieu thereof a copy certified to be a copy by the Registrar or District Registrar in whose office the original is on record.

Department of the Interior,

SIR,—

Ottawa, 23rd January, 1900.

Upon the 11th November, 1898, a circular was addressed to all Agents of Dominion Lands and to all North West Registrars stating what abstracts and certificates would have to be furnished to this Department where any person, other than the original entrant in the books here, for any land, whether in Manitoba or the North-West Territories or in the Railway Belt in British Columbia, makes application to this Department for the issue of the patent for such land in his own name; and upon the 29th December following, a further circular was addressed to the same officers upon the same subject, in so far as it concerned land in the Railway Belt in British Columbia.

Upon the 20th February last these two circulars were cancelled by one of that date, in lieu of which this circular is now issued.

The provisions of the circular of the 20th February last have not been changed, however. They are as follows:—

(1) Where the land is in Manitoba and title thereto has passed direct from the entrant in the books here to the person who is the applicant for patent, an absolute and unconditional assignment from the entrant to the applicant, properly executed, with the execution proved by the usual affidavit and $2.00 for the registration of the assignment here must be forwarded to the Department; but before such assignment can be accepted and registered here the applicant for patent must also furnish—

If title to the land concerned passed from the entrant in the books here through two or more persons before it reached the applicant for patent, as many assignments as will form a complete chain of title from the entrant to the applicant with a fee of $2.00 for the registration of each assignment here must be forwarded to the Department, and also the abstract and certificate mentioned in sub-paragraphs (*a*) and (*b*), respectively, above set forth, and a certificate similar to that mentioned in sub-paragraph (*c*), in each instance, but only as regards judgments, executions or attachments which are in force against the lands of the person named in the certificate at the date such person claimed his interest in the land mentioned in the application for patent. For example, if the land assigned is originally entered in the books here in the name of L, and title thereto passed by assignment dated the 1st July, 1893, from L to M, by assignment dated the 1st October, 1894, from M to N, and by assignment dated the 1st May, 1898, from N to O, and O is the applicant for patent, three certificates as to judgments, executions and attachments are necessary, one as regards the lands of L to the effect that in the statements of judgments, writs of execution and attachment against lands furnished by the Sheriff of the district in which the land in question is situated, up to and inclusive of the 1st July, 1893, the name of L does not appear; another to the same effect, but up to and inclusive of the 1st October, 1894, with reference to the name of M and the other up to and inclusive of the 1st May, 1898, with reference to the name of N.

(2) Where the land is in any of the registration districts of the North-West Territories, or in the Railway Belt in British Columbia, what has been before stated in this circular with regard to the assignments to be registered here and the registration fees to be paid applies, but in lieu if the abstract and certificates mentioned where the land concerned is in Manitoba, the applicant for patent may furnish a certificate or certificates, from the Registrar, or District Registrar, as the case may be, of the district in which the land in question is situated, which will afford the Department the same information as would be afforded by the abstract and certificates first referred to if they could be furnished or if it was the practice of such Registrar or District Registrar to furnish them.

(3) Where the original of any assignment cannot be furnished by the applicant for patent, the Department will accept in lieu thereof a copy certified to be a copy by the Registrar or District Registrar in whose office the original is on record.

I beg to return the application for Patent of S. F. Cummins for the S. Sir

I beg leave to draw the attention of the department to a decision made [illegible] by Mr Justice Rouleau in a certain case

Catherine Fraser

Mrs Fraser purchased from the C.P.R. under agreement section 3. Tp 26 Rge 1 W 5 Mer - apparently before issue of Patent to the C.P.R. She went into possession said land and on the 19 Oct 1889 a mortgage Numbered 1372 D.B.B was registered in this office under the 125 clause of the T.R.P. Act further a writ of Fi Fa in the Exchequer Court Dom'n of Can Fraser et al was Filed as No 1063 D.B.E. on 29 Dec 92.

On the 12 December 1892 a Patent for Parts of the N.E quarter section 3 Tp 26 Rge 1 W 5 Mer issued to this office. I declined to issue the Certificate without Putting on Memorials of the Documents in this office affecting the lands in question. Messrs Corrigan McCaul & Bangs applied to me for my reasons in writing for Refusing to issue a Clear Certificate and on the hearing before Mr Justice Rouleau he made the following order.

Of Course the order of the Judge is to be final but I have thought it right to draw the attention of the Department to the matter as the Effect of this Judgment is to enable under certain circumstances the Claims of mortgagees under the 124th Clause of the T. R. P. act the Judgment stating in Reality that when a Patent is issued to any one the certificate of ownership must issue to the Patentee, free from all Claims against the Land created by Parties not named in the Patent, notwithstanding that at the time such mortgages or encumbrances were made by the Party to mortgaging or encumbering did so by virtue of the Statute

I cannot help thinking that before issuing patents upon transfer of the rights of original settlers to second parties it would be well for the Department to ascertain what documents are on record in the Registers Office of the district in which the Land is situated -

Department of the Interior
Ottawa, 6th April, 1893.

Memorandum :-326823-
To the Deputy Minister,

By his letter under of the 24th ultimo, Mr. Registrar McLean reports as follows : -

Upon the 19th October, 1889, a mortgage was filed in his office under the provisions of Section 125 of the "Territories Real Property Act." This mortgage was made by Mrs. Catherine Fraser to one Gardner, and was against Section 3, Township 28, Range 1, West of the 5th Meridian, which Mr. McLean reports was purchased by Mrs. Fraser from the Canadian Pacific Railway Company.

Upon the 20th December, 1892, a writ of fi.fa. in the matter of Doris et al. V. Fraser et al. was also filed against the land.

Subsequently application having been made to Mr. McLean for a certificate of title of so much of the said section (4.28 acres) as was granted to the Calgary and Edmonton Railway Company (upon a requisition from the Canadian Pacific Railway Company filed here on the 9th October last) by letters patent dated the 12th December, 1892, Mr. McLean refused to issue the certificate without entering thereon memorials of the mortgage and the writ.

The matter was referred to Judge Rouleau and he ordered "that the Registrar do issue free of charge to the Calgary and Edmonton Railway Company a certificate of ownership free and clear of all encumbrances liens or interests except the reservations, exceptions and provisos, if any, contained in the Crown Grant" for the lands, containing 4.28 acres, so granted to that Company.

It may be that Mrs. Fraser "was not rightfully in possession" of that part of the Section, and that in her purchase of the Section such part was excluded. If so, Mr. McLean should not have filed the mortgage. It will be seen by referring to Sec. 125 that it is only a "mortgage or other encumbrance created by any party rightfully in possession of land prior to issue of the grant" which may be filed under the provisions of this Section. Under no circumstances should a Registrar file a mortgage prior to the issue of the grant, before he is satisfied that the mortgagor is "rightfully in possession of the mortgaged land," and it may be that Mr. McLean has overlooked these words in Section 125.

I think Mr. McLean should be asked to explain further with regard to this matter and also what evidence he has that Mrs. Fraser purchased the whole Section.

The attention of the Inspector and each of the other Registrars should also be called to the necessity of filing no mortgage until satisfied that

that the mortgagor is rightfully in possession of the mortgaged land.

If Mrs. Fraser purchased the whole section from the Canadian Pacific Railway Company, then that Company had no right to execute the requisition, filed here, to issue a patent for part of such land to any other person or Company, and under such circumstances it is clear I think that the decision of Mr. Justice Roulear would be a wrong one.

If so it should be appealed from to the full Court, but of course this action should not be taken until Mr. McLean states more clearly what the facts of the case are.

Respectfully submitted.

I beg to transmit, herewith, a copy of a memorandum made by Mr. Rothwell to the Deputy Minister upon the subject of a letter which was received here upon the 29th ultimo, from the Registrar at Calgary, and to ask an expression of your views upon the subject, and also to ask you to state whether you do not consider it desirable that each person who may hereafter apply to have a mortgage filed, under the provisions of Section 125 of the "Territories Real Property Act" against land for which the patent has not been issued should furnish with such mortgage an affidavit or statutory declaration giving such particulars with regard to the right of the mortgagor to the mortgaged land as will satisfy the Registrar that the mortgagor is rightfully in possession of the land.

When your letter has been received here and the matter has been further considered, the Registrar's will be instructed with regard to this matter.

Ottawa, 7th April, 1893.

Sir,

I beg to acknowledge the receipt of your letter of the 24th ultimo, and to ask you what evidence, if any, you had that Mrs. Fraser was rightfully in possession of the whole of Section 3, Township 25, Range 1, West of the 5th Meridian, when you accepted and filed the mortgage from her to Gardner against it.

The patent for that part, containing 4.28 acres, of the Section, which was issued to the Calgary and Edmonton Railway Company, was issued upon the necessary assignment or requisition duly executed by the Canadian Pacific Railway Company and filed here.

If the whole section was purchased by Mrs Fraser, the Canadian Pacific Railway Company had no right to execute the instrument referred to in favour of the Calgary and Edmonton Railway Company, and Judge Rouleau's decision under such circumstances would, it is considered here, be a wrong one, and one that should be appealed from to the full Court. Before taking this action it is necessary that you should furnish the Department with all the information

information concerning that case that is available from the records of your office .

It may be that Mrs. Fraser's purchase did not cover the area granted to the Calgary and Edmonton Railway Company, in which case it should not have been covered by the mortgage, ~~nor would it have been covered by the Mortgage~~, nor would it have been affected by the writ.

Under such circumstances the Judge's decision would be correct.

Sir

I have this morning had a Conversation with Geo. St. John Costigan Crown Prosecutor here. I infer from what he told me that you thought I was making a grave mistake in refusing to issue a Certificate to the C.P.R. Railway without Endorsing upon it a Mortgage, made by the Person who had Entry for the Lot, and also a writ of Fi. Fa. filed against the same Land - The facts are these, One Catharine Fraser was Rightfully in Occupation of Sec 3 - 25 - 1 W 5th Mer., and gave a Mortgage to One Jardine sometime Prior to the receipt of the Patent to the C. and E. Ry. subsequently a writ of Fi. Fa. was issued 29 Dec. 92 and filed same date under Section 94 of the D.R. Act. On the 19 Jan. 1893, a Patent was received here, granting a Portion of the Land to the C.P.R. Railway - I, as I believe very properly, refused to issue the Certificate, unless I made Memorials of the Mortgage and Fi. Fa above mentioned -

Mr. McCaul Brought the Matter before the Judge; who decided, that the Patent-over rode the Entries above mentioned - and ordered, that where a Patent was issued to any person not mentioned

mentioned in the documents proposed to be entered as memorials) the Certificate must be issued to the Patentee, and no memorials be Registried on such Certificate - and of course such Certificate has been issued without such memorials being put upon it - But I have advised the Department of this in a former letter - My object in writing this letter is to put the matter plainly before the Minister - The judge has ordered that "any document properly executed must be put on File or Registered as the case may be - The 125th Clause of the T.R. Act is positive and the mortgage to Gardiner was filed under that clause - Mrs Fraser being rightfully in possession of the Land - again the 32 Clause is equally positive as to the Sheriffs duty in filing or Registering instrument to both these Filings, a Patent comes in for part of the Land covered by said Mortgage and Fi fa - The matter appeared to plain to me, I had no doubt (and for that matter I have no doubt even now) but that it was my duty to make memorials of the Mortgage and Fi fa - Both documents being on my Books unsatisfied. The judge however held that I was to make out and issue the Certificate to the C.P.R. Co. without any memorials and as I have before said the Certificate has been issued - I do not agree with the judges view of the law, though of course I have obeyed his instructions - But the effect is this.

The

The 125 and 32 Clauses are completely rendered inoperative, by the action of the Party rightfully in possession of the land; and Gardners Mortgage, and the Fifteen Cutout. As to my action, Impressed from what Mr Cortejan said You Expected yourself strongly on the subject; I ask you, Could I have done otherwise? if I could, Please advise me what I could or should have done.

Under the Circumstances I must ask that this matter be submitted with this letter to the Minister of the Interior

Letter of 7 april 93, Reference 326893
Received Yesterday (Sunday) Morning
The mortgage given by Mrs Fraser to Mr Gardner
is upon Section 3 — 25 - 1 w 5. 640 acres and is
subject to memorial of Contract between Dr. C.P.R.
and said Catherine Fraser, as Grantee for the said
said Section to said Catharine Fraser. Said
agreement between Mrs Fraser and the C.P.R.
being dated 6 april 1886 but is not filed in
this office.

Re Injunction Doris Et al v Catherine Fraser Et al
was filed in this office 29 Dec. A.D. 1892
I shall endeavour to see the agreement mentioned
above before closing this letter
I of course know nothing of the dealings by which
the property was sold to Dr. C.P.R. but tracing
certain entries on my Books, I anticipated, I
refused to issue the Certificate without putting
what, at all hazard were necessary memorials
upon it — Having to the utmost of my
Power endeavoured to do my duty in the
matter

I certainly thought, I was most unjustly blamed by you, when I heard from Mr Cartegena of your remarks when talking over the matter with him and so wrote you my letter of the 4th instant. I would remind you that the Judge's order requiring that I put on file or register, as the case may be, any document properly executed makes the filing of the mortgage by her to Gardner a proper one but there is the proviso Prima Facie, Evidence, that the mortgage sets out as a consideration, the agreement for sale to Mrs Fraser by the C.P.R. of the whole said Section 3-25-1 W 6th Mer.

I have endeavoured in this and all other cases to carefully do my duty under the Law and I have the satisfaction of knowing that no matter what my short comings or otherwise in matters of official detail, I get confirmation in all matters of law or opinions upon the Law my decisions have been confirmed

I have the honor to be
Your Obed't Serv't
T. A. McLean
Registrar

I have just seen the agreement C.P.R. with Mrs Fraser selling her the whole of Sec 3-25-1 W 6th Mer for $2880 cash $240 Balance yearly payments of $240 Each. Made in 86 signed in Fairish Language.
I asked Mrs Fraser if she had sold any portion she replied yes between 4 and 5 acres to the C.P.R. I then asked if she got a discharge from Gardners Mortgage. She said no nor from Davis Execution from this it appears

that while in this instance a small amount is
at stake (the sold the land for $30) yet the principle
Remains that a party rightfully in possession of
land could make a mortgage good under the
125 Clause of the T.P. Act, then turn around
and sell his or her interest to a third party
who owned ground the Transfer made after
the mortgage, to the Department with the said
Fee and a Patent issued to such Transferee
will cut out any mortgage or encumbrance
although they were made and accepted under
and by authority of the T.P. Act. I have
more than once pointed this out in my
letters to the Department and the Present
is a further Exemplification of the injustice
that might be worked in this way

Memorandum :-326893-

To the Deputy Minister,

I brought to your attention, by my memorandum of the 6th instant, a case in which, in obedience to an order of Judge Rouleau, Registrar McLean was compelled to issue a free certificate of title for a portion of a section, notwithstanding that at the time of such issue there were in his office a mortgage and a writ against the whole section ; and I recommended that when we had further particulars from Mr. McLean and a report from Inspector Barker the decision in question be appealed from to the full Court. This recommendation you approved.

Mr. McLean has furnished the particulars required which convince me that the Order in question is a wrong one, but of course any action towards the appeal should be stayed pending the receipt here of Inspector Barker's report.

Meanwhile as it appears by Mr. McLean's letter of the 14th instant that he has been given to understand by Mr. Costigan of Calgary that you blame him - McLean- in this matter, and that you so expressed yourself to Mr. Costigan, I beg to say that I do not see how Mr. McLean could have acted differently under the circumstances. Possibly Mr. Costigan misunderstood you. Any way as Mr. McLean's letter is addressed to you I submit it for instructions as to reply.

That matter is now being considered and you will be communicated with respecting it in due course.

Sir:

Thomas C. Fulton called on me today with reference to his wish to secure a second homestead. On looking up his advice of the Commissioner's approval of his Application for Patent for the N.E.-¼-36-52-24-W. 4th Mer., I find endorsed thereon " not entitled to second entry." This advice was dated the 20th July, 1894. However, Mr. Fulton's case may be one of those that were dealt with prior to the extension of the time from 1887 to the 2nd June, 1889. Would you kindly look up the evidence given in his Application for Patent for the above land to show whether or not he is entitled to a second homestead. He claims that the cultivation duties were all performed prior to 1889. He has just returned from France where he has been with the Forestry Unit, 224th Battalion, and is desirous of securing a grant and a homestead in order to make a good stock farm.

Your obedient servant,

Agent.

Sir,

I am directed to inform you that Mr. Edward Bame, who entered in January last for the N.E ¼ 16-32-2 W 5th M. has filed in this office a declaration of abandonment, and you are authorized to cancel his entry for the is quarter section and permit him to re-enter for one quarter of the E ½ 34-32-2 W.5th Mg. provided this land is vacant and available.

I should inform you that it has been represented to the Commissoner that there is a squatter on this last mentioned land who has made some improvements, principally i believe in the way of fencing. Mr. Bame has, I understand, arranged to pay to the squatter the value of his improvements, but before granting entry the Commissioner desires that you will obtain some evidence from Mr. Bame or the squatter, or both, to shew that no consideration is being paid by Mr. Bame for the land, but that he is merely paying the value of the improvements.

Mr. Bame is also to be allowed to purchase the other quarter of the E ½ of 34 at the current rate, one quarter incash and the balance in three equal annual instalments with interest at 6%.

With regard to the N.E ¼ 16, which Mr Edward Bame had abandoned, I am to request that you will hold this land for a period of 30 days in order to give Mr. Wesley Bame, who holds homestead entry for the S E ¼ 16, an opportunity of purchasing the land at the current rate and on the usual terms.

I have the honour to be.

Sir,

I beg to hand you copy of a letter received from the Agent of Dominion Lands at Calgary, and to ask that this office may be advised as to the action which should be taken in reference to the application of Mr. Edward Bame to apply on the purchase of other lands the $240 paid by him on account of the N.E.¼ of Section 34, Township 32, Range 2, W.5th M.

Memorandum.

The Commissioner submits under date the 25th ultimo a letter from Mr. Pearce of the 18th of the same month stating that Mr. Edward Bame of the S.E.¼ of Section 34, Township 32, Range 2, West of the 5th Meridian, wishes to relinquish his claim to the N.E.¼ of the same section in order that his son may homestead it. Mr. Pearce states, further, that Mr. Bame has paid $240 on the purchase of this quarter-section (the records here show that he has paid $264.45 thereon) and as he claims he is unable to pay the balance of the purchase money he would like to know if the amount already paid by him would be accepted in payment of 80 acres of another quarter-section. Mr. Bame, Mr. Pearce says, is reported to be a good settler and one who should be encouraged.

According to the usual practice of the Department, whenever a person abandoned his claim to a sale-entry the money paid on account of the purchase of the land was forfeited to the Crown. There have been, however, a few special cases in which the money paid has been applied to the purchase of other land, and, therefore, if it is thought proper to treat Mr. Bame's case in a special manner, it will be possible to comply with his request.

of the Interior.

Department of the Interior,

Ottawa. 7th August, 1896.

Sir,

I am directed to acknowledge the receipt of your letter of the 25th ultimo, Ref. 369924, enclosing a copy of a letter from the Agent of Dominion Lands at Calgary submitting the application of Mr. Edward Bame to apply on the purchase of other lands the amount paid by him on account of the N.E.¼ of Section 34, Township 32, Range 2, West of the 5th Meridian, and in reply to say that, under the circumstances of the case, Mr. Bame's application may be granted provided the land to which the money is to be applied is selected before the transaction is completed. The Deputy Minister desires me to say, however, in this connection, that this practice must not be allowed to grow, and that it must never be resorted to except for the benefit of an actual settler in such a case as this.

I am further to say that the sum paid by Mr. Bame on account of the purchase of the quarter-section in question appears by the records here to be $264.45, $24.45 being on account of interest, and not $240 as stated by the Agent in his above mentioned letter.

A copy of this communication has been sent to Mr. Pearce.

Dear Sir,

Your letter of the 23rd ultimo, files 207/373, 374 and 375, in which you request information regarding the nationality of Nicholas Munroe Bame, has been received in this office.

Homestead entry for the NE¼ 30 - 38 - 2 W.5th M. was applied for on the 15th March, 1900, by George Matthew Murton on behalf of Nicholas Munroe Bame, who was said to be single and an American citizen from Nebraska. Mr. Bame applied for patent for the land 5th January, 1906, and in his sworn statement of that date declared that he was 24 years of age, had been married since the 9th April, 1903, and was a British subject by virtue of his father, Mr. Edward Bame, having become naturalized prior to his (Nicholas) coming of age.

I am asking the Under-Secretary of State, Naturalization Branch, Ottawa, by a copy of this letter, to please advise you what his records show regarding the naturalization of Edward Bame, who formerly lived in Olds, Alberta, and his son, Nicholas Munroe Bame.

The Surveyor General,

Dear Sir:-

Our Mr. Beck, as the Administrator of the estate of the late F. T. Malone, is the registered owner of the nine-acre rectangular portion of the South West Quarter of Section 32-51-1 West of the 5th Meridian, shown upon the official plan of Township 54, Range 28, dated the 11th February, 1905, under Certificate of Title 116 W I.

He is also the registered owner of the whole of the Fractional North East Quarter of the same section, under Certificate of Title 57 W I.

We understand that the Canadian Northern Railway and the Government have made a joint survey of a portion of the to be reserve at Fort Saskatchewan, and in doing so, while they have omitted from their survey the first portion of land mentioned in the letter, viz: the rectangular nine-acre piece, they have continued their survey into the Westerly triangle forming part of the South East quarter of Section 32, owned by the Malone estate, and they have actually staked out a large number of lots, blocks and streets upon the ground.

We now write to ask your instructions in this, so that the work may be stopped. In all probability, an arrangement could

made with the estate for a survey of this triangular piece, so as to work in with the rest of the property surveyed, but as we, at present understand the matter, we are not satisfied with the lines of the present survey, and furthermore, we think that the estate would be entitled to some compensation for roads laid out upon their land, inasmuch as, without them, the property covered by the rest of the survey would have no convenient outlets.

Gentlemen:-

I have the honour to acknowledge the receipt of your letter, dated July 23rd., calling attention to the fact that the Government survey of the townsite of Fort Saskatchewan has been extended over a part of the southeast quarter of section 32, owned by the Chalmers Estate and requesting that the work may be stopped.

name, and as apparently the lands affected thereby have been transferred to other parties, it is advisable, in order to correct these patents, that the lands granted thereby be revested in His Majesty, King George V, in the right of the Dominion, by certificate of title, excepting the portion containing 3.67 acres, in the South-east corner of the South-east quarter of section 32, which you state has been vested in the Municipality of the Town of Fort Saskatchewan, by certificate of title No. 130-M-16. There would not appear to be any object gained by revesting this parcel in the Crown.

After the action above indicated has been taken, a new and correct patent will be issued to the present registered owners of the parcels affected, and the question of the disposal of the strip of land above referred to, (hatched in black on the enclosed blue print) will receive consideration.

land intended to be granted sho ld be parallel with the western limit, and is not the Eastern Boundary of the South-west quarter of section 32, Township 54, Range 22, West of the 4th Meridian.

The Description in the patent for Time Sale No. 4693, was erroneous in that the last course was described as being parallel with the Eastern Boundary of the quarter section, whereas the same should have read "Southerly along the Western Boundary of the South-east quarter of section 32."

In addition to this, the latter patent was issued based on the plan of the Township approved on the 27th December, 1883, which showed that the Southern angle of the Fort Saskatchewan Settlement fell within that quarter section; a subsequent plan approved on the 11th February, 1905, showed that the angle of the Settlement fell to the South of the Southern Boundary of the South-east quarter of section 32, thus dividing that quarter section into two separate parcels. This, evidently, is what caused the difference in area, namely 14 acres, quoted in your letter. This difference would presumably be the space between the two positions of the road allowance on the South of the Settlement, as indicated on the blue print.

The land which was conveyed in the patent of the 26th July, 1901, is indicated on the blue print by a yellow border, and you will at once perceive the deficiency referred to

You will also observe that the strip of land referred to in your letter as being occupied by the Chalmers heirs was not intended to be included in either of the aforementioned grants. This strip is hatched in black on the blue print.

As the two patents referred to were issued in the name of Mr Beck, it would not be possible to cancel the same for mis-description, without issuing a corrected patent in his

Re Portion of section 32, -54-22- W 4th. Chalmers Estate

I beg to acknowledge the receipt of your letter of the 22nd instant, and in which you draw attention to your letter of the 17th ultimo, and to say that the Department has given this matter careful consideration, and as stated in my night-letter-gram of the 29th instant, the patents which were erroneous in their descriptions, namely that issued on the 1st December, 1902, under Time Sale, No 4867, in favour of Nicholas Dominic Beck, and that issued on the 26th July, 1901, under Time Sale, No. 4693, to the same party, cannot be cancelled in the ordinary way.

Encl.

The facts are as follows, in these two cases:-

The description in the patent for Time Sale No. 4867 was erroneous in that the bearing of the first line was quoted as "North 4 degrees, 35 minutes, east.", whereas it should have read "North 4 degrees, 35 minutes, west." The effect of the misdescription was to grant a parcel of land as shown outlined in red on the blue print enclosed, instead of granting the parcel outlined in green on that blue print, as was intended. The eastern limit of the land

MEMORANDUM

H.O. Cote, Esq., I.S.O.,
Controller.

Re Chalmers Estate, Portions
sections 32-54-22 W. 4th.

Referring to Mr. Driscoll's letter of the 12th ultimo, In August last, the Registrar drew the attention of the Department to the fact that there were errors in the descriptions of the patents for time sales 4693 and 4867, and in order to deal with the lands, he wished to have the matter rectified, in order that correct patents might be issued to the legatees of the late Captain Chalmers estate.

On the 30th September last, he was informed that it would be impossible to cancel these patents, without issuing new patents to the original patentee who , in this case, was Mr. A.J. Beck, now Hon. Justice Beck, and he was fully informed of all the facts in connection with the errors in these descriptions. It was suggested to him that the best way to rectify the matter would be to have the lands which were patented to Mr. Beck, revested in the Crown, after which new and correct patents would be issued to the present registered owners of the parcels affected.

The whole....

The whole question came to light when the heirs of the Chalmers estate tried to get titke to a strip of land lying between the above mentioned grants, as they had buildings on the land and had been paying taxes thereon for some years, and thought that they were the owners. The Registrar was informed that the question of the disposal of this strip of land would receive consideration after the revestment above referred to had been effected, and the new patents issued.

The Registrar took the matter up with Mr. Driscoll, D.L.S. who is acting for the heirs of the estate, as Surveyor.

Mr. Driscoll now suggests that, as the heirs have lost a strip of land out of grant 4693, on account of a change of survey, that they be granted, in exchange therefor, the strip previously referred to, as lying between the two grants above mentioned, and that if the Department is satisfied to make this arrangement, that he would then file here, a surrender of the grant under time sale No. 4867, but he makes no mention of the surrender of the grant under time sale 4693. Apparently, the Hon. Mr. Beck,in whose name these two patents were issued, as Administrator of the estate of the late Captain Chalmers, appears willing to surrender, to the Crown, the lands under grant 4867, but it appears to me to be necessary to have the grant under time sale 4693, also revested in the Crown, in order th correct the title and issue patent to the present registered owners of the land who, it appears, are the daughters

of the.....

of the late Captain Chalmers; Mrs. Olive Grace Chalmers Hughes and Helen a Chalmers.

I think Mr. Driscoll's suggestion, as to the granting of the strip to the heirs of the estate, in lieu of the parcel which has been cut off by survey as above mentioned, is a reasonable one, the area in each case being about equal.

Memorandum :- 374021-

Mr. N.O.Coté :-

I have read the papers referred to in your memorandum of the 29th ultimo, and after considering the question with regard to the patents for the two parcels of land mentioned, and the application made by Mr. Driscoll, D.L.S., in his letter of the 18th January last, I concur in your views as to the proper method of correcting these grants, and in the other conclusions expressed by Mr. Sheppard in his memorandum of the 16th ultimo.

I suggest that you write to Mr. Driscoll in the line of these views and advise him that when title to the two patented parcels of land have been revested in the Crown, in the right of Canada, to the satisfaction of the Registrar, new letters-patent will be prepared at once in the name of the present owners of these two parcels, and that included in the lands so granted will be the strip of land mentioned in Mr. Driscoll's letter. I would send a copy of your letter to Mr. Driscoll to the Registrar so that he may know what it is proposed to do.

MEMORANDUM:

In the years 1901 and 1902, certain patents were issued for portions of the South-east and South-west quarter of sections 32 Township 54 Range 22, West of the 4th Meridian, to Mr. N.D. Beck, now the Hon. Justice Beck, as Administrator of the estate of the late Captain Chalmers.

The heirs of the estate, stated to be Mrs. Olive Grace Chalmers Hughes and Helen A. Chalmers, desired to register some land transactions in connection therewith, but on account of erroneous descriptions in the patent, and of a new survey which cut off a strip out of one of the grants, the Registrar could not deal with the transactions and the owners are applying through their agent, A. Driscoll, D.L.S. for an adjustment of the matter.

Through some misunderstanding, probably caused by the error in the description, the owners of these parcels have occupied a portion of the land which it was not intended to include within the grants and as stated above, a strip out of one of the grants has been cut off by a new survey. The portion so occupied and the strip so cut off are of about equal area. I would recommend that the registered owners transfer to His Majesty, in the right of Canada, by certificate of title, the land which was patented to Mr. N.D. Beck, under these two grants, with the exception

of a small parcel of 400 feet square, comprising 3.67 acres, which has been vested in the Municipality of the Town of Fort Saskatchewan, and that new patents be then issued to such registered owners, according to the proper description of the lands, and that they be granted in exchange for the strip of land cut off by the re-survey, the triangular portion of land now being occupied by the Registered owners. This would straighten out the whole matter and enable any land transactions to be completed.

In this connection I would refer you to Mr. Rothwell's memo of the 2nd instant.

Respectfully submitted,

Dear Sir,

I have for acknowledgment your letter of the 15th of June, 1950, with reference to the purchase price for two parcels of land under Grants 4982 and 4981.

The nine acre parcel in the SW¼ of 32-54-22 W4M was purchased for the sum of $90.00 at $10.00 per acre.

The portion in the SE¼ and SW¼ of 32-54-22 W4M which, in accordance with the original plan, measured sixty-seven acres was purchased for the sum of $268.00 or $4.00 per acre.

It must be noted that Patents for these two parcels were issued, one in 1901 and the other in 1902, but at a later date it was found that the plans referred to were in error and upon the surrender of the Patents by the patentees correct Letters Patent were issued on the 21st of March, 1913.

Sir,

Enclosed find declaration of abandonment by Charles Linsee Douglass, of the N. E. ¼ of 24, - 20, - 2, - W. of 5th Mn. made in August 1892, . At that time Douglass was in the employ of the 'Quorn Ranche Company' and I ~~understand~~ am was of the opinion that he was a Stockholder in same, but of that I am not certain ; at all events he left the Company's employ some short time afterwards and took up a claim some miles to the West where he still is . The improvements mentioned were not made by him, in fact were there before he entered, and owned by the Quorn Ranche Company and it is probable he at date of entry swore there were none . At time he entered he supposed the N. E. ¼ of 24, was the S. E. ¼ of 25, and made entry, intending to secure for the use of the Company a portion of that ¼, lying accross Sheep Creek, which the said Company was informed was likely to be entered, and if enclosed by a hostile neighbour, would cause it considerable annoyance, and loss. Mr. Swann who applies to Homestead this ¼ Section is the Manager of the said Ranche Company, and controls largely the same . I presume that he might be considered to represent two thirds of the value of the concern . I see no objection to his request being met, and also for reasons mentioned the question of improvements waived.

[illegible] incorporated one, at least so I understand it, I presume, the permission should be by resolution of the directorate to signed by the Secretar, to which the seal of the company should be attached. This has not been done.

Again gavin, in view the litigation which has been before the Courts in Calgary and Regina for some years and still is over the lease old coins the case of ~~Martin~~ our ~~is~~ Martin and further the action which it has been reported has been going on in England between certain stockholders of this company and C. C. Martin and the report of the same is wildly and grossly ~~XXXXX~~ exaggerated here. I cannot understand why any entries should have been granted without until every possible precaution had been taken to be certain that the stockholders were aware of what was proposed by Messrs. Martin & Company.

It may be that the agent is officially aware of the existence of Mr. Martin only in this premises; but he must have been aware that there was litigation going on concerning this and it would, at least before granting entry (that is secondly, recently) have been well to have referred it and acted under instructions. Further, the time entry was granted Douglas, I am not aware, and I think inquiry will show that neither the Agent nor the Department had instructions from either C. C. Martin or the Quorn Ranche Company ~~and~~ that Mr. Jamison had power

power to act in the capacity of granting ~~entry~~ permission to parties to settle on this leasehold. From what I know of this woman's affairs, I would much stronger authority than the mere request from Mr. C. W. Martin before entry should be granted within that leasehold either to him or anyone else might come.

I have not seen Mr. Martin's application for patent, but from what I know personally, I am doubtful if he ever resided on the leasehold for six months in each year for three years. What grounds for counting time prior to entry ?

Further if the Crown Kanaka Company is refused in their rental this I think is probable as I know they were to a time limit, should the request of the company that their chief assests in the way of buildings be granted as a homestead to whomsoever they may request. Would the Department not find themselves in a dispute similar to the one now in the Courts, Crown vs Goulard & Ross, leasses of the "Victor Kanaka".

I will send a copy of this to L.L., so that if there is any correspondence between you and them, it will not be necessary to have a copy of this sent. Will you please send me copies of any correspondence you may have either with L.L. or the Agent and I would also like to have sent me a copy of Mr. Martin's application for patent.

Respectfully submitted,

Agent at Calgary

Memorandum:-328945 & 132786-

To the Deputy Minister,

File 328945, herewith, was received by me from Mr. Godsve on the [illegible] to consider the point raised by the Commissioner and Superintendent Pearce in the correspondence underneath as to what constitutes a consent, by the lease holders of a tract leased to them for grazing purposes, to a settler to make a homestead entry.

The Superintendent thinks that such consent might be by resolution of the directors of the Company certified by its secretary under the Corporate Seal. This would certainly be sufficient - so also would I think any writing, signed by the President and Secretary of the Company under its Corporate Seal, in which suitable words of consent [illegible]

In the present case two persons have applied for homestead entry for certain lands within a tract leased to the Cross Lake Company, Mr. Charles Hamlyn, and Charles William Martin, and the only comment that has been received is that given by the former, and is Mr. Martin himself. Superintendent Pearce reports that from the lands applied for are situated the principal buildings of the Company, and that litigation is now being carried on

BY AND BETWEEN HER MAJESTY QUEEN VICTORIA, represented herein by the Honourable the Minister of the Interior of Canada, of the first part, and

hereinafter called the lessee of the second part

WHEREAS the lands hereinafter described are "Dominion Lands," within the meaning of the "Dominion Lands Act,"

AND WHEREAS the said Act provides, among other things, as follows :—"The Governor in Council may, from time to time, grant leases of unoccupied Dominion Lands for grazing purposes to any person or persons for such term of years, and at such rent in each case, as may be deemed expedient; and every such lease shall contain a condition by which the Governor in Council may authorize the Minister of the Interior at any time during the term of the lease, to give the lessee notice of cancellation thereof, and at the end of two years from the service of such notice, such lease shall cease and determine."

AND WHEREAS the said lessee, alleging that such lands are unoccupied, has applied for a lease thereof for grazing purposes;

AND WHEREAS the Governor in Council has granted such application upon the conditions herein contained;

NOW THEREFORE this indenture witnesseth that in consideration of, and subject to the rents, stipulations, provisoes and conditions hereinafter reserved and contained, Her Majesty doth hereby demise and lease unto the lessee, all and singular the following lands and premises, viz.:

Save and except such lands in the said township as may be required for roadways granted by the above described lands as under the provisions of the said Dominion Lands Act are reserved and declared to be the property of the Hudson's Bay Company, and also such lands as under the provisions of said Act are reserved for the purposes of education, save and except also all such public roads and highways as may be required over any of the said lands, and save and except also such lands as may under the provisions and conditions of the said Act become liable to be withdrawn from the operation hereof, and save and except such land as may become a road allowance, and in the event of lands of the Mounted Police Force,

To have and to hold unto the lessee , subject, as aforesaid, for and during the term of years, computed
from the day of and thereupon and henceforth
next ensuing, and fully to be complete and ended, yielding and paying therefor yearly and every year during the said term
unto His Majesty, his successors and assigns, the rent of
dollars per year, to be payable in equal sums half-yearly on the days of
and
day of

These presents are made and issued subject to the following provisions, terms and conditions, viz:—

1. That the lessee will abide by, perform, make and keep all the provisions, clauses, conditions, matters and things in the said Dominion Lands Act contained that are to be observed, performed, made and kept by the lessee, whether expressed or implied, according to the true intent and meaning of the said Act, and in case default shall be made in any of the provisions, terms, conditions, matters or things in the said Act contained, or in these presents contained, which are to be observed, performed, made and kept by the lessee, then and in every such case the Governor in Council, subject to the provisions of the said Act, may declare the rights, estate and interest of the lessee in the lands hereby demised, and in the said Act and these presents mentioned, to be forfeited, and thereupon the same shall be forfeited accordingly, and the lessee, his heirs, executors, administrators, assigns and sub-lessees, shall be liable to be dealt with, sued for rent, prosecuted, evicted and removed from the said lands, and may be proceeded against in all respects as if these presents had never been made.

2. That no waiver on behalf of Her Majesty, his successors or assigns, of any breach of any of the provisions of the said Act binding upon the lessee, or in these presents contained, or on the part of the lessee to be observed or performed, shall operate or be construed as a waiver of any subsequent breach of the same or any other of the said provisions, terms, conditions, matters or things, nor shall any forbearance to enforce one remedy or right arising from any such breach operate or be construed as a waiver of any other remedy or right, or of the same remedy or right upon any subsequent breach; and no provision herein contained, binding upon the lessee, his successors or assigns, shall be waived, altered, modified or impaired except in writing signed by the Minister of the Interior, and no waiver so expressed shall extend to or be taken in any manner whatsoever to affect any subsequent breach or the rights resulting therefrom in respect to any other or future breach.

3. That the lessee pay to the Minister of the Interior, or other person duly authorized by Her Majesty, his successors and assigns, in that behalf, the yearly rent hereby reserved, as and when the same becomes due and payable.

4. That the lessee will not, without the consent in writing of the Governor in Council, assign, transfer or assignment of these presents or of interest or any part of interest under these presents or any sub-lease for the whole or part of the term hereby granted of the lands or any part of the lands hereby leased.

5. That every such transfer, assignment or sub-lease, except in so far as the provisions and conditions herein contained shall extend to and be binding upon the transferee, assignee and sub-lessee as well as the lessee himself, and any breach thereof by such transferee, assignee or sub-lessee shall have the same effect as if such breach were made by the said lessee during continuance as such lessee.

6. That the lessee shall within three years from the date of the Order in Council authorizing the issue of the lease, place upon the tract of land hereby demised not less than one-third of the whole amount of the said which is required to be placed upon the said tract, that is, one head of cattle for every twenty acres of good ascertained by these presents, but not to exceed that number, and shall during the term hereby granted maintain and keep cattle thereon in that proportion.

The word "cattle" in this clause means bulls, oxen, cows, and horses of at least one year old. Cattle now upon the said land, which may have been placed there by the lessee before the date hereof are to be counted as placed in compliance with these terms.

7. That the lessee will not, during the said term, use or allow to be used any part of the lands and premises hereby demised for any purpose other than grazing purposes within the true intent and meaning of the Dominion Lands Act and of these presents and will not during the said term allow to be cut any part of the said wood, without the consent in writing on that behalf of the Minister of the Interior, and will not during the said term cut or destroy, or allow to be cut or destroyed, any timber or timber trees without the consent in writing in that behalf of the Minister of the Interior and then only in accordance with such terms, conditions and regulations as may be made or established in that behalf.

8. That the whole or any part of the lands hereby demised shall be open to homestead and pre-emption entry, or to be purchased from the Government at the cash price of not less than the price obtaining in the class in which the lands may be situate upon application being made therefor, and that as entries are granted or sales effected the same shall become void in respect of the lands so entered or purchased. And should the Governor in Council at any time during the term hereby granted, think it to be in the public interests to terminate these presents for any reason, the Minister of the Interior of Canada may, on giving the lessee two years' notice, cancel these presents at any time during the time hereby demised.

9. That should the Minister of the Interior at any time, or from time to time during the time hereby granted, think it to be in the public interest to cause any unsurveyed part or parts of the lands hereby demised to be surveyed, the surveyors appointed to make the surveys may, with their assistants, servants, horses and other things required in that behalf, enter the land and make the surveys.

10. That so soon as a correct plan of the lands hereby demised has been made and confirmed, such land [illegible] as under the provisions of the said Dominion Lands Act are known and designated as the Lands of the Hudson's Bay Company, and also such lands as under the provisions of the said Act are set apart as an endowment for purposes of education, shall thereupon be withdrawn from the operation of these presents and the term hereby granted shall thereupon cease and determine with respect thereto, but the lessee shall not become entitled to any reduction or abatement of the rent hereby reserved, unless and until the said lands have been taken actual possession of by some person under proper authority in that behalf. And in case of such actual possession the lessee shall become entitled to a reduction of the rent hereby reserved, equal to two dollars for every one hundred acres so taken possession of, but shall have no further or other claim or be entitled to any other compensation for or on account of such withdrawal.

11. That should any portion or portions of the land hereby demised be now occupied by any person or persons who may have settled thereon, such persons and those claiming through them shall not be disturbed or dispossessed by the lessee unless with the consent in writing of the Minister of the Interior, and the Minister of the Interior may, if he thinks it expedient, set to the lessee from time to time, prior to the lessee giving notice that the lands in possession of such persons respectively and such adjoining lands as he may think proper (but not exceeding in the whole three hundred and twenty acres for each separate settler), are withdrawn from the operation of these presents and thereupon such lands shall become withdrawn, and the term hereby created shall thereupon cease and determine with respect thereto, and thereupon the lessee shall become entitled to a reduction of the rent hereby reserved, equal to two dollars for every one hundred acres so withdrawn, but shall have no further or other claim, or be entitled to any other compensation for or on account of such withdrawal.

12. That should any portions of the lands hereby demised be thought to contain gold, silver, copper, coal or other minerals, building stone or marble, the Governor in Council may grant licenses to any person or corporation to explore and search for the same, subject to such conditions for the protection of the interests of the lessee as the Governor in Council may think proper. And should any portions of the lands hereby demised contain gold, silver, copper, coal or other minerals, building stone or marble, or water power, capable of being used to drive machinery, the Governor in Council may, from time to time, cause written notice to be given to the lessee that the same and such adjoining lands as they may think proper are withdrawn from the operation of these presents; and thereupon such lands shall become withdrawn, and the term hereby created shall thereupon cease and determine with respect thereto, and thereupon the lessee shall become entitled to a reduction of rent hereby reserved equal to two dollars for every one hundred acres so withdrawn, but shall have no further or other claim to be entitled to any other compensation, or on account of such withdrawal.

13. That should any portions of the lands hereby demised contain timber, the Governor in Council may, subject to such conditions for the protection of the interests of the lessee as the Governor in Council may think proper, grant to any person or corporation, under the provisions of the said Dominion Lands Act, the right under lease or license to enter upon the lands and cut and remove such timber.

14. That should the Canadian Pacific Railway Company, or any other railway company, become entitled to a grant from Her Majesty or her successors, of any portion of the lands hereby demised, whether as part of their land subsidy provided for by the Statutes of Canada or for the road-bed of the railway, or its branches, or for stations, station grounds, workshops, dock ground and water frontage on navigable waters, buildings, yards and other appurtenances required for the convenient and effectual construction and working of the railway and its branches, and should any other railway company pursuant to any legal contract or statute in that behalf become entitled to a grant from Her Majesty or her successors of any portion of the lands hereby demised, for road-bed and stations, and Her Majesty or her successors grant the same, then and so granted shall the conveyance to the railway from the lessee of those premises, and the term hereby created shall the cesser and determine with respect thereto, and the lessee shall not become entitled to any reduction or abatement of the rent hereby reserved, unless and until such lands so granted have been taken actual possession of by some person under proper authority in that behalf, and in case of such actual possession the lessee shall become entitled to a reduction of the rent hereby reserved, equal to the value, at the rate hereby reserved, of the lands so taken possession of, but shall have no further or other claim, or be entitled to any compensation in respect of or on account of such withdrawal.

15. That the word "lessee" in these presents includes the lessee or lessees, as the case may be, and his or their executors, administrators and assigns, and in the case of an incorporated company, their successors and assigns.

16. That no implied covenant or condition of any kind on Her Majesty's part is created by the use of the words "demise or lease" herein, or by the use of any other words or words thereto.

17. That any notice, demand, or other communication which Her Majesty or the Minister of the Interior may require or desire to give or serve upon the lessee may be validly given and served by the Secretary or the Assistant Secretary of the Department of the Interior.

In witness whereof the Deputy of the Minister of the Interior, and the lessee have hereunto set their hands and seals the day and year first above written.

Memorandum:-235017 on 32...-

Mr. Ryley,

I do not see that I have any further action to take in this matter. Mr. Power's letter contains what you wanted when you asked me to look into it. When I prepared my memorandum of the 22nd inst. last I had not before me a copy of the XXXXXXXXXXXXXXXXXXXXXXXXXXXXX form of grazing lease used by the Department and I was under the impression that it contained a provision which made the consent of the lessee necessary.

I now find it does not contain such a provision, and that the question of XXXXXXX granting or refusing entry to lands within the grazing tract is altogether in the discretion of this Minister.

I presume he will bring this case, and Mr. Power's [illegible] Department's attention.

Sir,

Referring to the letter which the Superintendent of Mines addressed to you upon the 21st April last, No. 794 on 367 of his office, with regard to the application of Mr. Charles William Martin for the North West Quarter of Section 1, [illegible] Township 39, Range 1, West of the 4th Meridian, I am directed to transmit, herewith, a copy of a letter, dated the 9th instant, containing the opinion of Mr. Power, Acting Deputy Minister of Justice, as to the necessity for and the form of consent to be given by the holder of a lease for grazing purposes, of the tract within which the land in question is situated.

2 Encls. herewith.

This opinion was given by Mr. Power upon the understanding that the tract in this case was leased to the Quorn Ranche Company, or that the lease had been assigned to that Company and that said lease was in accordance with the present form.

I am, however, to state that the tract in question is leased to Mr. Martin; that no assignment from him to the Company or to any individual has been registered here; and that the lease is in the old form, being the one which was in use before the law permitting homestead entries to be made for lands within a grazing tract was passed.

I.

T.R. Lamb, Esq.,
Secretary,
Dominion Lands Board,
Winnipeg.

Mr. Power's opinion , under these circumstances, cannot be followed, and, therefore, before any further action is taken here, it has been deemed advisable to ask the Attorney General of Canada to report how the matter stands according to the records of his office. In the meantime the Commissioner may desire to make further representations respecting the matter ; and I am therefore to ask you to bring it to his attention and for that purpose as a copy of this letter has been mailed to the Superintendent of Mines for the same reason. Apparently this Department is not bound to recognize or protect in any way the farm lands [illegible], or its shareholders or creditors.

A copy of the letter to the Attorney General at Calgary is enclosed, herewith, and he has also been furnished with a copy of this letter and a copy of Mr. Power's letter.

Winnipeg, Man., 2nd August 1898

Sir,

The Commissioner directs me to say in answer to your letter of the 20th, 32345, that while he has no evidence of the fact, he is at the same time strongly under the impression that the Quorn Ranche Company alleges that Mr Charles William Martin should have either formally assigned his lease of the lands now in question to the Quorn Company or should originally have taken a lease in the Company's name, that, whether as Managing Director, or in whatever Executive capacity, he was acting for the Company and not for himself individually, that therefore he should not have been granted entry for the N. W. ¼ of Sec 19--20--1 W 5 or for any other land in the lease, and that, having obtained entry improperly, it is the duty of the Department of the Interior to cancel it.

The Commissioner is writing to Mr Pearce reminding him of a private conversation had with that gentleman on the occasion

occasion of his visit to Winnipeg some time since and suggesting that he should report to you fully all the facts of this case within his knowledge. Possibly a copy of the Company's application to the Court would afford the best information on the subject.

Sir,

In reply to your letter of the 20th July 1893, Ref. 328945. I have the honor to report as follows:

No entry has been granted for any land in the tract you mention, viz, that included in grazing lease 36, except the homestead entry accorded to Mr F.W.Martin on the 15th April 1893 for the N.W.¼ 19 - 20 - 1 W.5.M. The records of this office do not disclose that any other applications for entry have been made, If any have, they have been refused, the lands being under lease not subject to settlement.

The entry in question was granted Mr Martin upon the following telegram from Acting Commissioner Pearce to Mr Gordon Cumming, dated 1st August 1892 :

"If lands still under lease and you file leaseholder's consent and can take homestead affidavit, Agent will record entry"

which I was subsequently advised by Mr Pearce applies to anyone connected with this Ranche able to file the consent of the lessee. Such permission was filed by Mr Mar-

tin and is on record in your office. Mr Martin also made affidavit in his application for entry and in his application for patent that the buildings and improvements on the lands in question were his own, and, in the latter, that he had not assigned or transferred or agreed to assign or transfer such land. The application for entry and the application for patent were made at the same time.

Officially, I do not know the Quorn Ranche Company. The only party appearing by the records of this office to have any interest in the lease in question is Mr C.W.Martin. I have never been advised by the Quorn Ranche Company, or otherwise, that that Company has, or claims to have, any interest in this lease or in any lands or improvements covered thereby.

In this connection, I beg to refer you to your letter of the 22nd June 1893, 167959, informing me that Mr C.W.Martin is the lessee of the tract in question, and that I am to recognize his power to grant permission for any one to make homestead entry therein.

QUORN RANCHE COMPANY

Lease No.35a was authorised to be issued to Messrs. Moore & Martin by Order-in-Council dated the 11th April 1882, lease issued on the 18th May 1883. 33.000 acres.

Lease No.36; 59.270 acres was authorised to be issued to C.W.Martin by O. in C. of the 11th April 1882.

Lease issued to bear date 13th July 1882.

Lease No.59a was a portion of the lease issued to the "New Oxley Canada) Ranche Company" authorised by O.i in C. of the 4th October 1882, lease was issued 30th Dec. 1884. By O. in C. of the 14th June 1888 the said company was authorised to assign to Mr.C.W.Martin the following portions of Lease No.59, which portions are now known as Lease No.59a; namely; all of Tp.15 in Rgs.25-26 & 27 lying south of little Bow River and Mesquite Creek and the E.½ of Tp.15 Rg.28 all west of the 4th Principal Meridan, a total area of 26.066 acres. The date of the assignment was the 21st April 1888.

Lease No.295 containing 14.666 acres was authorised to be issued to C.W.Martin by Order in Council of the 28 th March 1887. I do not know at what date, if ever, the lease was issued.

OFFICE OF THE

Superintendent of Mines.

The total area of these leaseholds would appear to be 133.002 acres; which area,however,does not correspond with the area upon which they are at present paying rental. I have not checked the areas; but have taken them from the figures furnished me by the Department from time to time.

Messrs.Moore & Martin entered into partnership and in,I think,the autumn of 1886 Mr. [illegible] bought out Mr. [illegible]'s interest in the concern. Considerable litigation ensued over this transaction and it is generally understood that Moore never received anything from Martin: I understand,however,that whether he did or not,he has at present no claim whatever on the Omern Ranche Company,though he may have against Mr.C.W.Martin personally. Probably early in 1887 Mr.Martin organised the concern now known as the "Omern Ranche Company,Lt.,"; but he has never assigned to the Company the leases held by him. There is on fyle here in the office of the Clerk of the Court a document by the Omern Ranche Company,Lt.,by its atterney James Stewart Moore dated the 13th December 1888,granting ten debentures at 500£ each with interest at the rate of 10% pre annum in favour of C.W. Martin. [illegible] On the 8th February 1888,Mr.Moore was appointed atterney by document under seal of the Company stating to be done in conformity with minutes of the Company's meeting of the 21st August 1888 at Omerdon House,

Leicestershire, England. This document is signed by C.W.Martin as President of the Company and George Francis Farnham as Secretary. These debentures are held by Mr.Swan, who is at present in the country, secured by a Chattle Mortgage which is the first lean on the proper-ty of the Company.

So far as I can gather the Quorn Ranche Company consists of the following; C.W.Martin, Mrs.C.W.Martin, Robt.Martin (his cousin), George Francis Farnham, W.K.B. Farnham, J.O'Neill, Capt.McNeill, W.Gerden-Cumming and R.Pairs.

The nominal capital of the concern was 75.000£ of which 50.000£ was paid up. Of the paid-up capital Messrs. Farnham had about 20.000£, J.O'Neill and Capt.McNeill about 2.000£, W.Gerden-Cumming 3.000£, R.Pairs 5 or 8.000 £ and Robert Martin 1.500£.

Martin, it is alleged, was deposed from the Manager-ship of the Company upwards of a year ago, probably two years, by order of the Courts in England and one, Hussey I think the name is, was appointed Receiver. Proceed-ings were taken by G.F.Farnham to declare C.W.Martin bankrupt; while proceedings were going on, however, he was taken suddenly ill which caused a stay in the proceed-ings and on the 5th of this month he was by decree of the Court declared insane, his wife being by said Court appointed "a committee of his person and estate". How-

However, by order of the Courts, Martin's shares were sold sometime since and acquired by the Farnham interest. I cannot learn what amount of shares Mr. Martin held.

Mrs. Barter widow of the late Manager of the Company obtained judgment against the "Quern Ranche Company" on the [illegible] April last for $[illegible] and costs $100.45 additional; under this an execution was issued and sale held by the Sherriff on, I think, the 6th July ls last and the whole was bought in for Mrs. Barter. Under this sale, her soliciters, Messrs. McCarthy & Harvie, claim, that she owns everything; that is, all the rights of the Quern Ranche Company or Messrs. Moore & Martin subject to the Chattle Mortgage held by Mr. Swan, which with interest now amounts to somewhere in the neighbourhood of $38.000.00. It was intended that Mr. Swan should buy this in and he would thus have acquired the whole interest in the Ranche; but at the last moment he failed to do so and to secure Mrs. Barter, it was bought in for her by her soliciters for I think the sum of $25.000.00. There is also a judgment signed against the Quern Ranche Company. I understand it is signed by the Judge; but has not yet been fyled. It is in favour of one Bryce for $544 or $547.00 for oats supplied the company by the said Bryce.

Mr. McCarthy of the firm McCarthy & Harvie who, I understand, is legal adviser to Mr. Martin, denies that Mar-

Martin was ever deposed from the Managership of the Company's affairs while parties financially interested, declare to me that such was the case.

On the 15th April last, Mr. Martin made homestead entry for the N.W.¼.19 - 20 - 1 west of the 5th Meridian on which quarter section most of the buildings of the Company are situated. He gave himself permission, as Manager of the Cmern Ranche Company, to ~~settle upon~~ the land in question and in his ~~declaration~~ application ~~affidavit~~ I presume, he made the usual affidavit, that nobody other than himself had any interests therein. At the same time he made his entry, he made application for his patent on the grounds that he was entitled to the same by virtue of prior residence. On the 21st of that month I wrote the Commissioner calling his attention to the fact that it was very doubtful as to whether Martin was really entitled to his patent for the quarter section in question; this, I presume, has had the effect to stay any action by the Commissioner in the matter and from the evidence now forthcoming, it would appear he is not entitled to patent, at least, not until further investigation is held in the premises.

I have endeavoured in the foregoing memorandum to furnish as far as possible, all the information I have so far been able to obtain on the subject and I trust

I have since learned that Mrs. Barter is sendin-ing to Mr. C.W. Sir:-

I herewith have the honour to attach a memorandum respecting the "Quern Ranche Company" complications. I think, I have represented the case fairly correctly, at least, as near as I have been able to ascertain the facts.

It will be seen that this company's affairs are in a very complicated state at present and it will take a long time to straighten them out; but I trust in the interest of high class horse breeding, they will ultimately succeed in so doing and some concern or other place the company on a solid basis and go ahead with the enterprise.

It is evident, I think, from the facts set forth in this memo that care should be exercised in granting a patent for any portion of the lands involved to Mr. Martin or anyone else at present.

Memorandum for Mr. Burgess:-

Mr. Charles William Martin applied for permission to homestead the N. W. 1/4 of Sec. 19.20.1 West 5th, and a question appears to haveerisen whether or not Mr. Martin should be compelled to obtain the consent of the Quorn Ranche Company. Upon learning that the land applied for by Mr. Martin is within the tract leased to himself, after consulting Mr. Ryley, I decided there was no necessity for obliging Mr. Martin to produce the consent of th the Quorn Ranche Company. That decision was conveyed to the Commissioner on the 8th of August, but you will see that on the 31st of August Mr. Pearce made a report in which he points out that the affairs of the Quorn Ranche Company are somewhat mixed and advises that caution be exercised in granting entry to Mr. Martin.

Martin and no engagement with the Company has been entered into since then there is nothing in the records now to show that Mr. Martin was dismissed from the management of the Company. Some Timber Inspector's Returns were, dated 10th April, 1891 for 262,156 & 100,000 from Victoria Harbour of Calgary which state that an action had been commenced in England by the Alberta Lumber Company against B. In reply to yours of the 13th inst. Ref. 288.508 I enclose herewith a copy of a letter I addressed on the 22nd August last to the Secretary of the Department. Subsequent events, have more than convinced me that I was correct in my suspicions regarding Mr. Martin being the representative of the "Alberta Ranche Company". You may remember that I am-ed Craig vs. "New Oxley Ranche Company" case, the then Minister prior to my taking office, instructing me to dismiss the application of Craig, but I set that decision aside, and instituted proceedings in accordance with the authority of anyone to make entry for himself. Instructions have been issued by the Government to collect a certain amount of back rental due on these leases and I take it, that it should not weaken our case by granting entry to the most valuable improvements. I would direct your attention to that part of my memo concerning the debentures issued by the Western Ranche Company" and which are now held by Mr. Swan; they are at this time in the office of the Clerk of the Court here and would the Department have knowledge of the time it is intended to grant Mr. Martin's request?

In view of the above, I think the Department should for the present proceed very slowly in this case.

I send you herewith copy of a further communication on the subject dated the 24th ultimo received from Mr Pearce. The application is on file here, but under the peculiar circumstances affecting it the Commissioner did not feel at liberty to approve it without first re-ceiving direct authority from the Minister. Dear Sir

I am in receipt of your letter of the 4th inst Ref 26858. I have observed that while the Surveyor was correct in entering this entry, but that the recommendation for patent should not be entertained till 3 years after entry and after the 3 years residence subsequent to homestead entry. This will give ample time for all interested parties to file protests against issuing patent if possible.

I would see that fractional sections can be permitted to commute at the entry. Should he obtained such entry he can vote as a homesteader legally in possession. It is true he has not done but if can never be made in one case it is not noticed by writing a second one.

My dear Smith,

See yours of the 1st December, 1903, Def. 33503. I have discussed this with Mr. Burgess who considers we could not correct the entry; but that the recommendation for patent should not be obtained till 3 years after the entry and after the 3 years residence entry has been put in; that will give settlement to entry holder time for all interested parties to if possible protect themselves.

I cannot see that Quinn's time can be permitted to count until after entry. that will be obtained when entry holder has completed his residence. If it is true it has been two but if we cannot be sure in any case if it is not rectified by making a second one.

Dear Sir;-

Since writing you last as the Attorney and Agent of my daughter Mrs.Lizzie E.Barter,I have made a search in the Registry Office here of Cattle Mortgages and find that the pretended Cattle Mortgage from the Quorn Ranche Company is invalid and that Edward J.Swan has no interest whatever in the said Ranche but that Mrs.Barter is sole and absolute owner of all the property,assests and effects of the Quorn Ranche Company under her purchase of the same at Sheriff's sale and that she,therefore,is the person entitled to the purchase of the lands under the leases held by the said Company.

Charles W. Martin has also assigned to me all his interest in the Northwest quarter of Sec.19 - 20 - 1 w. 5th Meridian the District of Alberta,a copy of which assignment is annexed hereto,I beg therefore,that the patent for the same,on C.Martin's homestead application be issued to the said Lizzie E.Barter.

Dear Sir;-

Since last writing you I am in receipt of the Bills of Sale from the Sheriff to Mrs.Barter by which in addition to the stock of horses,cattle etc.,"All the interest of the said Company" (The Quorn Ranche Company,Limited) "in the leasehold of the Quorn Ranche",is also sold Mrs.Barter and in addition to this by another Bill of Sale of the same date as the other (12th August 1893) "The registered brands of the Quorn Ranche Company,Limited"are also sold and transferred to Mrs.Barter,so that the entire ownership of Martin in the homestead,and of the said company (to whom the leases were assigned by the lessor) in the entire leasehold property as well as in all the remainder of their assets and effects,including their brands,is vested in Mrs.Barter; and as I before stated to you,as the pretended Chattle Mortgage held by Mr.E.J.Swann is null and void,the instrument relied on not being in itself a Chattle Mortgage,and therefore,bad; and the registration Chattle Mortgage Ordinance,as to necessary affidavits, not being complied with,it is also bad on this ground; therefore,the ownership of Mrs.Barter in the entire property,assets and effects is absolute and unincumbered

thus she is clearly entitled to the patent to the homestead and to the right of purchase of the free hold which the Company could have exercised.

I trust, therefore, that as speedily as possible the patent for the homestead may be issued to her, and the order made for the exercise by her of the right to purchase of free hold; and on this being done I will pay up for her the arrears of rent due the Government and will at once myself enter on the practical management of the Ranche with the view of shipping Cavalry Horses to Great Brittain and Germany and to otherwise make the business a large and continuous one.

Trusting that you will render all the facilities in your power to bring the matter named to the earliest possible completion.

Gentlemen:-

It has occurred to me that it might be well that you should be advised that Mr.J.Travis as Attorney for Lizzie M.Carter has on the 16th instant filed with me a letter in which he urges that his client is the sole owner of the property known as the "Quorn Ranche". He also files on the same date copy of what purports to be a transfer of all the interest of Mr C.W.Martin to the S.W.¼ of Sec.14 - 20 - 1 west of the 5th Meridian to the said Lizzie M. Carter, this being dated the 7th September 1896. He contends that by that transfer Martin forfeits whatever rights he himself may ever have possessed to the said lands. I presume his contention will be that he, Martin, has forfeited the said quarter section the same reverts to the Crown to be disposed of as it sees fit and that Mrs.Carter now the sole owner of the Quorn Ranch property, the Government should sell to her the said quarter section on whatever terms may be decided upon.

Sir :-

[illegible] 1908 an application was made by Mr.C.A. Martin to purchase a quarter section of land lying within the leasehold of this company, the "Canadian Pacific Railway Company, Ltd.". This parcel embraces a considerable area of lands which belong to the Canadian Pacific Railway Company. It was alleged by Mr.Martin that an understanding existed between himself and the said Company relative to these lands as well as with the Department of the Interior whereby the said lands would be made over to the Department by this corporation to be disposed of to Mr.Martin, the Yukon Railway Company. I presume, [illegible] an equal area somewhere else in lieu of that given up. This alleged understanding the Canadian Pacific Railway Company deny having any knowledge of and the records of the Department fail to substantiate the same, nor is it within the personal knowledge of any of the officials that such an arrangement was ever entered into. -tisfactory to the Company. I use the term "personal-
ly" that it may be distinctly understood by you on be-
half of your client that the Department is in no way
committed by any expressions of view of mine. I have
taken this action solely in the interest of the "Crown
Benche Company", a property I should greatly regret see-
ing come to grief in any way. However, if satisfacto-
ry assurances of the purchase of this property is not
immediately forthcoming, say within ten days, I fear that
the arrangement I have hopes may be made at this junc-

altogether and I think it would be in the interest of
your client that a combination of interests should be
effected, in order that the property might be acquired
leaving, to yourselves to decide how it should be held
until it might eventually be handed over to the parties
who properly represent the said company.

Please lose no time in acting in this matter.

Department of the Interior,

Department of the Interior,
Ottawa, 30th April, 1895.

Memorandum :-328945 -
To the Deputy Minister,

By your memorandum of the 19th instant I am only asked to see you with this file, but I thought it well, when going over the papers which comprise it to prepare this memorandum of the main facts of the case to which they relate, and to state my views.

The land in question is the N.W.¼ 19-20-1 W. 5th Meridian.

It is within a tract of land which was leased to Charles William Martin for grazing purposes ; and upon it appear to have been erected the principal buildings belonging to his Ranche.

Mr. Martin having asked to be allowed to enter for the quarter-section as a homestead his application was granted, and he made entry on the 16th April 1893.

Shortly afterwards he applied for his patent but on the 12th December, 1893, he was advised that the Commissioner would not approve the certificate of recommendation without direct authority from the Minister.

In February, 1894, Mr. Martin was advised that it had been decided that the residence and cultivation which had been done prior to his dateof entry would not count and that before he was entitled to his certificate of recommendation he must prove residence and cultivation subsequent to that date for six months at least in each year for three years.

Upon the 25th July, 1894, there was received here from Mr. Pearce a copy of a certified copy of an assignment, dated the 7th December, 1893, of this land, from Mr. Martin to Mrs. Lizzie M. Barter, whose husband (now deceased) was in his lifetime largely interested financially in the Grazing Ranche leased to Mr. Martin.This Ranche Co. was apparently the Quorn Ranche Company. If such assignment was sufficient to pass title to Mrs. Barter the certified copy which is yet in Mr. Pearce's office should be registered here upon payment of a fee of $2.00 but its execution is a breach of the provisions of Clause 42 of the Dominion Lands Act and I do not see that it can be recognized by the Department now in any way except as evidence that Mrs. Barter has an equitable claim to the land which in connection with the other circumstances appearing from the correspondence would warrant the Minister in selling the land to her at such price as may be fair.

Upon the 28th December last Mrs.Barter's father, Judge Travis, filed here a document addressed to the Minister reciting that she and Edward J. Swan had amicably settled all matters in dispute with regard othe affairs of the Quorn Ranche Company to the assets of which company it is claimed Mrs. Barter and Mr. Swan

Mr. Swan are alone entitled, and they unite in requesting the issue of a patent for the land in question in Mrs. Barter's favor. This document is signed "Edward J. Swann by Muir & Jephson his advocates," and by "Lizzie M. Barter by her attorney and Agent, J.Travis"

I need scarcely remind you that if title to the land depended upon this document the respective powers of attorney under which Muir & Jephson, and Judge Travis signed it would have to be filed in this Department.

Upon the 19th February last, Judge Travis filed here a certified copy of a decree and memorandum of settlement of an action brought in North Alberta Judicial District of the Supreme Court of the North West Territories by Mrs. Barter against Swann, Martin and others. Mr. Swann and J.S.Gibb were thereby appointed permanent receivers and trustees of all assets of the Quorn Ranche Company, amongst which it would appear the buildings and other improvements on the land in question are included, and they are thereby authorized to perfect their title to such assets including the land in question, the homestead of Mr. Martin.

Up to the date of this memorandum, no assignment from Mr. Martin to the Quorn Ranche Company of the grazing tract has been filed here.

The conclusions I have arrived at are :-

(1) Mr. Martin was entitled to homestead the quarter-section in question but as residence and cultivation prior to his date of entry were not allowed, and his certificate of recommendation for homestead patent could not therefore be approved, the execution of the assignment to Mrs. Barter was contrary to the provisions of Clause 42 of the Dominion Lands Act, and his entry is therefore, null and void, and he has no interest in the land which the Department desires to recognize.

(2) This document and the other papers on file show that Mrs. Barter has an equitable claim which might be recognized, and if she obtains and files here a release from the two trustees named in the decree there is no one else whose interests should be recognized in the matter.

(3) If her claim is recognized and she files such release here the land should be sold to her at such price as under all the circumstances may be reasonable.

(4) The sale should be authorized by an Order in Council which could be passed under the provisions of sub-clause "h" of Clause 90 of the Dominion Lands Act.

Respectfully submitted.

Sir,

I beg to acknowledge the receipt of your letters of the 8th and 16th ultimo, with respect to Mrs. Carter's application for a patent for the land entered in the same of Mr. C.W.Martin (now deceased) as a homestead, the North West quarter of Section 19, Township 20, Range 1, West of the 5th Meridian, and to state that a decision will be arrived at so soon as a report, which the Commissioner of Dominion Lands has this day been requested to furnish, with regard to this matter, has been received here and considered in connection with the papers you have forwarded in support of Mrs. Carter's application.

Sir,

I am directed to transmit, herewith, a copy of a memorandum which Mr. Rothwell submitted to the Deputy Minister upon the 30th ultimo, with regard to the homestead of Mr. C.W.Martin (now deceased) being the land referred to in your letter of the 12th December last, No. 25142 (?) on 236598, and to state that the Deputy Minister considers that the only action which can now be taken with regard to this land, in so far as the circumstances governing Mrs. Carter's claim are disclosed by the papers on file here, is the action which Mr. Rothwell recommends. The Deputy considers that $1.00 per acre would be a fair price to charge Mrs. Carter, under the circumstances, but he would like to know the Commissioner's views before any action in the direction of such sale is taken, and before Mrs. Carter or James Travis is advised that this settlement of the case is contemplated.

I am particularly to request the Commissioner to state in his reply whether he has any special reason, that is any reason other than the one mentioned by Mr. Rothwell in his memorandum for refusing to grant Mr. Martin his certificate of

OFFICE OF THE COMMISSIONER OF DOMINION LANDS.

Winnipeg, Man. 14th May, 1895.

Sir,

I am directed to say in answer to your letter of the 1st instant, 328945, that the Commissioner concurs in the opinion of the Deputy that $1 an acre would be a fair price to charge Mrs.Barter for the N.W.¼ of Section 19, Township 20, Range 1, W.5.M. The Commissioner is not aware of any reason other than those set out in Mr.Rothwell's memorandum, for refusing to grant Mr.Martin a certificate of recommendation for homestead patent covering the above land.

In the first instance, the certificate was withheld for the reason that Mr.Martin had not been in residence for a sufficient period subsequent to the date of his entry. The cause of cancellation lies in Mr.Martin's unauthorised assignment of the land.

In cancelling the entry and selling the land at a nominal price to Mrs.Barter, the Commissioner is of opinion that the best course is taken to bring about an equitable and satisfactory settlement of the matter.

Sir,

Referring to my letter of the 1st instant, I am directed to inform you that all papers and documents on file here concerning the claim of Mrs. Lizzie M. Barter, to a patent for the land which the late Mr. C.W.Martin held as a homestead, the North West quarter of Section 19, Township 20, Range 1, West of the 5th Meridian, have been considered, and that the conclusions which have been arrived at are as follows :-

(1) That Mr. Martin was entitled to homestead the quarter-section in question, but as residence and cultivation prior to his date of entry were not allowed, and his certificate of recommendation for homestead patent could not therefore be approved, the execution of the assignment to Mrs. Barter was contrary to the provisions of Clause 42 of the Dominion Lands Act, his entry is therefore null and void, and he has no interest in the land which the Department requires to recognize.

interest should be recognized in the matter.

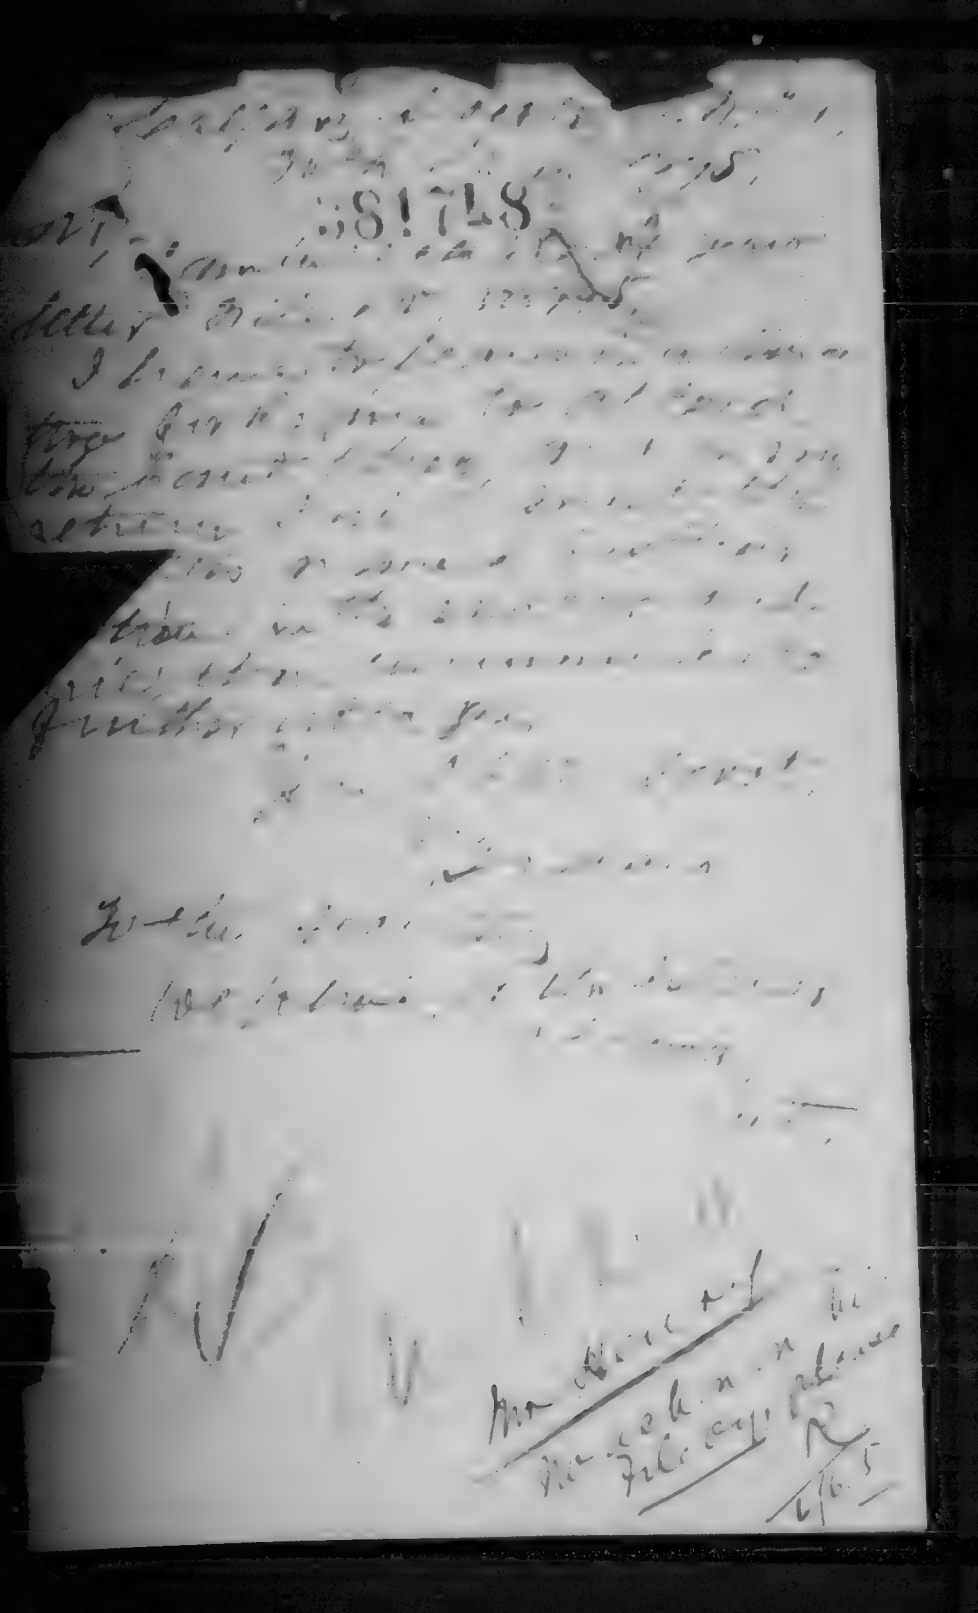

(3) That when Mrs. Barter files here a satisfactory release, executed by such two trustees, and pays for the land at the rate of $1.00 per acre, a total amount of $160.00, the sale of the land to her will be authorized under the provisions of sub-clause 'h' of Clause 90 of the Dominion Lands Act, and letters patent will immediately thereafter issue for it in her name.

To His Excellency,

The Governor-General in Council,

The undersigned has the honour to sub - mit for consideration a case which has arisen out of claims to the North West quarter of Section 19, Township 20, Range 1, West of the 5th Meridian, and which should be dealt with under the provisions of sub-clause "h" of Clause 90 of the Dominion Lands Act, the particulars thereof being as follows:-

This quarter-section is within a tract of land which was at one time leased to Charles William Martin, for grazing purposes ; and upon which were erected the principal buildings belonging to his ranche. Mr. Martin, having applied for this quarter-section as a homestead, was granted an entry for it on the 15th April, 1893. Shortly afterwards he applied for his patent, but he was advised that before a certificate of recommendation for such patent could be granted to him he would have to furnish the usual proof of compliance with the residence and cultivation conditions of his entry.

Upon the 28th July, 1894, there was received in the Department of the Interior, an assignment of the quarter-section, bearing date the

7th

7th December, 1893. This instrument was executed by Mr. Martin in favour of Mrs. Lizzie M.Barter, widow of the late John James Barter, who in his lifetime was largely financially interested in the affairs of the Quorn Ranche Company, being at one time the Company's Manager. A dispute having arisen between the shareholders of this Company as to its affairs, and as to the ownership of the buildings and improvements upon the quarter-section in question, certain of the shareholders claiming that they belonged to the Company and that Mr. Martin had erected the buildings and made the improvements for the Company, Mrs. Barter brought an action in the Supreme Court of the North West Territories, North Alberta Judicial District against the shareholders and receivers of the Company, and, under and in pursuance of the terms of a memorandum of settlement and compromise, which was executed between the parties to the said action, and which was made a rule and judgment of the above mentioned Court by a decree granted by Mr. Justice Scott on the 20th November, 1894, in such action, Edward J. Senn and J. Sidney Gibb, the Company's receivers, executed a quit claim deed in favour of Mrs. Barter of all the estate and interest of the Company to the quarter-section in question. Copies of the decree, memorandum of settlement, and quit claim deed are of record in the Department of the Interior.

Under

Under the foregoing circumstances the undersigned has come to the conclusion that Mrs. Barter has an equitable claim to the patent for this quarter-section, which should be recognized upon payment by her of a reasonable price for the same, which price, after consulting his Deputy and the Commissioner of Dominion Lands, he has fixed at $1.00 an acre ; and he therefore, recommends that the sale of the quarter-section to Mrs. Barter at that rate be authorized under the provisions of sub-clause "h" of Clause 30 of the Dominion Lands Act, she having paid $160.00 in scrip, in full of such purchase.

Respectfully submitted.

Sir,

Enclosed find declaration of abandonment by Charles Linzee Douglass, of the N.E.¼ of 24--20--2 W. of 5th. Mn., made in August 1892. At that time Douglass was in the employ of the "Quorn Ranche Company" and I am of the opinion that he was a stockholder in same, but of that I am not certain; at all events he left the Company's employ some short time afterwards and took up a claim some miles to the West where he still is. The improvements mentioned were not made by him, in fact, were there before he entered, and owned by the Quorn Ranche Company and it is probable at date of entry swore there were none. At time he entered he supposed the N.E.¼ of 24, was the S.E.¼ of 20, and made entry, intending to secure for the use of the Company a portion of that ¼ lying across Sheep Creek, which the said Company was informed was likely to be entered, and if enclosed by a hostile neighbour, would cause it considerable annoyance, and loss. Mr.Swann who applies to homestead this ¼ Section is the Manager of the said Ranche Company, and controls largely the same. I presume that he might be considered to represent two thirds of the value of the concern. I see no objection to his request being met, and also for reasons mentioned the question of improvements waived.

Mr. Goodeve:-

I have copied Mr. Dennis's letter & certificate from file 28497T&M herewith, and placed the copies hereunder. The Trustees have, I believe, paid $1 an acre, and the value of the works more than pays the difference of $2 an acre. I don't know whether any entry has to be made as to $2 an acre paid for in value of works.

Sir,

Replying to your letter of the 10th instant respecting the issue of patent for the N.E. 1/4 24--[illegible] W. 5th M., sold to the trustees and receivers of the Morn Eyche property under irrigation conditions, I beg to say that as far back as last September, Mr. T. C. Lee, of Calgary, [illegible] of the Trustees, was informed that a certificate from the Deputy Commissioner of Public Works at Regina had to be filed here before action could be taken towards issuing the patent. In February last Mr. Lee forwarded a certificate but as it did not refer to the land in question, it was returned to him on the 9th March following, and a correct certificate has only just been received. Steps are now being taken to issue a patent for the above land.

Secretary

There is no reason as far as value is concerned why the Hudson's Bay Company should not accept an equal area in the neighborhood. The construction of the Calgary & Edmonton Railway has destroyed any value it may have had at one time possessed by virtue of the Calgary and Edmonton trail crossing the Roseland on the said half section. So far as I am aware the E.½ of s.24 or 24 in this township or fractional section 22 in T.30 R.29 west of 4th M. are equally valuable, the latter half section contains some six or seven acres less than the W.½ Sec.25.

Scarlett is a poor, but settler, the establishment by him of a stopping place at the time he did so, was of considerable benefit to the public, including the Hudsons Bay Company. Dear Sir

By your letter of the 17th April last in reference to the Certificate No 2 Form "C" for 2400 acres to be issued to Wm Geo. Livingstone you stated that the Scrips would not be issued to him until he became due. That is on the 10th December 1887 -

Now when the Commission was here the half breeds brought their question of selecting scrip to Prince and locating the land until it and Wm Stuart before giving them an answer telegraphed to Ottawa for an answer to their enquiries

The following day he told them that scrips would be issued to Prince but that they were working to prevent him from locating land like their Guardian -

As the lands, especially passing out of the hands of the Government they are anxious to locate the land at once with the scrips Coming to them hence Wm Livingstone making on behalf of himself and others

Dear Sir,

I have an inquiry from Mrs. Maggie Gillis concerning her father, (deceased).

His name was Mr. John Finey and was employed by the Hudson's Bay Company as Trader on Fisher Lake post around 1900-1910.

He acted on a half section of land on the south side of Kitchener Reserve, in the Eighties of the last century. This land may have changed hands several times since, and Mrs. Gillis is anxious to know the number of this half section as the title rights may be in his name.

The Hudson's Bay manager at Fort Vermilion, Mr. Glennie, gave me your address and said you may be able to give some information on Mr. Finey.

Any assistance you can give Mrs. Gillis in this matter will be gratefully remembered. Thanking you,

Yours very truly,

As we understand that your Department kept land records prior to 1931, would you kindly search these records in an attempt to assist Mrs. Calliou in establishing the ownership of the oil rights of the land in question.

Dear Sir:

I have a copy of your letter bearing date the 14th of September, 1953, which was addressed to the Manager, Hudson's Bay Company, 10244-103rd St., Edmonton, Alberta, relative to your enquiry as to a grant of land having been issued in the name of Mr. John Foley.

Our records indicate that one John Foley obtained Letters Patent bearing date the 16th of August, 1893, for the Southwest quarter of Section Thirty-three, Township Fifty-four, Range Twenty-two, West of the Fourth Meridian. His address at that time was Fort Saskatchewan, Alberta.

This man, in his sworn statement dated the 7th of June, 1892, in support of his application for Patent for the said land, gave his age as 40 years. He also stated that his family consisted of his wife and six children.

With reference to the oil rights, I wish to inform you that all transactions subsequent to the issue of Letters Patent are between the Registrar of Lands and the Patentee, his successors or assigns. In this instance, you may obtain this information from the Registrar, Land Titles Office, Edmonton, Alberta.

Sir;-

Mr. H. Lambert of Fort Saskatchewan, homesteader of River Lot 2, 160 acres and purchaser of the balance 205 acres, desire to know if he has not a right to take up a second homestead.

By H.O. letter of the 10th of July 1896, file 329875, it would appear that he was not entitled to a second homestead.

However, on 10th of December 1897 the following circular was issued, H.O. file 359468. "where a settler can prove compliance under the homestead conditions of the Dominion Lands Act prior to the 2nd of June 1889, whether by entry or by the mere fact of his having settled upon and cultivated the land, he is entitled to 2nd entry." Would you kindly instruct if by this circular the decision arrived in July 1896 still holds good or not.

Copy for File 329875. Land Patents Branch

Memorandum: Ottawa, 25th October, 1922.

N. O. Coté, Esq., I.S.O.,
Controller, Land Patents Branch.

Re Lots 2 and 4, Fort Saskatchewan Settlement.

Mr. A. G. Stewart, the Surveyor to the Land Titles Office at Edmonton, is making enquiries in connection with the above mentioned lots as the owners wish to transfer the land, and they claim that there is a greater area shown on the new plan than at the time the patents were issued, according to the old plan.

The Surveyor General has suggested that if the owners of these lots wish to obtain title to the area shown on the latest plan, they be asked to revest their title in the Crown and the title then be granted to them according to this plan on the usual conditions. This suggestion is not very feasible because when the patents were originally issued, one of them was on the short form and the other reserved mines and minerals, and as you are aware, in issuing a new patent the Crown would have to reserve mines and minerals. I would, therefore, suggest that Mr. Stewart be informed that the patents which were issued conveyed all the lands within the limits of the lots as originally surveyed, irrespective of any area which may have been mentioned in the patent.

From what I can learn from the Surveyor General's Branch the survey as indicated by the latest plan does not change the situation so far as monuments on the ground are concerned, but it is simply a closer plotting of the land and accordingly an increase in area.

In talking with Mr. Brooks over the telephone yesterday, I told him what action we proposed taking and he concurred with me that this might be acceptable.

Mr. Stewart is anxious for a decision in this case.

To W. Goodeve Esq.

The attention of the Surveyor General should be drawn to the following facts:

On the printed plans (1st and only Edition) of Township 3, Range 18 West of 2nd Principal the Kootenay River is shown to traverse the South-East part of the said Township, which apparently is an error; for on the recent issue of the General Map of Alberta and the N.W. Territories "Waterton River" is substituted for "Kootenay River". — "Kootenie-Brook" is shown, on the same map, to join the Waterton River (or its connection) a little North of Waterton Lake in Tp. 1. (4.29 West of 4th Meridian, and Kootanie (or Kootenay) River, according to recent issue of Sheet 1. of Railway-Belt-Maps, is shown to enter the Railway-Belt in about Township 24 Range 16 West of 5th Meridian.

The attention of the Surveyor-General should be drawn to the following facts:

— On the printed blue (Provisional Edition) of Township 3 Range 18 West of 5th Meridian the Kootenay River is shown to traverse the South-East portion of said Township, which apparently is an error, for on the provisional-Map of Selkirk relating thereto the N.W. Territories "Waterton River" is substituted for "Kootenay River". — Kootenae Brook is shown, on the same Map, to join the Waterton River (or its continuation) a little south of Waterton Lake in Tp. 1 (4.) of Range 4 West of 4th Meridian, and Kootenae (or Kootenay River, according to same issue of Sheet 1 of Kootenay Settlement Map, is shown to enter the Kootenay Block in about Township 1 Range 16 West of 5th Meridian.

Ottawa, 17th June, 1893.

One C. C. Irvine has made homestead entry for all that portion of the South East quarter of Section 14, Township 5, Range 25, West of the 4th Meridian, which lies to the North and West of a river which is shown on the plan of the township as "Kootenay River," but which on the general map of Manitoba and the North West Territories is known as "Waterson River."

This file is therefore referred to the Surveyor General in order to ascertain the correct name of this River as it is required for insertion in the Patent.

Memorandum

In reply to your memorandum of the 17th instant, the correct name of the River to which you refer in Township 5, Range 28, West of the 4th Meridian is, I believe, "Waterton".

The words to be inserted in C.C. Irvine's patent should be, I think "the Kootenay River, as shown on "the plan of survey of the said township ..etc." I would suggest to refer this matter to Mr. Rothwell as it is more a matter of law than a question of survey.

Sir,

I beg to draw your attention to the advisability of your directing the subdivision of the Township East of Township 31 Range 3 West in the event of one of your parties this season, if at all possible.

This township appears on the index map issued by the Dept. which as a surveyed township, and upon receipt of the Township plans here, apparently, overlooking the fact that only the odd lines thereon have been surveyed, it was referred in this Land Office as one open for entry. Since then a number of entries have been granted in the unsurveyed sections. The Head Office were called upon to allow, by the fact that these entries have

This file, No. 330362, is referred to the Surveyor General and his attention is called to the copy of a letter addressed to Mr. J. S. Dennis, Chief Inspector of Surveys, by the Agent of Dominion Lands at Calgary. From the letter addressed to the Secretary of the Department in connection with the subdivision of the North half of Township 32, Range 3, West of the 5th Meridian, in which land the Agent has granted several entries, it appears that it had escaped his attention that only the South half of the Township had been subdivided. Perhaps something might be done to have this half of the Township subdivided as there are as many as ten entries being granted in that portion of the Township which has not been subdivided.

Assistant Secretary.

Sir,

I am directed to say that on the 5th May last you were written to on your reference number 234106, and 185[illegible]7, authorizing the sale to the nominee of one Batho of the N.E.¼ of 28. 32. 3. West of the 5th Meridian. No cancellation of this entry has so far been reported but the Agent seems to have sold it to one John Kennedy, who has applied a Half-breed Land Scrip for $160 upon it and an assignment of the land in question in favour of Mr. Batho's wife has since been filed in this Department. How the land can be sold until the entry of Batho has been cancelled it is difficult to say, and I am further to point out that the Order in Council of the 18th April 1885, authorizing the issue of land scrip to Half-breeds, states that the land to be selected thereunder must be land open for homestead entry. A copy of this letter has been sent to the Local Agent asking him to explain this transaction. Meantime the $2 filed with the assignment to Batho's wife has been returned to Messrs. McCarthy & Harvey.

Ottawa, 18th September, 1885.

Mr. Pelton having applied to purchase his homestead, the North East quarter of Section 25, Township 52, Range 5, West of the 2nd Meridian, was informed that the law did not permit of the sale being made to himself but that land might be sold to his father-in-law or any one else. He instead of purchasing at once Half-breed land scrip, for $160.00 on the land in question, the same having been applied through the Valuer. Among the papers submitted, was an assignment of the land in question in favour of Mr. Pelton's wife was also taken in the Department. These particulars are submitted to you in order that I may be informed as to whether or not you approve of this transaction. The application of Mr. Pelton's homestead entry has not been reported here and it is doubtful whether such scrip can be located on this land as under the Order in Council of the 16th April, last, authorizing the issue of land scrip to Half-breeds, it is stated that the land to

The application for patent of R. T. Wilson Herald (leg. representative of Revd. Jas Herald, deceased), under the "two miles radius clause" shews that the cultivation has been done in an irregular manner as follows:-

Year							
Broken							
Cropped							

This is a case where the equitable requirements of the Dominion Lands Act have been fully complied with, but as there is a technical defect which prevents me from approving the application in the usual way, consistently with a strict literal interpretation of the law, I submit it with a recommendation that under the circumstances, a special patent shall be allowed to issue in favour of Mr. Herald.

The residence within the radius and upon the homestead is satisfactory.

Certified Copy of a Report of a Committee of the Honourable the Privy Council, approved by His Excellency the GOVERNOR GENERAL IN COUNCIL, on the [illegible] February 1914.

On a report dated [illegible], from the Minister of the Interior, stating that an application has been made by the trustees of Rimbey School District, Town Unit Territories, for a grant of two acres of land, being a part or portion, and adjoining the North East corner, of the North quarter of Section [illegible], Township [illegible], West of the [illegible] Meridian, for the purpose of a School Site.

The Minister observes that the practice heretofore has been to sell by land scrip evidences to the trustees of the School District at the Government price ruling at the time, but further consideration of the matter and in view of the fact that the trustees are required to pay a special patent fee of $10, and are also required in cases where

To the Honourable
the Minister of the Interior.

[illegible] the parcel applied for does not adjoin one of the outer boundaries of the quarter section to furnish a surveyor's description of such parcel at their own expense, he (the Minister) is of opinion that it would be in the interests of education that the land required for a school site be reserved from sale, where available, the Trustees being called upon to pay the usual fee of $10.00 and to furnish a surveyor's description of the parcel where necessary.

The Minister therefore recommends that two acres being a part or portion of and adjoining the North East corner of the North East quarter of Section [illegible], Township [illegible], Range [illegible] West of the [illegible] Meridian, be granted free, unto the Trustees of the [illegible] School District, for a school site, subject to the provisions of [illegible] Act, by which Your Excellency in Council is empowered to grant other lands, not [illegible] Lands for school purposes, such grants, however to be subject to the payment by the Trustees of the said District of a patent fee of $10.00.

The Minister further recommends, as it will be necessary in the event of the parcel in question being granted to the Trustees for a School site, to

provide

provide for access to the same, that for this pur - pose the land necessary for a right of way one half chain in width along the Southern Boundary of the North East quarter of the said section 28 from the road allowance on the Easterly boundary of the said to the said parcel be granted to the Trustees of Glina Lan School District.

The Committee submit the above recommendation for Your Excellency's approval.

Re: Pt. N.E. 26-39-27-4.

I duly received your letter of December 7th, last, in reference to two acres in the above quarter-section, which were patented to the Blindman Public School District #255.

Apparently no memorandum of the condition under which the patent was issued was noted on the Title, and a transfer from the trustees of the School District was registered here on November 8th, 1909, in favour of William Lawton of Blackfalds. No condition was attached to the transfer and since that time the school site and road have been dealt with as part of the quarter-section, which now is registered in the name of Mike Madden.

Gentlemen,-

Re: Special Grant No. 1205

By Letters Patent of date the 24th June, 1899, certain lands described hereunder were conveyed to The Blindman Public School District No. 255,

"TO HAVE AND TO HOLD the same unto the said Corporation, its successors and assigns forever, for the purposes of a School site and Right of Way thereto and for no other purpose or purposes whatsoever"

The lands to which reference is made are as follows:

Pt. North East quarter of Section 25, Township 39, Range 27, West of the 4th Meridian - area 2 acres.

The Department has recently received from a reliable source information to the effect that this acreage has been sold, in contravention of the terms of the grant, and I would therefore request you to kindly advise me as soon as possible what were the circumstances surrounding the disposal of this property, and how the fact that it was placed at the disposal of the grantees, so long as it was required and used for the purpose mentioned and no other, which included no authority to dispose of it under any conditions, was overlooked.

Your obedient servant,

J. W. MARTIN

Dear Sir

July 23/09

Re Scrip Grant #1505

DEPARTMENT OF THE INTERIOR

re the above. In reply to your letter
The Board of Trustees
you that they have no means of informing you how
this matter was dealt with as all records of the
transaction are missing. The then Board of Trustees
are deceased except one & he has been interviewed but
is unable to throw any light on the matter. The party
to whom the land ~~was~~ belonged (a Mr Lawton) has been
seen & all that he could tell us was that a dollar
was given to the Board for the site when the school
house was moved onto the NW¼ section. & he received
a dollar for the site on NW¼ section from the Board.
It appears that it was found necessary to move the
school house from the NE¼ section to the NW¼ section
to make it accessible on account of no road when
the lands were fenced & by moving it to the NW¼
section it was accessible it being on the Calgary-
Edmonton Trail. Since that time the school Board
has acquired a further site where the school now
stands & so the sites on both the NW¼ & NE¼
sections are not used or needed for school purposes.

This is all the information
we have on account of the records being astray & the
Board hopes this will clear the matter up & is
thing more that we can do will be done

Yours truly
R E R Harvey Sec

DOMINION LANDS ADMINISTRATION

23rd June, 1930.

MEMORANDUM:

Mr. Harvie.

Re Special Grant No. 1205.

By Letters Patent of date 14th June, 1899, certain lands were conveyed to The Blindman Public School District No. 255,

"TO HAVE AND TO HOLD the same unto the said Corporation, its successors and assigns forever, for the purposes of a school site and Right of Way thereto and for no other purpose or purposes whatsoever."

These lands are as follows:

Part North East quarter of Section 26, Township 39, Range 27, West of the 4th Meridian, an area of 2 acres.

As you are aware, at the request of the Department, inspections of all special grants for specific purposes are being made, with the result that in this case information has been submitted by Inspector R.A. Kembry, under date 9th September, 1929, to the effect that this land has been sold.

Information received from the Registrar of Land Titles at Edmonton, Alberta, confirms the report. This site has been sold and transfer registered without any restrictions or provisoes protecting the interest of the Crown.

The grantees were requested to explain the circumstances surrounding the disposal of this property and how the conditions imposes in the grant were overlooked.

Their reply is on file immediately

under.....

under this memorandum and seems to be a reasonable and acceptable explanation.

Under date 11th January, 1911, on file 460224, the Deputy Minister authorized the acceptance of $10.00 per acre for any site granted for school purposes where removal of the restriction is desired, on the condition that the grantees give assurance that in the event of a sale the proceeds will be devoted to school purposes.

In this case sale has actually been made and providing the explanation offered by the grantees is acceptable, it would seem to be in order to advise them that the Department is prepared to rescind the restrictions imposed in the terms of the grant and quit claim the interest of the Crown in this land, providing the grantees ~~submit a statement to the effect that all moneys received by the sale have been or will be used for school purposes, and~~ pay for this site at Ten Dollars ($10.00) per acre.

Sir,

I have the honor to acknowledge your letter of the 16th inst. and enclose herewith receipt for the purchase money (to wit $ .00) for 5 Acres of N. E. quarter Sec. 2 Tp. 23.-Rge. 1. West of 4th Mer. lying East of the lake, Plan, subject to the Plan, subject to the Regulations in question. It would appear from your letter of the 17th inst., that the lake is not navigable, and that the Government has no control over the mp, and I shall be glad if you will advise me whether such is the fact? You will observe that by the plan in force the C.P.R. claim the whole of the land covered by the lake to the meander line, but by an old survey the meander line is the boundary.
If proceeding the lake on the ground that such portion is still to be reserved by the Government, you will permit me to do it. I enclose herewith a form of application for a permit, in case you may be disposed to grant same.

Sir,

In reply to your letter of the 2nd, Inst. respecting the N. E. quarter of Sec. 6 - 2 -1 west of 5th Mn. I beg to say,

1st. The 16.00 acres purchased by you comprises only that portion of the quarter Section lying west of the lake, that portion lying to the east of the lake consists of an additional six acres, and were not included in the permission to purchase given by the Department. If you desire to acquire it, a separate application must be made. Even if you acquire the land on the east side of the lake however, it would give you no right to fence the entire quarter.

2. The sale of the 16.00 acres is now complete, and I cannot cancel that application or the money on it by permit. If you desire it cancelled and a refund made it will be necessary to apply to the Head Office, stating your reasons.

3. A permit to purchase the balance of the quarter section will be issued to you on receipt of $6.00, the fees covering the quantity you have applied for.

James Ogilvie Esq.

OLDS.

336412

4. The permission given you to purchase does not apply to the whole quarter section. If you wish to buy the whole quarter a fresh application must be made. As the drying up of the lake appears to render the reclaimed area valuable for hay, the Government may perhaps decide to reserve it for hay purposes or dispose of it only by public competition.

Receipt No. 1205 is returned herewith.

H.H.Smith Esq.,

Dear Sir,

Francis Dunn of Dodge Co. Nebraska wi shes me to request your permission to purchase the N orth East Quarter of Sec. 6 Tp. 32, R.1, W. 5th lyin g 4 miles South of Olds Station in Alberta, I own 16 acres of this quarter and there are 5 acres more of surve yed land but the 144 acres remaining was once a lak e and very likely will be again some day. At pre sent it is a hay swamp of no value to any one on acc ount of stock destroying the herbage and trampling it u p in such a manner that it will be soon destroyed. I believe the Government purpose reserving these low lyin g lake beds for hay for settlers but I would respectfu lly inform you that they are not numerous enough to be of any practicable use to settlers generally just enough of them to engender bad feeling and frequent qu arrels and I believe the sooner these small meadows ar e disposed of the better then farmers having no n atural hay will grow tame grasses. Mr. Dunn is worth $50000 and purchased to-day section 13-32-2, W. for on e of his sons and already has one stepson living on 18-3 2-1, W. named Hilbert. Another will settle on another s uitable section when he comes North in June. I mention these facts because this hay land is for their benefi t. I told him the price was $3.00 per acre 1/3 down and d itto in 1 & 2 years 6% Int. that is if you granted him permission to purchase it.

Yours truly,

Memorandum:

Frac.N.E.¼ 6-32-1,W.5th M.,W.of the lake,6 acres. Application of H.N.Rickard to purchase.

The whole of the above section was reserved for hay in 1899 and in June last Mr.Homestead Inspector Liesemer reported that the W.½ and the S.E.¼ were no longer required for that purpose and the Agent of Dominion Lands at Calgary was advised to make these lands available by posting.

Mr.Rickard obtained homestead entry for the N.W.¼ of this section,containing 146 acres,on the 31st August last, and,as the Timber,Grazing & Irrigation Branch reports the parcel in question to be clear in its records,I would suggest that Mr.Rickard might be permitted to purchase on the usual terms, [illegible] 146 acres [illegible] 6 acres, [illegible] 152,

On the township plan beneath,the land in question is shown hatched in red.

Gentlemen:-

In reply to your letter of the 29t June Re to the plan and description of Right of Way and Station Ground, also the Release from Duncan and Hugh McNeill, I find by referring to my Letter Book copy of Mr. Bernister's description that he has described the Right of Way and Station Ground in one parcel, giving the total area required in each 1/4 of Sec. 36, Tp. 21, Range 1, West of 5th I.M. Mr. Bernister's plan on an enlarged scale which was attached to his description shews the area of the Right of Way to agree with my copy of the official plan of the Calgary and Edmonton Railway as on record in the Department. It also shews the area required in each 1/4 Section for Station Ground purposes. Mr. Bernister's plan on a enlarged scale made and dated 21st Nov. 1891 is a correct representation of the Right of Way and Station Ground as it will be shown upon the plan of 'Railway as Completed' which plan is being prepared and will be completed as soon as possible after all the townships have been subdivided along the course of the Railway.

Yours truly

Sir:-

RE CALGARY & EDMONTON RY. RIGHT OF WAY PLAN.

We beg to acknowledge the receipt of your letter of the 3rd November, instant (File No.332961), with reference to the South half of Section 36, Township 21, Range 1, West of the 5th I.M., and regret that the discrepancy pointed out between the Right of Way plan and the plan filed with the Release exists.

It occurs to us that possibly in issuing the various Patents other differences of a somewhat similar nature may be found to exist, and we respectfully suggest for your consideration that the Right of Way plan that you sent to us for correction be now returned and notes taken of all future differences that may be discovered, and then the plan be returned to us for correction once for all. One reason why we suggest this course is that the gentleman who made and certified the Right of Way plan is living at Portage la Prairie, and we do not like the risk of sending this original plan to and fro. May we respectfully request your careful consideration of our suggestion; in the meantime, we retain the Right of Way plan.

We have the honor to be,

Gentlemen,

Re S. W. ¼ 53—2—25 W. 4th M.

The Secretary,

Sir,-

- Re S.W.¼.33-2-2-W.4th - Agreement 25½ C.& E.-

We beg to acknowledge receipt of your favor of the 2nd inst, Reference No.344078, in which you state that it is the intention of the Department to issue patent in the name of Moses Albert Anderson for the mines and minerals under the above mentioned land and that if there is any objection on the part of the Calgary and Edmonton Railway or the Calgary and Edmonton Land Company, to such action being taken. On behalf of the Calgary and Edmonton Land Company, we beg to submit no patent for the mines and minerals being issued to Moses Albert Anderson, the surface of the land only having been sold and paid for as the usual price of surface rights and subject to the express exception in the agreement of sale reserving the "mines, minerals, coal or petroleum stated in or under "the said land".

The Certificate of Title as issued to the applicant rights not excepting the mineral rights, has been accepted by Anderson, who was well aware that he was not entitled to the mineral rights. Our statement filed in the Department apparently did not exclude the reservation of mines and minerals but, as the patent issued did make this reservation

and as between the Land Company and Anderson he was not entitled to the mines and minerals, there should not, we think, be any difficulty in having the Company's rights protected and a patent issued to the Land Company for the mines and minerals.

We shall be glad to hear from you as to what further material, if any, you will require to enable the patent for the mines and minerals to be issued to the Land Company.

The position in which the Company was placed as to the minerals in these lands by the view adopted by the Government, in the first place, no doubt led to the form of amendment filed, but it is to be hoped it can now be corrected and we should be glad if you would kindly deal with the matter in this way and have the patent for the mines and minerals issued to the Calgary and Edmonton Land Company, Limited.

Re: Thos. [illegible]. Hollis. Joint Relief.

The attached report, with recommendations of the Chief Collector of the Collection Branch, Department of Municipal Affairs, dated July 9th, 1947, has been submitted to the Agricultural Relief Adjustment Board, and in the opinion of the Board the proposed adjustment is fair and reasonable, and it is desirable that it be accepted.

July 9, 1947.

Mr. J. H. Judge,
Chairman,
Seed Grain & Relief Adjustment Board,
EDMONTON, Alberta.

Dear Sir:

Re: Thos. [illegible]. Hollis. Joint Relief.
[illegible] 22-11-5-4 & [illegible], 14-12-5-4.

The above party obtained the following Joint Relief Advances giving as security liens on the title to the above land.

April 30/30	$ 23.65
March 23/32	77.50
April 5/32	201.73
	$302.88
Int. to Mar. 31/37	[illegible]
	[illegible]

It was necessary some time ago to discharge the liens in respect of the [illegible]. 22-12-5-4 as it was definitely shown that the debtor was not the registered owner of this parcel and that the consent of the owner had not been given.

A search of the title to the [illegible]. 22-12-5-4 which has been obtained from the Land Titles Office shows this parcel to stand in the name of individuals other than the debtor, free of all liens which were apparently wiped out by foreclosure or other legal action.

(continued)

Title to the S.E. 14-13-5-4 was subject to a mortgage held by the Excelsior Life Insurance Company which was registered prior to the liens. Foreclosure action under the mortgage was concluded in 1929 with the result that title to this land was vested in the name of the Company free of all liens.

The debtor died in 1928 or 1929 in destitute circumstances.

As there is no possibility of obtaining repayment under the personal covenant and as no security remains I would recommend that the balance outstanding be written off.

Provincial Seed Grain Advances of two hundred and sixty-three dollars and twenty-two cents ($263.22) have already been cancelled.

Yours very truly,

[illegible] Commissioner.

Re: C. & E. Land Subsidy.

Your File 335378

Dear Sir:-

We duly received your letter of May 23rd with its enclosure of direction by the Calgary & Edmonton Railway Company under which surface patent for this land was issued in 1893 to Robert Davis McKee, and intimating that sub-surface patent would now be issued to Robert Davis McKee as the nominee of the Calgary & Edmonton Railway Company.

Under yesterday's date we addressed to the Deputy Minister of the Department a general letter under the caption -

"Re: C. & E. Land Subsidy
and in particular Class "D"
where minerals reserved in sale
but ? in nomination for patent."

which bears generally upon the whole class of cases of which this McKee parcel is only one.

On behalf of the Calgary & Edmonton Railway Company and its assigns (Calgary & Edmonton Land Company and Calgary & Edmonton Corporation Limited) we beg to submit that Robert Davis McKee is not the nominee of the Calgary & Edmonton Railway Company for issue of the sub-surface rights in this land and that the nomination or direction dated 27th of July 1893, whereof you were good enough to forward us a copy, related only to the surface and was so accepted and acted upon by the Department in its issue of the surface patent.

McKee was our client's purchaser of the surface of this land under form of Agreement which expressly reserved the underrights to the Vendor and we should be able to produce for the Department's inspection the original duplicates of this contract in support of our client's claim to be entitled now to a patent to the underrights.

There is considerable area, in all some 23,000 acres, falling within the same general classification and we hope that the Department will withhold all action in the direction of the issuance of underrights patents in such cases until we have had the opportunity of submitting to you our full claims in this connection, which can probably more conveniently be done by personal visit of a representative to Ottawa.

By way of precaution we are wiring you today the gist of the foregoing.

Yours truly,

Dear Mr. Davis,

re Calgary & Edmonton Railway Land Subsidy.

In connection with the issue of the patents for the minerals underlying the lands scheduled hereunder it is found that the requisitions for the issue of the surface patents in the names of the nominees were made by the Calgary and Edmonton Railway, whereas the agreements of Sale, which you recently forwarded to the Department, were made by the Calgary and Edmonton Land Company.

The sale of these lands to the nominees having been made by the Calgary and Edmonton Land Company, it is assumed that the lands were assigned by the Calgary and Edmonton Railway Company to the Calgary and Edmonton Land Company but the assignments have not been filed in the Department. Before patent to the minerals in these lands can be issued to the Calgary and Edmonton Land Company, it will be necessary that the assignments under which the Land Company acted in the disposition of the surface be filed with us.

Re: C.& E. Land Subsidy.

Dear Mr. Harvie,

This letter relates only to the 11 quarters dealt with by your letters to me of 28th and 29th November last (file references below) where the nominations for surface patent were by the Railway Company but the sales reserving the minerals were by the Land Company.

As I think I have already explained to you, either by letter or at personal interview, the early connection between these corporations was so close that in dealing with the Department or with the surface purchaser, each acted for the other on request according to convenience at the time, but as between themselves the Land Company and its successors was the one entitled to both surface and minerals. This applies generally to all of the under rights which have been the subject of activity during the past two or three years.

As you know the bulk of the recently patented under-rights have come through in the name of the Railway Company who will transfer to the Land Company or its nominees and it is thought therefore that these 11 quarters may as well be patented to the Railway Company to be dealt with along with the others, rather than that we should now ask for a separate assignment of these particular parcels and have the patents for same issue to the Land Company. I hope this procedure will be agreeable to the Department and I enclose herewith executed original assignment in duplicate by the Calgary & Edmonton Land Co. Ltd. in favor of the Calgary & Edmonton Railway Company.

Mr. Laird is to be in Ottawa next week seeing you about related matters and I am sending him an extra copy of this letter in case there is anything about it that you wish to discuss with him.

Dear Sir.

In re my application for a second homestead which was refused by your department a few months ago, I wish to call your attention to a fact which I neglected to emphasize in former communications and which the Land Agent in Calgary advised me to call to your attention.

This is, that I lived a year on my first homestead S. 28. T. 20. R. 1. W. 5 P.M. during the years 1883, 84, built a house and stable and made other improvements but was unable to obtain outlets owing to that it comprised part of a strip of land under lease to the Stock Creek Ranche Co. This portion of their lease was cancelled sometime afterwards. Hoping that this has a favourable bearing on my case I am

Re E. ½ Sec. 23-20-1, W. 4th Mer.

Gentlemen:-

I beg to acknowledge receipt of your letter of the 14th ultimo with further reference to the above described property, particularly the mineral rights therein. Since this property including the under-rights passed from the control of the Crown in Right as the Department of the Interior is concerned a on the issue of letters patent therefor in the years 1894 and 1896, the Department now has no jurisdiction over the minerals.

It would appear from the statements contained in your correspondence that title to the mineral rights in this property is now in the Soldier Settlement Board of Canada, which Board for the purposes of acquiring, holding and conveying property is deemed a body corporate according to the provisions of The Soldier Settlement Act. Under the circumstances, copy of your correspondence in this matter is being forwarded to the Secretary of the Soldier Settlement Board, Ottawa, for attention, and you may doubt, will hear from that officer in the near future.

Dear Sir,

re: [illegible] 20-1-[illegible].5th Mer. Alberta.
Your file [illegible]-142, [illegible]-42, [illegible]-1436.

We are solicitors for Mr. [illegible] Bruner and Stuart, B.C. You are under a misapprehension. Mr. Bruner is not making any claim against your Department, Soldiers Overseas. He is making a claim against those from whom he purchased the [illegible] and was willing to accept the above half section, and who, ignoring the fact that they sold to him, re-sold to another party.

The Solicitor for this party, Major Duncan Stuart, considered that you would not take a technicality, and wrote us in the matter.

We, as Solicitors for Mr. Bruner, never made any request of you.

We understand the Department is retaining the interest which, if they are not returned to those who originally sold them, should be transferred to the unfortunate soldier.

We did not think it was the object of the Soldiers Settlement Board to make profit out of the unfortunate men who went to the front to defend their country.

We enclose a copy of this letter to the Minister of the Interior.

We are,
Yours truly,

Dear Sir,

I made application at the land office at Calgary for a second homestead entry but they would not consider my application until I had submitted to your department the following facts and had your decision that I and was entitled to the same.

I made my entry for the south quarter east half of S. 26 T. 20. R. 1. Sir

In reply to your letter of the 7th inst. No 1082034 I have to say that I have a few more important facts to submit to you which I hope will enable you to reconsider your decision in regards my right to enter for a second

to impress upon you the fact that when I received my patent, I had a good house and barn on the place and had it stocked with a thousand head of sheep from the date of my entry (10 months) to the 1st of June 1904 and that during that time I was not in active residence but lived continuously during that period within a mile and a half of my homestead. This I think will be sufficient to entitle me to my patent on the 1st of June 1904
